Bolt Action: Campaign: Battle of the Bulge Warlord Games, 2017-02-23 The Ardennes, 1944. Driven back by the Allies since D-Day, Germany launches a surprise offensive on the Western Front. This assault against the unprepared Allied lines is the opening move in one of the largest battles of World War II. This new Campaign Book for Bolt Action allows players to take command of both armies in this desperate battle, fighting it as they believe it should have been fought. New, linked scenarios, rules, troop types and Theatre Selectors provide plenty of options for novice and veteran players alike.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
