Glass Plates and Wooden Boats Matthew P. Murphy,2006 For forty years after the turn of last century, Willard Jackson trolled the waters off Marblehead, Massachusetts, in a custom motor launch carrying a wooden camera and a box of glass-plate negatives. His quarry? Any vessel that made its way into and out of that mecca of American sailing. Over a century later, the archive of several thousand pictures he collected stands as a one-of-a-kind record of the early development of the American yacht. Matthew Murphy, editor of WoodenBoat magazine, uses Jackson's remarkable work to trace the history of the pleasure sailboat. Each of 75 sharp, breathtaking images is accompanied by a 300-word caption.

Chesapeake Bay Deck Boats Larry S. Chowning,2021-04-12 During the 1880s, Chesapeake Bay boatbuilders began constructing small wooden open boats, referred to as deadrise boats, out of planks with V-shaped bows. As boatbuilders created larger deadrise boats, decks were installed to provide more work and payload space; these deck boats also had a house/pilothouse near the stern and a mast closer to the bow of the boat. Deck boats were powered by gasoline engines but also utilized sails and wind. From the 1910s to the 1940s, auxiliary steadying sails were raised to help steady the boat when encountering adverse seas. More deck boats were built in the 1920s than in any other decade. Over the history of the boats, several thousand worked the bay in the freight business, were used to buy and plant oysters, worked in the bay's pound net fishery, and dredged for crabs and oysters. Approximately 40 boats are left on the bay. A few still work the water. Some have found new life as recreational yachts, and others are education boats owned by museums and nonprofits. In 2004, boat owners formed the Chesapeake Bay Buyboat Association, which holds an annual rendezvous at different ports as a way to educate the public about this unique aspect of Chesapeake Bay maritime history.

Each has her own complicated issues and is struggling with the difficult process of letting go, but when a cache of old letters spurs them to visit Ireland, each woman comes to see herself in a new light. True-to-life sisters, the beach, laughter, and passionate love—*The Silver Boat* is Luanne Rice at her very best.

They swim and build sandcastles, and while Nonna reads, Ellie watches the other children play. One day Ellie builds up the courage to approach an older girl playing on her own in a beached rowboat. When Piper has to leave, Ellie discovers she has her own vivid imagination.

Yacht Designs William Garden,2017-04 Garden's career as both a yacht designer and builder spanned well over six decades and untold hundreds of boats sailing canoes, salmon trollers, tugboats, cruising ketches, gaff-rigged cutters with plumb stems, easily built pocket cruisers, racers, luxury yachts, trading schooners, pulling boats, classic power launches, production fiberglass cruisers and patrol boats. Such a great variety of boats each given his special touch. Garden's writing style is just as far-ranging and eclectic as his boats, whimsical and informative, light-hearted yet solidly grounded, serious, thought-provoking and thoroughly engaging. In short, as good as his drawings. The original edition of *Yacht Designs* was published in 1977 and, after several printings, had gone completely out of print. In his moreorless retirement, Bill Garden had time to write more of the essays on his own designs that made him a popular feature of *The Rudder* magazine. He revised and expanded the essays from the original edition and added over 30 more boats, many never before published, and even a few dream ships that were never built, all combined and brought together in this volume. Each essay is as different as the boat it describes, sometimes explaining the building process or a particular aspect of it in detail, or the events that led to a design, or the individuals involved, or the evolution of a yacht type, or Bill's own unique outlook on life and the boats he loved. So pick a boat and climb aboard, or just start at the beginning and go on to the end. You might just find your own dream ship in these pages. See why Bill Garden has been an inspiration to succeeding generations of yacht designers! We can only thank God for his talent and generosity in encouraging and mentoring us, and his hospitality at his island office.

