ABC Etymological Dictionary of Old Chinese Axel Schuessler, 2006-12-31 This is the first genuine etymological dictionary of Old Chinese written in any language. As such, it constitutes a milestone in research on the evolution of the Sinitic language group. Whereas previous studies have emphasized the structure of the Chinese characters, this pathbreaking dictionary places primary emphasis on the sounds and meanings of Sinitic roots. Based on more than three decades of intensive investigation in primary and secondary sources, this completely new dictionary places Old Chinese squarely within the Sino-Tibetan language family (including close consideration of numerous Tibeto-Burman languages), while paying due regard to other language families such as Austroasiatic, Miao-Yao (Hmong-Mien), and Kam-Tai. Designed for use by nonspecialists and specialists alike, the dictionary is highly accessible, being arranged in alphabetical order and possessed of numerous innovative lexicographical features. Each entry offers one or more possible etymologies as well as reconstructed pronunciations and other relevant data. Words that are morphologically related are grouped together into word families that attempt to make explicit the derivational or other etymological processes that relate them. The dictionary is preceded by a substantive and significant introduction that outlines the author's views on the linguistic position of Chinese within Asia and details the phonological and morphological properties, to the degree they are known, of the earliest stages of the Chinese language and its ancestor. This introduction, because it both summarizes and synthesizes earlier work and makes several original contributions, functions as a useful reference work all on its own.

The English Teacher's Handbook T. C. Baruah, 1991-06-01

Team Yankee Harold Coyle, 2016-09-09 This revised and updated edition of the classic Cold War novel *Team Yankee* reminds us once again might have occurred had the United States and its Allies taken on the Russians in Europe, had cooler geopolitical heads not prevailed. For 45 years after World War II, East and West stood on the brink of war. When Nazi Germany was destroyed, it was evident that Russian tank armies had become supreme in Europe, but only in counterpart to US air power. In 1945 US and UK

bombers sent a signal to the advancing Russians at Dresden to beware of what the Allies could do. Likewise when the Russians overran Berlin they sent a signal to the Allies what their land armies could accomplish. Thankfully the tense standoff continued on either side of the Iron Curtain for nearly half a century. During those years, however, the Allies beefed up their ground capability, while the Soviets increased their air capability, even as the new jet and missile age began (thanks much to captured German scientists on both sides). The focal point of conflict remained central Germany—specifically the flat plains of the Fulda Gap—through which the Russians could pour all the way to the Channel if the Allies proved unprepared (or unable) to stop them. Team Yankee posits a conflict that never happened, but which very well might have, and for which both sides prepared for decades. This former New York Times bestseller by Harold Coyle, now revised and expanded, presents a glimpse of what it would have been like for the Allied soldiers who would have had to meet a relentless onslaught of Soviet and Warsaw Pact divisions. It takes the view of a US tank commander, who is vastly outnumbered during the initial onslaught, as the Russians pull out all the cards learned in their successful war against Germany. Meantime Western Europe has to speculate behind its thin screen of armor whether the New World can once again assemble its main forces—or willpower—to rescue the bastions of democracy in time.

Solomon and Marion Lara Foot Newton, 2013-06-07 Over the years, Marion has watched her life drain away. Children and husband gone, she ekes out her life in a country utterly transformed. But it's the only home she has. As the new South Africa prepares for the World Cup finals, old divisions and suspicions seem as deep as ever, and the intruder she has been expecting, dreading and needing, arrives. Will true reconciliation turn darkness into hope? *Solomon and Marion* is a brand new play from an award winning South African writer, and it recently won the Fleur Du Cap Award for Best New South African Play. Foot is Artistic Director of the Baxter Theatre Centre and has won a bevy of South African theatre accolades. Foot has put most of her energy into helping other playwrights and theatre-makers realise their work, and she has nurtured several dozen new South African plays to their first staging. This includes producing the

international hit *Mies Julie* written and directed by Yael Farber. Her own hard-hitting plays tackle social issues and have laid bare the brutality and sickening frequency of child rape in South Africa; *Tshepang* (2002) was based on a real event, the alleged gang rape of a nine-month-old baby by six men in a remote, impoverished community. Foot used refined, ironic humour to sketch a portrait of the community, then turned everyday objects into symbols with horrific poetic effect. *Karoo Moose* (2007) returned to the subject of child rape and a rural town — a shattered, forsaken community where ‘there are no fathers’. A 15-year-old girl is sold for sex to pay off the gambling debts of her jobless and spiritually crushed father, ‘an opportunist with no opportunities’. And in *Solomon and Marion*, Foot explores the cruelty of the meaningless murders which betray her country. *Hear and Now*, *Karoo Moose* and *Tshepang* are also published by Oberon Books. Winner of the Fleur Du Cap Award for Best New South African Play

Karoo Moose Lara Foot Newton, 2009-06-11 In a remote and impoverished village in the Karoo, South Africa, a young girl, Thomaza, struggles to survive. A violent and terrifying incident and a chance encounter with an escaped moose changes her life forever. A story of pain, redemption and hope, combining traditional African storytelling and magical realism the multi-award-winning *Karoo Moose* was first produced by the Baxter Theatre, Cape Town.
