Emergent Strategy adrienne maree

brown, 2017-03-20 In the tradition of Octavia Butler, here is radical self-help, society-help, and planet-help to shape the futures we want. Change is constant. The world, our bodies, and our minds are in a constant state of flux. They are a stream of ever-mutating, emergent patterns. Rather than steel ourselves against such change, Emergent Strategy teaches us to map and assess the swirling structures and to read them as they happen, all the better to shape that which ultimately shapes us, personally and politically. A resolutely materialist spirituality based equally on science and science fiction: a wild feminist and afro-futurist ride! adrienne maree brown, co-editor of Octavia's Brood: Science Fiction from Social Justice Movements, is a social justice facilitator, healer, and doula living in Detroit.

American Earth Bill McKibben, 2008 Author and activist McKibben gathers the essential American writings that changed the way the public looks at the natural world. American Earth features essays by Walt Whitman, Rachel Carson, Barbara Kingsolver, Michael Pollan, and dozens more.

This House of Sky Ivan Doig, 1980-02-19 National Book Award Finalist: A "beautifully written, deeply felt" memoir about growing up in the American West (Los Angeles Times). Ivan Doig grew up in the rugged wilderness of western Montana among the sheepherders and denizens of small-town saloons and valley ranches. What he deciphers from his past with piercing clarity is not only a raw sense of land and how it shapes us, but also of

the ties to our mothers and fathers, to those who love us, and our inextricable connection to those who shaped our values in our search for intimacy, independence, love, and family. A powerfully told story, *This House of Sky* is uniquely American—yet also universal in its ability to awaken a longing for an explicable past. “Engrossing and moving.”—Time

Noah's Compass Anne Tyler, 2010-01-05 Liam Pennywell, who set out to be a philosopher and ended up teaching fifth grade, never much liked the job at that run-down private school, so early retirement doesn't bother him. But he is troubled by his inability to remember anything about the first night that he moved into his new and spare condominium on the outskirts of Baltimore. All he knows when he wakes up the next day in the hospital is that his head is sore and bandaged. His effort to recover the moments of his life that have been stolen from him leads him on an unexpected detour. What he needs is someone who can do the remembering for him. What he gets is . . . well, something quite different.

Avelynn Marissa Campbell, 2015-09-08 This dazzling debut brings the Dark Ages to light and illuminates one Saxon noblewoman's romance with a Viking warrior and her struggle to find her path in a changing and dangerous world 869. For eighteen years, Avelynn, the beautiful and secretly pagan daughter of the Ealdorman of Somerset, has lived in an environment of love, acceptance, and equality. Somerset has flourished under twenty years of peace. But with whispers of war threatening their security, Avelynn's father

makes an uncompromising decision that changes her life forever. Forced into a betrothal with Demas, a man who only covets her wealth and status, Avelynn's perception of independence is shattered. With marriage looming, she turns to her faith, searching for answers in an ancient ritual along the coast, only to find Alrik The Blood-Axe and sixty Viking berserkers have landed. In a year of uncertainty that sees Avelynn discover hidden powers, stumble into a passionate love affair with Alrik, and lead men into battle, Avelynn must walk a fine line as her deceptions mount and Demas' tactics to possess her become more desperate and increasingly brutal. Avelynn and Alrik are caught in the throes of fate as they struggle to find the way back to themselves and onwards to each other.

Counter Wokecraft Charles Pincourt, 2021 The Woke ideology is colonizing Western Civilization. This ideology views the world through a Marxist-inspired lens of “systemic power dynamics” that divides us between the “privileged” and the “oppressed.” This colonization has successfully captured many of our noblest and most vital institutions through time-tested strategies and tactics. People from almost every sector of life are concerned about this capture but feel paralyzed and helpless as this ideology activates itself and wields its power. The good news is that Woke tactics are predictable and can be countered. This guide is an invaluable contribution to understanding, recognizing, and ultimately countering “Wokecraft” wherever it appears. While the guide is tailored to the university, its lessons are applicable throughout government, K-12

education, the private sector, churches, and even formal and informal affinity groups. This makes the guide a much-needed contribution as people seek to push back against the destructive Woke ideology.

