**Twenty-Second Symposium on Naval Hydrodynamics** National Research Council,Naval Surface Warfare Center, Carderock Division,Office of Naval Research,Division on Engineering and Physical Sciences,Commission on Physical Sciences, Mathematics, and Applications,Naval Studies Board,2000-03-02 The Twenty-Second Symposium on Naval Hydrodynamics was held in Washington, D.C., from August 9-14, 1998. It coincided with the 100th anniversary of the David Taylor Model Basin. This international symposium was organized jointly by the Office of Naval Research (Mechanics and Energy Conversion S&T Division), the National Research Council (Naval Studies Board), and the Naval Surface Warfare Center, Carderock Division (David Taylor Model Basin). This biennial symposium promotes the technical exchange of naval research developments of common interest to all the countries of the world. The forum encourages both formal and informal discussion of the presented papers, and the occasion provides an opportunity for direct communication between international peers.

Embedded Racism Debito Arudou,2021-11-26 Revised and updated for this Second Edition, Embedded Racism is the product of three decades of work by a scholar living in Japan as a naturalized Japanese citizen. It offers a perspective into how Japan's overlooked racial discrimination not only undermines Japan's economic future but also emboldens white supremacists worldwide.

*Human Bullets* Tadayoshi Sakurai,1906

**Capitalism From Within** David L. Howell,2018-05-04 Japan's stunning metamorphosis from an isolated feudal regime to a major industrial power over the course of the nineteenth and early twentieth centuries has long fascinated and vexed historians. In this study, David L. Howell looks beyond the institutional and technological changes that followed Japan's reopening to the West to probe the indigenous origins of Japanese capitalism.

**Essential Japanese Vocabulary** Akira Miura,2013-08-20 This is a clear, simple and compact guide to colloquial, everyday Japanese. Acquire basic proficiency in spoken Japanese. A streamlined, efficient approach. Perfect for self–learners or classroom use. Includes kanji and kana. Essential Japanese Vocabulary teaches all the Japanese grammar you need to speak and understand simple spoken Japanese. Covering only what is essential, it provides an efficient way for learners who have limited time to gain basic proficiency and begin to communicate naturally with Japanese language speakers. Intended for both self–study and classroom use the guide offers a practical course in colloquial Japanese, but leaves aside forms that are unnecessary or little used as well as those that are more important for written Japanese. In short chapters, it helps the user understand the logic of Japanese grammar, while its straightforward explanations and clear examples make learning as easy as possible. The book includes a glossary of grammatical terms and an index, as well as appendixes on Japanese pronunciation and verb conjugation. In a focused and convenient approach, Essential Japanese Vocabulary is an indispensable tool for beginners just starting to learn Japanese or a handy aid for more experience learners who wish to refresh their knowledge.

**Shock and Naturalization in Contemporary Japanese Literature** Carl Cassegård,2007-03-29 This study introduces the concepts of naturalization and naturalized modernity, and uses them as tools for understanding the way modernity has been experienced and portrayed in Japanese literature since the end of the Second World War.

The History Problem Hiro Saito,2017-04-01 Seventy years have passed since the end of the Asia-Pacific War, yet Japan remains embroiled in controversy with its neighbors over the war’s commemoration. Among the many points of contention between Japan, China, and South Korea are interpretations of the Tokyo War Crimes Trial, apologies and compensation for foreign victims of Japanese aggression, prime ministerial visits to the Yasukuni Shrine, and the war’s portrayal in textbooks. Collectively, these controversies have come to be called the “history problem.” But why has the problem become so intractable? Can it ever be resolved, and if so, how? To answer these questions author Hiro Saito mobilizes the sociology of collective memory and social movements, political theories of apology and reconciliation, psychological research on intergroup conflict, and philosophical reflections on memory and history. The history problem, he argues, is essentially a relational phenomenon caused when nations publicly showcase self-serving versions of the past at key ceremonies and events: Japan, South Korea, and China all focus on what happened to their own citizens with little regard for foreign others. Saito goes on to explore the emergence of a cosmopolitan form of commemoration taking humanity, rather than nationality, as its primary frame of reference, an approach increasingly used by a transnational network of advocacy NGOs, victims of Japan’s past wrongdoings, historians, and educators. When cosmopolitan commemoration is practiced as a collective endeavor by both perpetrators and victims, Saito argues, a resolution of the history problem—and eventual reconciliation—will finally become possible. The History Problem examines a vast corpus of historical material in both English and Japanese, offering provocative findings that challenge orthodox explanations. Written in clear and accessible prose, this uniquely interdisciplinary book will appeal to sociologists, political scientists, and historians researching collective memory, nationalism and cosmopolitanism, and international relations—and to anyone interested in the commemoration of historical wrongs. An electronic version of this book is freely available thanks to the support of libraries working with Knowledge Unlatched, a collaborative initiative designed to make high-quality books open access for the public good. *The Cambridge History of Japanese Literature* Haruo Shirane,Tomi Suzuki,2015-12-31 The Cambridge History of Japanese Literature provides, for the first time, a history of Japanese literature with comprehensive coverage of the premodern and modern eras in a single volume. The book is arranged topically in a series of short, accessible chapters for easy access and reference, giving insight into both canonical texts and many lesser known, popular genres, from centuries-old folk literature to the detective fiction of modern times. The various period introductions provide an overview of recurrent issues that span many decades, if not centuries. The book also places Japanese literature in a wider East Asian tradition of Sinitic writing and provides comprehensive coverage of women's literature as well as new popular literary forms, including manga (comic books). An extensive bibliography of works in English enables readers to continue to explore this rich tradition through translations and secondary reading.