Laura Lamont's Life in Pictures Emma Straub,2012-09-04 A Bookpage Best Books of 2012 pick The enchanting story of a midwestern girl who escapes a family tragedy and is remade as a movie star during Hollywood's golden age. In 1920, Elsa Emerson, the youngest and blondest of three sisters, is born in idyllic Door County, Wisconsin. Her family owns the Cherry County Playhouse, and more than anything, Elsa relishes appearing onstage, where she soaks up the approval of her father and the embrace of the audience. But when tragedy strikes her family, her acting becomes more than a child's game of pretend. While still in her teens, Elsa marries and flees to Los Angeles. There she is discovered by Irving Green, one of the most powerful executives in Hollywood, who refashions her as a serious, exotic brunette and renames her Laura Lamont. Irving becomes Laura's great love; she becomes an Academy Award-winning actress—and a genuine movie star. Laura experiences all the glamour and extravagance of the heady pinnacle of stardom in the studio-system era, but ultimately her story is a timeless one of a woman trying to balance career, family, and personal happiness, all while remaining true to herself. Ambitious and richly imagined, *Laura Lamont's Life in Pictures* is as intimate—and as bigger-than-life—as the great films of the golden age of Hollywood. Rescue Pilot Jerry Grayson, 2015-03-12 Jerry Grayson is an ordinary man who chose an extraordinary career. At age 17 he became the youngest helicopter pilot to ever serve in the Royal Navy. By age 25 he was the most decorated peacetime naval pilot in history. For the Navy's Search and Rescue pilots, getting to work is both an adventure and an ordeal. Whether rescuing a wounded fighter pilot who has ditched in the sea, saving desperate survivors from a sinking ship, or picking up a grievously ill crewman from the deck of a nuclear-armed submarine that is playing a cat-and-mouse game with the Soviet navy, Jerry Grayson has lived a life of unparalleled excitement and adventure. His finest hour came during the infamous Fastnet Yacht Race of 1979 in which 25 yachts were lost. When a catastrophic storm enveloped the competitors he and his crew pushed their Wessex helicopter to its absolute limits and put their own lives at risk, flying into hurricane-force winds to winch shipwrecked sailors from heaving tempestuous seas. An investiture at Buckingham Palace with Her Majesty the Queen was the result. Being a Rescue Pilot is a fast-paced career because there is no choice. Lives are at stake and pilots must move and think fast. Jerry Grayson's inside view of this heroic service is as inspirational as it is celebratory. Excitingly told, frequently funny but also very poignant, Jerry's story is not an account of just one man's deeds, it is a salute to all the men and women he worked with who were able to turn tragedies into triumphs. Includes a Foreword by HRH The Duke of York, Prince Andrew, Commodore-in-Chief of the Fleet Air Arm.

Boats with an Open Mind: Seventy-Five Unconventional Designs and Concepts Philip C. Bolger, 1994 Based on the author's articles from various magazines, these unconventional sail and power boat designs include dinghies, pirogues, row boats, schooners, catamarans, dugouts, houseboats, and more.

Island Richard Laymon, 2012-06-07 A luxury cruise. A desert island. A deadly killer. Breath-taking suspense and vivid moments of terror in the gripping horror novel, *Island*, by Richard Laymon. Perfect for fans of Joe Hill and Dean Koontz. 'Shocking stuff. *Island* is hard-written, blunt and a thriller reader's treat. Laymon enthrals you with no-holds-barred material' – Ipswich Evening Star When Rupert Conway set out on a cruise with seven other people, he planned to swim a little, get some sun and relax. He certainly didn't plan to get shipwrecked. But after the yacht blew up, that's what happened – he and his shipmates were stranded on a deserted island. Luckily for them, the island has plenty of fresh water and enough food to last until they get rescued. And luckily for Rupert, most of his fellow castaways are attractive women. But that's where his luck ran out – because the castaways aren't alone on the island. In the dense jungle beyond the beach there's a maniac on the loose, a killer with a murderous heart, a clever mind and a taste for blood. He doesn't like his new neighbours and he plans to slaughter them all... one by one. What readers are saying about *Island*: 'His story-telling ability is excellent with characters and shockers to fulfil any reader's desires... it is not long before the sands of this lovely beach are soaked blood red! At one point I remember literally jumping with shock' 'Island blew me away. Right from the very first sentence to the climactic ending, this book is very hard to put down' 'A must read, even if just for the last line'