The American Canon: Literary Genius from Emerson to Pynchon Harold Bloom, 2019-10-15 Our foremost literary critic on our most essential writers, from Emerson and Whitman to Hurston and Ellison, from Faulkner and O'Connor to Ursula K. LeGuin and Philip Roth. No critic has better understood the ways writers influence one another—how literary traditions are made—and no writer has helped readers understand this better, than Harold Bloom. Over the course of a remarkable sixty-year career, in such bestselling books as *The Western Canon*, *Shakespeare: The Invention of the Human*, and *How to Read and Why*, Bloom brought enormous insight and infectious enthusiasm to the great writers of the Western tradition, from Shakespeare and Cervantes to the British Romantics and the Russian masters. Now, for the first time, comes a collection of his brilliant writings about the American tradition, the ultimate guide to our nation's literature. Assembled with David Mikics (*Slow Reading in a Hurried Age*), this unprecedented collection gathers five decades' worth of Bloom's writings—much of it hard to find and long unavailable—including essays, occasional pieces, and introductions as well as excerpts from his books. It offers deep readings of 47 essential American writers, reflecting on the surprising ways they have influenced each other across more than two centuries. The story it tells, of

American literature as a recurring artistic struggle for selfhood, speaks to the passion and power of the American spirit. All of the visionary American writers who have long preoccupied Bloom—Emerson and Whitman, Hawthorne and Melville, and Dickinson, Faulkner, Crane, Frost, Stevens, and Bishop—make their appearance in *The American Canon*, along with Hemingway, James, O'Connor, Ellison, Hurston, Le Guin, Ashbery and many others. Bloom's passion for these classic writers is contagious, and he reminds readers how they have shaped our sense of who we are, and how they can summon us to be better versions of ourselves. Bloom, Mikics writes, "is still our most inspirational critic, still the man who can enlighten us by telling us to read as if our lives depended on it: Because, he insists, they do." For readers who want to deepen their appreciation of American literature, there's no better place to start than *The American Canon*.

Last Bus to Wisdom Ivan Doig, 2016-08-16 Named a Best Book of the Year by the Seattle Times and Kirkus Review The final novel from a great American storyteller. Donal Cameron is being raised by his grandmother, the cook at the legendary Double W ranch in Ivan Doig's beloved Two Medicine Country of the Montana Rockies, a landscape that gives full rein to an eleven-year-old's imagination. But when Gram has to have surgery for "female trouble" in the summer of 1951, all she can think to do is to ship Donal off to her sister in faraway Manitowoc, Wisconsin. There Donal is in for a rude surprise: Aunt Kate—bossy, opinionated, argumentative, and

tyrannical—is nothing like her sister. She henpecks her good-natured husband, Herman the German, and Donal can't seem to get on her good side either. After one contretemps too many, Kate packs him back to the authorities in Montana on the next Greyhound. But as it turns out, Donal isn't traveling solo: Herman the German has decided to fly the coop with him. In the immortal American tradition, the pair light out for the territory together, meeting a classic Doigian ensemble of characters and having rollicking misadventures along the way. Charming, wise, and slyly funny, *Last Bus to Wisdom* is a last sweet gift from a writer whose books have bestowed untold pleasure on countless readers.

Double Take Kevin Michael Connolly, 2009-10-13

"Kevin Connolly has used an unusual physical circumstance to create a gripping work of art. This deeply affecting memoir will place him in the company of Jeanette Walls and Augusten Burroughs." — Sara Gruen, author of *Water for Elephants*
"Charming ... Connolly recounts growing up a scrappy Montana kid—one who happened to be born without legs... [Double Take] makes for an empowering read." — *People* As featured on 20/20, NPR, and in the *Washington Post*: Kevin Connolly is a young man born without legs who travels the world—by skateboard, with his camera—on his "Rolling Exhibition," snapping pictures of peoples'

reactions to him... and finds out along the way what it truly means to be human.