Around the World on A Bicycle Thomas Stevens,2004-06-01 The first thing I come across is a tunnel burrowing through a hill. This tunnel was originally built the proper size, but, after being walled up, there were indications of a general cave-in; so the company had to go to work and build another thick rock-wall inside the other, which leaves barely room for the trains to pass through without touching the sides. It is anything but an inviting path around the hill; but it is far the safer of the two.

**The Folk Performing Arts** Barbara E. Thornbury,1997-03-06 CHOICE 1997 Outstanding Academic Books This is the first full-length study in English of Japan's folk performing arts covering such topics as the different categories of presentations, public policies affecting the folk performing arts, performance events within and without communities, and the folk performing arts in literature. Throughout, it addresses issues concerning the survival and preservation of traditional culture in contemporary Japan. Once largely unknown outside of their local community settings, Japan's folk performing arts have today captured universal attention. In Japan, almost every municipality is

home to one or more of the diverse dramatic, dance, narrative, and musical presentations that make up the folk performing arts. They can be seen at events that range from long-established festivals to newly created folk-culture and tourist programs. Since the 1920s, a growing body of work by folklorists, theater historians, and other academic specialists, together with literary treatment by well-known authors, brought the folk performing arts into the national cultural spotlight. The postwar Cultural Properties Protection Law conferred on them the status of legally designated cultural assets.

Iwaya's Fairy Tales of Old Japan Sazanami Iwaya,1914

**Dissenting Japan** William Andrews,2016-08-15 Conformist, mute and malleable? Andrews tackles head-on this absurd caricature of Japanese society in his fascinating history of its militant sub-cultures, radical societies and well-established traditions of dissent Following the March 2011 tsunami and Fukushima nuclear crisis, the media remarked with surprise on how thousands of demonstrators had flocked to the streets of Tokyo. But mass protest movements are nothing new in Japan and the post-war period experienced years of unrest and violence on both sides of the political spectrum: from demos to riots, strikes, campus occupations, faction infighting, assassinations and even international terrorism. This is the first comprehensive history in English of political radicalism and counterculture in Japan, as well as the artistic developments during this turbulent time. It chronicles the major events and movements from 1945 to the new flowering of protests and civil dissent in the wake of Fukushima. Introducing readers to often ignored aspects of Japanese society, it explores the fascinating ideologies and personalities on the Right and the Left, including the student movement, militant groups and communes. While some elements parallel developments in Europe and America, much of Japan's radical recent past (and present) is unique and offers valuable lessons for understanding the context to the new waves of anti-government protests the nation is currently witnessing.

**The Fighting Spirit of Japan** E. J. Harrison,2022-08-16 DigiCat Publishing presents to you this special edition of The Fighting Spirit of Japan by E. J. Harrison. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

*Musui's Story* Katsu Kokichi,2023-02-21 A series of picaresque adventures set against the backdrop of a Japan still closed off from the rest of the world, Musui's Story recounts the escapades of samurai Katsu Kokichi. As it depicts Katsu stealing, brawling, indulging in the pleasure quarters, and getting the better of authorities, it also provides a refreshing perspective on Japanese society, customs, economy, and human relationships. From childhood, Katsu was given to mischief. He ran away from home, once at thirteen, making his way as a beggar on the great trunk road between Edo and Kyoto, and again at twenty, posing as the emissary of a feudal lord. He eventually married and had children but never obtained official preferment and was forced to supplement a meager stipend by dealing in swords, selling protection to shopkeepers, and generally using his muscle and wits. Katsu's descriptions of loyalty and kindness, greed and deception, vanity and superstition offer an intimate view of daily life in nineteenth-century Japan unavailable in standard history books. Musui's Story will delight not only students of Japan's past but also general readers who will be entranced by Katsu's candor and boundless zest for life.

