Eric J. Wittenberg

Origami City Taro Yaguchi,2020-06-23 Introducing fold-by-number, a revolutionary origami new concept in paper folding. Created by the founder of Taro’s Origami Studio, Origami City marries the joy of paper folding with the foolproof appeal of paint-by-number with the imaginative play of LEGO or Playmobils. This ingenious book is an all-in-one kit for a complete origami metropolis: 75 realistic pieces to fold with step-by-step instructions; an illustrated paper play mat; and over 100 sheets of preprinted origami paper with numbers and lines for folding. The models—houses, office buildings, cars, emergency and construction vehicles, an airport, even dogs and squirrels to run in the parks—are meticulously detailed, illustrated by Brooklyn-based artist Simon Arizpe. For ages 7 and up.

The Other End of the Leash Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

Hiroshima John Hersey,2020-06-23 Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

Designing Streets for Kids National Association of City Transportation Officials,Global Designing Cities Initiative,2019-12-12 Building on the success of their Global Street Design Guide, the National Association of City Transportation Officials (NACTO)-Global Designing Cities Initiative (GDCI) Streets for Kids program has developed child-focused design guidance to inspire leaders, inform practitioners, and empower communities around the world to consider their city from the eyes of a child. The guidance in *Designing Streets for Kids* captures international best practices, strategies, programs, and policies that cities around the world have used to design streets and public spaces that are safe and appealing to children from their earliest days. The guidance also highlights tactics for engaging children in the design process, an often-overlooked approach that can dramatically transform how streets are designed and used.

The Women's Army Corps Mattie Treadwell,2019-07-29

The Life and Adventures of Nat Love Nat Love,1988 Thousands of black cowpunchers drove cattle up the Chisholm Trail after the Civil War, but only Nat Love wrote about his experiences. Born to slaves in Davidson County, Tennessee, the newly freed Love struck out for Kansas after the war. He was fifteen and already endowed with a reckless and romantic readiness. In wide-open Dodge City he joined up with an outfit from the Texas Panhandle to begin a career riding the range and fighting Indians, outlaws, and the elements. Years later he would say, I had an unusually adventurous life. That was rare understatement. More characteristic was Love's claim: I carry the marks of fourteen bullet wounds on different parts of my body, most any one of which would be sufficient to kill an ordinary man, but I am not even crippled. In 1876 a virtuoso rodeo performance in Deadwood, Dakota Territory, won him the moniker of Deadwood Dick. He became known as DD all over the West, entering into dime novels as a mysteriously dark and heroic presence. This vivid autobiography includes encounters with Bat Masterson and Billy the Kid, a soon-after view of the Custer battlefield, and a successful courtship. Love left the range in 1890, the year of the official closing of the frontier. Then, as a Pullman train conductor he traveled his old trails, and those good times bring his story to a satisfying end.

16 Cases of Mission Command Donald P., Donald Wright, Ph. D.,Ph D Donald P Wright,2013-12 For the US Army to succeed in the 21st Century, Soldiers of all ranks must understand and use Mission Command. Mission Command empowers leaders at all levels, allowing them to synchronize all warfighting functions and information systems to seize, retain, and exploit the initiative against a range of adversaries. This collection of historical vignettes seeks to sharpen our understanding of Mission Command philosophy and practice by providing examples from the past in which Mission Command principles played a decisive role. Some vignettes show junior officers following their commander's intent and exercising disciplined initiative in very chaotic combat operations. Others recount how field grade officers built cohesive teams that relied on mutual trust to achieve key operational objectives. Each historical account is complemented by an annotated explanation of how the six Mission Command principles shaped the action. For this reason, the collection is ideal for leader development in the Army school system as well as for unit and individual professional development. Mission Command places great responsibility on our Soldiers.

"The Devil's to Pay" Eric J. Wittenberg,2014-10-19 An award-winning Civil War historian’s profile of the brilliant Union cavalry officer and the strategies he employed to prevent catastrophe at Gettysburg. The Battle of Gettysburg turned the tide of the Civil War. But the outcome of the decisive confrontation between North and South might have been dramatically different if not for the actions of Brig. Gen. John Buford, commander of the Union army’s First Cavalry Division. An award-winning chronicler of America’s War between the States and author of more than a dozen acclaimed works of historical scholarship, Eric J. Wittenberg now focuses on the iconic commanding officer known to his troops as “Honest John” and “Old Steadfast.” Wittenberg describes in fascinating detail the brilliant maneuvers Buford undertook to keep Gen. Robert E. Lee’s Confederate army at bay and later rescue what remained of the devastated First and Eleventh Corps.”*The Devil’s to Pay*” celebrates the stunning military achievements of an unparalleled tactical genius at the onset of the Gettysburg Campaign and paints an unforgettable portrait of a quiet, unassuming cavalryman who recognized a possible disaster in the making and took bold action to avert it. Based on a wealth of information from primary sources, “*The Devil’s to Pay*” includes pages of illustrations, maps, and photographs, as well as a walking and driving tour of the battlefield sites where America’s history was made at a staggeringly high cost in blood. A comprehensive tactical study that is both scholarly and eminently accessible, it is an essential addition to the library of any Civil War enthusiast.

