If Anything Happens I Love You Will

McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-

winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

From Cave Man to Cave Martian Manfred "Dutch" von Ehrenfried, 2019-04-05 This book explores the practicality of using the existing subsurface geology on the Moon and Mars for protection against radiation, thermal extremes, micrometeorites and dust storms rather than building surface habitats at great expense at least for those first few missions. It encourages NASA to plan a precursor mission using this concept and employ a “Short Stay” Opposition Class mission to Mars as the first mission rather than the “Long Stay” concept requiring a mission that is too long, too dangerous and too costly for man’s first missions to Mars. Included in these pages is a short history on the uses of caves by early humans over great periods of time. It then describes the ongoing efforts to research caves, pits, tunnels, lava tubes, skylights and the associated technologies that pertain to potential lunar and Mars exploration and habitation. It describes evidence for

existing caves and lava tubes on both the Moon and Mars. The work of noted scientists, technologists and roboticists are referenced and described. This ongoing work is more extensive than one would think and is directly applicable to longer term habitation and exploration of the Moon and Mars. Emphasis is also given to the operational aspects of working and living in lunar and Martian caves and lava tubes.

Crystal Wisdom for Health Stephanie Harrison, Barbara Kleiner, 1999-09 Unlock the ancient oracle of the crystals. The included carnelian and snow quartz crystals are especially geared towards achieving and maintaining optimum health.

Action Comics (1938-) #521 Gerry Conway, Bob Rozakis, 2017-12-21 "THE DEADLY RAMPAGE OF THE LADY FOX!" In New York City, the Vixen steals a van full of furs that belong to entrepreneur Mordecai Mule. Superman, attending a function at Madison Square Garden, learns of the robbery and leaps into action! Plus, "GROW, LITTLE GROWFISH!"

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had

forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Batman & Scooby-Doo Mysteries (2021-) #2 Sholly Fisch, 2021-05-11 Scooby-Doo and Batman team up to solve the mystery of a ghost who's haunting the Batcave! Even if the ghost turns out to be a fake, that still doesn't answer the real question: How did someone get into the Batcave to stage the phony phantom-and does it mean Batman's foes have cracked the secret of his true identity?! *This Issue of The Batman and Scooby-Doo Mysteries first appeared as The Batman and Scooby-Doo Mysteries digital first Chapter 3 & Chapter 4. Customers that purchased digital first Chapter 3 & Chapter 4 of The Batman and Scooby-Doo Mysteries already have this content in their libraries.