*Introduction to Japanese Horror Film* Colette Balmain,2008-10-14 This book is a major historical and cultural overview of an increasingly popular genre. Starting with the cultural phenomenon of Godzilla, it explores the evolution of Japanese horror from the 1950s through to contemporary classics of Japanese horror cinema such as Ringu and Ju-On: The Grudge. Divided thematically, the book explores key motifs such as the vengeful virgin, the demonic child, the doomed lovers and the supernatural serial killer, situating them within traditional Japanese mythology and folk-tales. The book also considers the aesthetics of the Japanese horror film, and the mechanisms through which horror is expressed at a visceral level through the use of setting, lighting, music and mise-en-scene. It concludes by considering the impact of Japanese horror on contemporary American cinema by examining the remakes of Ringu, Dark Water and Ju-On: The Grudge.The emphasis is on accessibility, and whilst the book is primarily marketed towards film and media students, it will also be of interest to anyone interested in Japanese horror film, cultural mythology and folk-tales, cinematic aesthetics and film theory.

*The Japanese Ground Self-Defense Force* Robert D. Eldridge,Paul Midford,2017-01-21 Based on extensive Japanese-language materials, this book is the first to examine the development of Japan's Ground Self-Defense Force. It addresses: how the GSDF was able to emerge as the post-war successor of the Imperial Japanese Army despite Japan's anti-militarist constitution; how the GSDF, despite the public skepticism and even hostility that greeted its creation, built domestic and international legitimacy; and how the GSDF has responded to changes in international and domestic environments. This path-breaking study of the world's third-largest-economic power's ground army is timely for two reasons. First, the resurgence of tensions in Northeast Asia over territorial disputes, and the emphasis recent Japanese governments have placed on using the GSDF for defending Japan's outlying islands is driving media coverage and specialist interest in the GSDF. Second, the March 11, 2011 Great East Japan Earthquake and Tsunami has focused global attention on the GSDF as Japan's lead disaster relief organization. This highly informative and thoroughly researched book provides insight for policy makers and academics interested in Japanese foreign and defense policies.

Lonely Planet Japan Lonely Planet,Rebecca Milner,Ray Bartlett,Andrew Bender,Craig McLachlan,Kate Morgan,Simon Richmond,Tom Spurling,Benedict Walker,Wendy Yanagihara,Phillip Tang,2017-08-01 Lonely Planet Japan is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Explore a bamboo grove in Arashiyama, marvel at Shinto and Buddhist architecture in Kyoto, or relax in the hot springs of Noboribetsu Onsen; all with your trusted travel companion.

Ninja Kacem Zoughari, Ph.D.,2013-07-30 Ninjutsu is the most renowned and misunderstood of all martial arts. The long history of ninjutsu is often murky; surrounded by mystery and legend. Here, for the first time, is an in-depth, factual look at the entire art of ninjutsu, including emergence of the ninja warriors and philosophy in feudal Japan; detailed historical events; its context in the development of other schools of martial arts; and the philosophies and exercises of the school today. Based on more than ten years of study and translation of authentic Japanese texts, including many that have never before been translated, this is the most comprehensive and accurate study on the art of ninjutsu ever written outside of Japan. This ninja book includes studies of ninjutsu history, philosophy, wisdom, and presents a wide range of information from authors, historians, chronicles and scrolls in order to foster a deep understanding of this shadowy art. For those who train in ninjutsu, for other martial art practitioners, for historians, and for anyone with an interest in Japanese feudal history or Japanese martial arts, The Ninja: Ancient Shadow Warriors of Japan shines a light on this enigmatic subject.

Historical Dictionary of Japanese Traditional Theatre Samuel L. Leiter,2014-10-30 This updated edition adds well over 200 plot summaries representing each theatrical form in addition to: a chronology; introductory essay; appendixes; an extensive bibliography; over 1500 cross-referenced entries on important terms; brief biographies of the leading artists and writers; and plot summaries of significant plays.