Into the Breach J. A. Karam,2010-04-01 Into the Breach is the true story of paramedics, emergency medical technicians, and heavy-rescue specialists fighting to control trauma and medical

emergencies in one of America's toughest and most violent cities: Newark, New Jersey. A riveting account that hauls readers on a first-hand tour of street medicine today, *Into the Breach* shows what really happens inside an ambulance and some of the diverse and bizarre places EMS workers tread. Through authentic accounts, every facet of emergency care is on display—from the first 911 call to patient discharge or death, including an exclusive look at what is perhaps the biggest decontamination operation ever conducted, which crews performed for victims of the September 11, 2001 terrorist attack. A hybrid profession that blends public safety and public health, EMS attracts careerists and volunteers from all sectors of society—from Boy Scouts and housewives to Fortune 500 vice presidents and work-fare recipients. The men and women that make up the Newark EMS graveyard shift, one of the busiest, full-time teams in the nation, are quintessential EMS workers: intense, irreverent, hard-working action junkies who crave autonomy and the instant gratification of solving critical problems in real time. This unflinching profile hones in on award-winning EMS workers as well as those who pollute the industry, ironically, sometimes one and the same. *Into the Breach* offers an unusual opportunity to bear witness to unimaginable suffering, heroic stoicism, and the inventiveness of American EMS workers fighting to save lives.

Touching Spirit Bear Ben Mikaelson, 2010-04-20 In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscoll in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

Beartato and the Incredible Event, 2017-03-04 Funny, all-ages comic strips starring Reginald (a bird) and his best friend Beartato (a bear-potato). What do you get when you mix *Twilight* with *The Da Vinci Code*? Who cares about that! Instead of thinking about silly questions you could be reading this book about Beartato and Reginald and sometimes Harrison is there too. Contains the Brain Problems series and the all-new short story Beartato Gets Stuck in a Tree! Anthony Clark is a cartoonist from Indiana. Besides his Beartato comics, he is illustrator and co-author (with KC Green) of the fantasy graphic novel *BACK*.

The Kite Runner Khaled Hosseini, 2007 Traces the unlikely friendship of a wealthy Afghan youth and a servant's son in a tale that spans the final days of Afghanistan's monarchy through the atrocities of the present day.

Modeling Our World Michael Zeiler, 1999 Geographic data models are digital frameworks that describe the location and characteristics of things in the world around us. With a geographic information system, we can use these models as lenses to see, interpret, and analyze the infinite complexity of our natural and man-made environments. With the geodatabase, a new geographic data model introduced with ArcInfo 8, you can extend significantly the level of detail and range of accuracy with which you can model geographic reality in a database environment.

Stargirl Jerry Spinelli, 2004-05-11 ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME • NEW YORK TIMES BESTSELLER A modern-day classic from Newbery Medalist Jerry Spinelli, this beloved celebration of individuality is now an original movie on Disney+! And don't miss the author's highly anticipated new novel, *Dead Wednesday!* *Stargirl*. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of “Stargirl, Stargirl.” She captures Leo Borlock’s heart with just one smile. She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don’t miss the sequel, *Love, Stargirl*, as well as *The Warden’s Daughter*, a novel about another girl who can't help but stand out. “Spinelli is a poet of the prepubescent. . . . No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion.” —The New York Times

The Mist Stephen King, 2017-05-23 #1 New York Times bestselling author Stephen King’s terrifying novella about a town engulfed in a dense, mysterious mist as humanity makes its last stand against unholy destruction—originally published in the acclaimed short story collection *Skeleton Crew* and made into a TV series, as well as a feature film starring Thomas Jane and Marcia Gay Harden. In the wake of a summer storm, terror descends...David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies following a freak storm. Once there, they become trapped by a strange mist that has enveloped the town. As the confinement takes its toll on their nerves, a religious zealot, Mrs. Carmody, begins to play on their fears to convince them that this is God’s vengeance for their sins. She insists a sacrifice must be made and two groups—those for and those against—are aligned. Clearly, staying in the store may prove fatal, and the Draytons, along with store employee Ollie Weeks, Amanda Dumfries, Irene Reppler, and Dan Miller, attempt to make their escape. But what’s out there may be worse than what they left behind. This exhilarating novella explores the horror in both the enemy you know—and the one you can only imagine.

