Music Scenes Andy Bennett, Richard A. Peterson, 2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local, translocal, and virtual - which provide the organizing framework for the

essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

Burden Falls Kat Ellis, 2021-08-24 Riverdale meets The Haunting of Hill House in the terrifying new thriller from the author of Harrow Lake. Cinematic, clever, and creepy, with a main character that leaps off the page, *Burden Falls* ticks off all my moody thriller boxes. —Goldy Moldavsky, New York Times bestselling author of *The Mary Shelley Club* and *Kill the Boy Band* The town of *Burden Falls* drips with superstition, from rumors of its cursed waterfall to Dead-Eyed Sadie, the disturbing specter who haunts it. Ava Thorn grew up right beside the falls, and since a horrific accident killed her parents a year ago, she's been plagued by nightmares in which Sadie comes calling—nightmares so chilling, Ava feels as if she'll never wake up. But when someone close to Ava is brutally murdered and she's the primary suspect, she begins to wonder if the stories might be more than legends—and if the ghost haunting her dreams might be terrifyingly real. Whatever secrets *Burden Falls* is hiding, there's a killer on the loose . . . with a vendetta against the Thorns. Reads like a horror blockbuster in the best way possible. —PopSugar Superb. —BCCB A great scary story with an even mix of heart and blood. —SLJ Gritty...Spine-tingling...Twisty. —Kirkus