On the Road Again William Wyckoff, 2011-10-17 In

On the Road Again, William Wyckoff explores Montana's changing physical and cultural landscape by pairing photographs taken by state highway engineers in the 1920s and 1930s with photographs taken at the same sites today. The older photographs, preserved in the archives of the Montana Historical Society, were intended to document the expenditure of federal highway funds. Because it is nearly impossible to photograph a road without also photographing the landscape through which that road passes, these images contain a wealth of information about the state's environment during the early decades of the twentieth century. To highlight landscape changes -- and continuities -- over more than eighty years, Wyckoff chose fifty-eight documented locations and traveled to each to photograph the exact same view. The pairs of old and new photos and accompanying interpretive essays presented here tell a vivid story of physical, cultural, and economic change. Wyckoff has grouped his selections to cover a fairly even mix of views from the eastern and western parts of the state, including a wide assortment of land use settings and rural and urban landscapes. The photo pairs are organized in thirteen "visual themes," such as forested areas, open spaces, and sacred spaces, which parallel landscape change across the entire American West. A close, thoughtful look at these photographs reveals how crops, fences, trees, and houses shape the everyday landscape, both in the first quarter of the twentieth century and in the present. The photographs offer an intimate view into Montana, into how Montana has changed in the

past eighty years and how it may continue to change in the twenty-first century. This is a book that will captivate readers who have, or hope to have, a tie to the Montana countryside, whether as resident or visitor. Regional and agricultural historians, geographers and geologists, and rural and urban planners will all find it fascinating.

Birthing the West Jennifer J. Hill, 2022-03

Birthing the West: Mothers and Midwives in the Rockies and Plains shows how women and mothers constructed citizens, and how public health entities usurped that role, with varied long-term impacts on women, men, families, community, and American identity--

My Ideal Bookshelf Thessaly La Force, 2012-11-13

The books that we choose to keep -- let alone read -- can say a lot about who we are and how we see ourselves. In *My Ideal Bookshelf*, dozens of leading cultural figures share the books that matter to them most; books that define their dreams and ambitions and in many cases helped them find their way in the world. Contributors include Malcolm Gladwell, Thomas Keller, Michael Chabon, Alice Waters, James Patterson, Maira Kalman, Judd Apatow, Chuck Klosterman, Miranda July, Alex Ross, Nancy Pearl, David Chang, Patti Smith, Jennifer Egan, and Dave Eggers, among many others. Holding Change adrienne maree brown, 2021-04-22

Facilitation and mediation are important skills in

our highly organized world. Holding Change is a guide for attending to both in ways that align with nature, with pleasure, with our best imaginings of our future. It provides lessons for generating the ease necessary to move through life's inevitable struggles and for practicing the art of holding others without losing ourselves. Black feminists have evolved this wisdom, but it can serve anyone working to create change, individually, interpersonally, and within our organizations. The majority of the book is sourced from brown's twenty-plus years of facilitation and mediation work, with additional wisdom from a selection of living Black feminist facilitators and mediators.

The Book Whisperer Donalyn Miller, 2009-03-16
Turn any student into a bookworm with a few easy and practical strategies Donalyn Miller says she has yet to meet a child she can't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue the reading habit after they've finished with your class Data from student surveys and end-of-year feedback that proves how well the

Miller Method works The Book Whisperer includes a dynamite list of recommended kid lit that helps parents and teachers find the books that students really like to read.

Women's Work Chris Crisman, 2020-03-03 "A beautiful book that provides genuine encouragement and inspiration. Vivid portrait photography and accompanying essays declare that all work is women's work." –Kirkus Reviews (starred review) In this stunning collection, award-winning photographer Chris Crisman documents the women who pioneered work in fields that have long been considered the provinces of men—with accompanying interviews on how these inspiring women have always paved their own ways. Today, young girls are told they can do—and be—anything they want when they grow up. Yet the unique challenges that women face in the workplace, whether in the boardroom or the barnyard, have never been more publicly discussed and scrutinized. With *Women's Work*, Crisman pairs his award-winning, striking portrait photography of women on the job with poignant, powerful interviews of his subjects: women who have carved out unique places for themselves in a workforce often dominated by men, and often dominated by men who have told them no. Through their stories, we see not only the ins and outs of their daily work, but the emotional and physical labors of the jobs they love. *Women's Work* is a necessary snapshot of how far we've come and where we're heading next—their stories are an inspiration as well as a call to action for future generations of women at work. *Women's Work* features more than sixty beautiful photographs,