The Golden Legend Nadeem Aslam, 2017-04-18 When shots ring out on the Grand Trunk Road in the fictional Pakistani city of Zamara, Nargis’s life begins to crumble around her. Soon her husband—and fellow architect—is dead and, under threat from a powerful military intelligence officer, she fears that a long-hidden truth about her past will be exposed. For weeks someone has been broadcasting people’s secrets from the minaret of the local mosque, and, in a country where even the accusation of blasphemy is a currency to be bartered, the mysterious broadcasts have struck fear in Christians and Muslims alike. A revelatory portrait of the human spirit, in *The Golden Legend*, Nadeem Aslam gives us a novel of Pakistan’s past and present—a story of corruption and resilience, of love and terror, and of the disguises that are sometimes necessary for survival.

Star Wars Paper Models Bill Scollon, 2021-10-26 This keepsake book includes pieces to build 25 detailed paper models of Star Wars vehicles from across all 9 episodes of the Skywalker saga! Each model also has a corresponding trading card that includes captivating information about each vehicle. This combination model kit and keepsake book will take you on an adventure through the entire Skywalker saga. Inside, you’ll find beautifully illustrated and highly detailed punch-out pieces and step-by-step instructions for constructing 25 iconic Star Wars vehicles, including the Millennium Falcon, a TIE fighter, and an X-wing. A collectible keepsake fact book contains fascinating story synopses and vehicle details, so you’ll discover little-known tidbits about each vehicle as you build the models. Each vehicle also comes with a collectible trading card. Star Wars fans across the spectrum will enjoy assembling and displaying this collection of replica vehicles from a galaxy far, far away.

The Voyeur's Motel Gay Talese, 2016-07-12 The controversial chronicle of a motel owner who secretly studied the sex lives of his guests by the renowned journalist and author of *Thy*

Neighbor’s Wife. On January 7, 1980, in the run-up to the publication of his landmark bestseller Thy Neighbor’s Wife, Gay Talese received an anonymous letter from a man in Colorado. “Since learning of your long-awaited study of coast-to-coast sex in America,” the letter began, “I feel I have important information that I could contribute to its contents or to contents of a future book.” The man—Gerald Foos—hen divulged an astonishing secret: he had bought a motel outside Denver for the express purpose of satisfying his voyeuristic desires. Underneath its peaked roof, he had built an “observation platform” through which he could peer down on his unwitting guests. Over the years, Foos sent Talese hundreds of pages of notes on his guests, work that Foos believed made him a pioneering researcher into American society and sexuality. Through his Voyeur’s motel, he witnessed and recorded the harsh effects of the war in Vietnam, the upheaval in gender roles, the decline of segregation, and much more. In The Voyeur’s Motel. “the reader observes Talese observing Foos observing his guests.” An extraordinary work of narrative journalism, it is at once an examination of one unsettling man and a portrait of the secret life of the American heartland over the latter half of the twentieth century (Daily Mail, UK). “This is a weird book about weird people doing weird things, and I wouldn’t have put it down if the house were on fire.” —John Greenya, Washington Times

Tomorrow to be Brave Susan Travers,2001-09-03 Wherever you go, I will go too. These were the words Susan Travers spoke to General Koenig of the Free French and the Foreign Legion of North Africa, and they were tested to the limit. Surrounded for 15 days by Rommel's Afrika Korps, Susan was awarded the Legion d'Honneur for her heroism.

Search Engines Bruce Croft,Donald Metzler,Trevor Strohman,2011-11-21 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Search Engines: Information Retrieval in Practice is ideal for introductory information retrieval courses at the undergraduate and graduate level in computer science, information science and computer engineering departments. It is also a valuable tool for search engine and information retrieval professionals. Written by a leader in the field of information retrieval, Search Engines: Information Retrieval in Practice , is designed to give undergraduate students the understanding and tools they need to evaluate, compare and modify search engines. Coverage of the underlying IR and mathematical models reinforce key concepts. The book’s numerous programming exercises make extensive use of Galago, a Java-based open source search engine.

Unveiling the Magic of Words: A Review of "**SWAT Van And Truck Paper Models For Miniatures.jpg**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**SWAT Van And Truck Paper Models For Miniatures.jpg**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.

Sometimes, authors or publishers offer promotions or free periods for certain books.Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the SWAT Van And Truck Paper Models For Miniatures.jpg full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of SWAT Van And Truck Paper Models For Miniatures.jpg eBooks, including some popular titles.

FAQs About SWAT Van And Truck Paper Models For Miniatures.jpg Books

What is a SWAT Van And Truck Paper Models For Miniatures.jpg PDF? A PDF (Portable

Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a SWAT Van And Truck Paper Models For Miniatures.jpg PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a SWAT Van And Truck Paper Models For Miniatures.jpg PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a SWAT Van And Truck Paper Models For Miniatures.jpg PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a SWAT Van And Truck Paper Models For Miniatures.jpg PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