Key West Lynn M. Homan, Thomas Reilly, 2000 Much more than the typical vacation destination, Key West combines a free-spirited ambiance with magnificent coral reefs, a unique historic legacy with an enduring artistic sensibility. For centuries, explorers and adventurers, immigrants and entrepreneurs, artists and wanderers have come to the island oasis, and today Key West, a city like no other, is home to them all. Through hurricanes, fires, labor strikes, and the tourism boom, the community of Key West has sustained a unique way of life and attracted a wide variety of people to its shores, including such famous figures as writers Ernest Hemingway and Tennessee Williams, President Harry Truman, and musician Jimmy Buffett. Whether strolling through the downtown historic district, searching eclectic shops for one-of-a-kind treasures, enjoying a piece of key lime pie, or participating in the look-alike contest during Hemingway Days, Key West offers endless opportunities for pleasure. The landmarks, the people, and the continuing story of Key West are the entertaining subject of this new photographic tribute.

Overbooked Elizabeth Becker, 2016-02-23 Travel is no longer a past-time but a colossal industry, arguably one of the biggest in the world and second only to oil in importance for many poor countries. One out of 12 people in the world are employed by the tourism industry which contributes \$6.5 trillion to the world's economy. To investigate the size and effect of this new industry, Elizabeth Becker traveled the globe. She speaks to the Minister of Tourism of Zambia who thinks licensing foreigners to kill wild animals is a good way to make money and then to a Zambian travel guide who takes her to see the rare endangered sable antelope. She travels to Venice where community groups are fighting to stop the tourism industry from pushing them out of their homes, to France where officials have made tourism their number one industry to save their cultural heritage; and on cruises speaking to waiters who earn \$60 a month--then on to Miami to interview their CEO. Becker's sharp depiction reveals travel as a product; nations as stewards. Seeing the tourism industry from the inside out, the world offers a dizzying range of travel options but very few quiet getaways--

Wish You Were Here Jodi Picoult, 2021-11-30 #1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *The Book of Two Ways* comes “a powerfully evocative story of resilience and the triumph of the human spirit” (Taylor Jenkins Reid, author of *The Seven Husbands of Evelyn Hugo* and *Daisy Jones & The Six*) Rights sold to Netflix for adaptation as a feature film • Named one of the best books of the year by *She Reads* Diana O’Toole is perfectly on track. She will be married by thirty, done having kids by thirty-five, and move out to the New York City suburbs, all while climbing the professional ladder in the cutthroat art auction world. She’s an associate specialist at Sotheby’s now, but her boss has hinted at a promotion if she can close a deal with a high-profile client. She’s not engaged just yet, but she knows her boyfriend, Finn, a surgical resident, is about to propose on their romantic getaway to the Galápagos—days before her thirtieth birthday. Right on time. But then a virus that felt worlds away has appeared in the city, and on the eve of their departure, Finn breaks the news: It’s all hands on deck at the hospital. He has to stay behind. You should still go, he assures her, since it would be a shame for all of their nonrefundable trip to go to waste. And so, reluctantly, she goes. Almost immediately, Diana’s dream vacation goes awry. Her luggage is lost, the Wi-Fi is nearly nonexistent, and the hotel they’d booked is shut down due to the pandemic. In fact, the whole island is now under quarantine, and she is stranded until the borders reopen. Completely isolated, she must venture beyond her comfort zone. Slowly, she carves out a connection with a local family when a teenager with a secret opens up to Diana, despite her father’s suspicion of outsiders. In the Galápagos Islands, where Darwin’s theory of evolution by natural selection was formed, Diana finds herself examining her relationships, her choices, and herself—and wondering if when she goes home, she too will have evolved into someone completely different.
