GLEEM Freddy Carrasco,2024-04-09 Imbued with cyberpunk attitude and in the rebellious tradition of afrofuturism, *GLEEM* is drawn with a fierce momentum hurtling towards a future world. Carrasco's distinct cinematic style layers detailed panels and spreads, creating a multiplicity of perspectives, at once dizzying and hypnotic. Vignettes unspool in proximity to our own social realities and expand into the outer layers of possibility. Whether in the club or a robot repair workshop, the characters in these three interconnected stories burst across frames until they practically step off the page. A boy becomes bored at church with his grandmother until he tries a psychedelic drug. A group of friends are told that they need a rare battery if they want any chance of reviving their friend. Street style and cybernetics meet and burst into riotous dancing. Kindness and violence might not be as distant from each other as we think. *GLEEM* unsettles with a confidence that could make you believe in anything.

Border Bang Jorge Guttiérrez,2018-11-13 WHEN MEXICAN FOLKORE MEETS U.S.

POP CULTURE!!!! Border Bang is a passionate love letter to the Tijuana and US border, documenting the bootleg artifacts sold to locals and tourists alike. Reappropriating the bombardment of pop culture images is the border's reaction to global issues and events, telling viewers and consumers not to glorify these situations but rather to acknowledge them through their subversive presentation. Border artisans and shysters digest the influx of international popular culture, reappropriating and reconfiguring images to express themselves and empower objects with subversive ideas masked underneath bold colors and text. Raised in Tijuana, Gutierrez crossed the border to the US to attend elementary and middle school. Each day, he was dazzled and entranced by the objects being sold, creating alternative narratives to the cartoon characters and celebrity portraits that he saw. Border Bang is a reflection of his childhood narrative, using images from Mickey Mouse to Tupac Shakur to convey the reflections and meditations of global events as witnessed by the border, exploring his love affair with Mexican pop and folk culture.

The False Princess Eilis O'Neal, 2011-01-01 Princess and heir to the throne of Thorvaldor, Nalia has led a privileged life at court. But everything changes when she learns, just after her sixteenth birthday, that she is a false princess, a stand-in for the real Nalia, who has been hidden away for her protection. Cast out with little more than the clothes on her back, the girl now called Sinda must leave behind the city, her best friend, Kiernan, and the only life she's ever known. Sent to live with her only surviving relative—a cold, scornful woman with little patience for her newfound niece—Sinda proves inept at even the simplest tasks. Then she discovers that magic runs through her veins—long-suppressed, dangerous magic that she must learn to control—and she realizes that she will

never learn to be just a simple village girl. Sinda returns to the city to seek answers. Instead, she rediscovers the boy who refused to forsake her, and uncovers a secret that could change the course of Thorvaldor's history forever. An intricately plotted and completely satisfying adventure, *The False Princess* is both an engaging tale in the tradition of great fantasy novels and a story never before told that will enchant—and surprise—its readers.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Icons Unmasked Alex Solis, 2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense déjà vu. There's something about their goofy grin, that creepy laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new? In Icons Unmasked, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever

Eventually, you will extremely discover a extra experience and execution by spending more cash. nevertheless when? accomplish you understand that you require to acquire those every needs once having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more as regards the globe, experience, some places, in the same way as history, amusement, and a
