Selp-Helf Miranda Sings,2019-06-11 #1 New York Times Bestseller In this decidedly unhelpful, candid, hilarious "how-to" guide, YouTube personality Miranda Sings offers life lessons and tutorials with her signature sassy attitude. Over six million social media fans can't be wrong: Miranda Sings is one of the funniest faces on YouTube. As a bumbling, ironically talentless, self-absorbed personality (a young Gilda Radner, if you will), she offers up a vlog of helpful advice every week on her widely popular YouTube channel. For the first time ever, Miranda is putting her advice to paper in this easy-to-follow guide, illustrated by Miranda herself. In it, you'll find instructions on everything: how to get a boyfriend (wear all black and carry a fishing net), to dressing for a date (sequins and an orange tutu), to performing magic ("Magic is Lying"), and much, much more! Miranda-isms abound in these self-declared lifesaving pages, and if you don't like it...well, as Miranda would say..."Haters, back off!"

Click, Clack, Quack to School! Doreen

Cronin,2018-07-03 They can stand in line (sort of), use indoor voices (perhaps), and are capable of sharing (rumor has it), so the Click Clack critters are ready for school...but is school ready for them? A charming addition to the award-winning

Click, Clack series from the New York Times bestselling and Caldecott winning team who brought you Click, Clack, Moo and Click, Clack, Surprise! Farmer Brown has been invited to be a guest at the elementary school's Farm Day! The animals excitedly practice their best classroom behavior: standing quietly in line, using their inside voices, and learning how to share. But then they find out that farm animals aren't actually allowed in school (who knew they were considered a health code violation?!). Rules are rules, so Farmer Brown goes to school solo—or so he thinks...for while our favorite barnyard bunch don't get high marks in rules, they do excel in disguise.

These tools inspire kids to work as hard as we are. -Kate Roberts and Maggie Beattie Roberts What's DIY Literacy? It's making your own visual teaching tools instead of buying them. Then they show how to maximize your instructional know-how with suggestions for using the tools to: make your reading and writing strategies stick motivate students to reach for their next learning goal differentiate instruction simply and quickly. Kate and Maggie are like a friendly, handy neighbor. They offer experience-honed advice for using the

Making a Great Exhibition Doro Globus, 2021-12-21
“It never occurred to me while growing up that art is an industry involving countless jobs, so if this book helps shed light to just one kid that it is a viable career option, then it has done its job, as art is indescribably important!” –Oliver Jeffers, Artist and Illustrator “This book so beautifully explains to kids what goes into making an art exhibition. It’s not just about an artist hanging something on a wall for people to see: it’s so much more lively, layered, and community-driven. Even I learned a ton about what truly goes into a fantastic art show!” –Joy Cho, Author and Founder of Oh Joy! “I wish I’d had this book when I was a kid! I always wanted my art to be in a big museum one day but, growing up in a small town, that just seemed impossible. Making a Great Exhibition is a beautifully illustrated behind-the-scenes peek at exactly how art makes its way from an artist’s mind to the big white walls of a fancy gallery. Turns out, there are a lot of

people, with some very cool jobs, who make the magic happen—and any book that shows kids (and parents!) they can grow up to have a career in the arts is okay by me!” —Danielle Krysa, *The Jealous Curator* An exciting insight into the workings of artists and museums, *Making a Great Exhibition* is a colorful and playful introduction geared to children ages 3-7 How does an artist make a sculpture or a painting? What tools do they use? What happens to the artwork next? This fun, inside look at the life of an artwork shows the journey of two artists’ work from studio to exhibition. Stopping along the way we meet colorful characters—curators, photographers, shippers, museum visitors, and more! Both illustrator and author were raised in the art world, spending their time in studios, doing homework in museum offices, and going to special openings. They have teamed up to share their experiences and love for this often mysterious world to a young audience. London-based illustrator Rose Blake is best known for her work in *A History of Pictures for Children*, by David Hockney and Martin Gayford, which has been a worldwide success. Author Doro Globus brings her love for the arts and kids together with this fun journey.

The Day-Glo Brothers Chris Barton, 2009-07-01 A discovery that made the world a brighter place! Joe and Bob Switzer were very different brothers. Bob was a studious planner who wanted to grow up to be a doctor. Joe dreamed of making his fortune in show business and loved magic tricks and problem-solving. When an accident left Bob recovering in a darkened basement, the brothers began experimenting with ultraviolet light and fluorescent paints. Together they invented a whole new kind of color, one that glows with an extra-special intensity—Day-Glo. This cover reproduction is not printed with Day-Glo colors. The actual book, however, is printed using three Day-Glo colors: Saturn Yellow, Fire Orange, and Signal Green.

The Art Lesson Tomie dePaola, 2001-12-21 Tommy knows he wants to be an artist when he grows up.

He can't wait to get to school and have real art lessons. When Tommy gets to school and finds out that the art lessons are full of rules, he is surprised and dismayed. How the wise art teacher finds a way to give Tommy the freedom to create and stay within the rules makes a wonderfully perceptive picture book about growing up and keeping one's individuality. Tomie dePaola is the author and illustrator of many beloved books for children, including the Caldecott Honor Book *Strega Nona*. Fans of all ages will be pleased to hear that *The Art Lesson* is, in fact, based on the artist's own experiences growing up, and offers a welcome glimpse into his past. This bright picture book is as covered with drawings as the walls of Tommy's parents' and grandparents' houses, and sends an inspirational message to budding artists and individualists. Break out the crayons!