including Alison Goldblum, contractor; Anna Valer Clark, ranch owner; Ayah Bdeir, CEO of littleBits; Beth Beverly, taxidermist; Carla Hall, blacksmith; Cherise Van Hooser, funeral director; Jordan Ainsworth, gold miner; Magen Lowe, correctional officer; Mindy Gabriel, firefighter; Nancy Poli, pig farmer; Katherine Kallinis Berman and Sophie Kallinis LaMontagne, Founders of Georgetown Cupcake; Doris Kearns Goodwin, presidential biographer; Sophi Davis, cowgirl; Abingdon Welch, pilot; Christy Wilhelmi, beekeeper; Connie Chang, chemical engineer; Danielle Perez, comedienne; Indra Nooyi, former CEO of PepsiCo; Lisa Calvo, oyster farmer; Mia Anstine, outdoor guide; Meejin Yoon, architect; Yoky Matsuoka, a tech VP at Google; and many more.

Typeset in the Future Dave Addey, 2018-12-11 A designer's deep dive into seven science fiction films, filled with "gloriously esoteric nerdery [and] observations as witty as they are keen" (Wired). In *Typeset in the Future*, blogger and designer Dave Addey invites sci-fi movie fans on a journey through seven genre-defining classics, discovering how they create compelling visions of the future through typography and design. The book delves deep into 2001: A Space Odyssey, Star Trek: The Motion Picture, Alien, Blade Runner, Total Recall, WALL·E, and Moon, studying the design tricks and inspirations that make each film transcend mere celluloid and become a believable reality. These studies are illustrated by film stills, concept art, type specimens, and ephemera, plus original interviews with Mike Okuda (Star Trek), Paul Verhoeven (Total Recall), and Ralph

Eggleston and Craig Foster (Pixar). Typeset in the Future is an obsessively geeky study of how classic sci-fi movies draw us in to their imagined worlds.

The Host Stephenie Meyer, 2010-04-26 Melanie Stryder refuses to fade away. The earth has been invaded by a species that take over the minds of their human hosts while leaving their bodies intact, and most of humanity has succumbed. Wanderer, the invading soul who has been given Melanie's body, knew about the challenges of living inside a human: the overwhelming emotions, the too vivid memories. But there was one difficulty Wanderer didn't expect: the former tenant of her body refusing to relinquish possession of her mind. Melanie fills Wanderer's thoughts with visions of the man Melanie loves -- Jared, a human who still lives in hiding. Unable to separate herself from her body's desires, Wanderer yearns for a man she's never met. As outside forces make Wanderer and Melanie unwilling allies, they set off to search for the man they both love. Featuring what may be the first love triangle involving only two bodies, *The Host* is a riveting and unforgettable novel that will bring a vast new readership to one of the most compelling writers of our time.

Readicide Kelly Gallagher, 2023-10-10 Read-icide: The systematic killing of the love of reading, often exacerbated by the inane, mind-numbing practices found in schools. Reading is dying in our schools. Educators are familiar with many of the factors that have contributed to the decline, poverty, second-language issues, and the

ever-expanding choices of electronic entertainment. In this provocative book *Readicide: How Schools are Killing Reading and What You Can Do About It*, author and teacher Kelly Gallagher suggests it is time to recognize a new and significant contributor to the death of reading: our schools. *Readicide*, Gallagher argues that American schools are actively (though unwittingly) furthering the decline of reading. Specifically, he contends that the standard instructional practices used in most schools are killing reading by: Valuing standardized testing over the development of lifelong readers Mandating breadth over depth in instruction Requiring students to read difficult texts without proper instructional support and insisting students focus on academic texts Ignoring the importance of developing recreational reading Losing sight of authentic instruction in the looming shadow of political pressures *Readicide* provides teachers, literacy coaches, and administrators with specific steps to reverse the downward spiral in reading-; steps that will help prevent the loss of another generation of readers.
