Mindfulness and Acceptance in Social Work Matthew S. Boone,2014-05 Social work focuses on serving the most vulnerable members of society, and social workers must often address the contextual forces that contribute to human problems. Mindfulness and acceptance are powerful tools for this practice. By offering interventions like dialectical behavior therapy (DBT), mindfulness-based stress reduction (MBSR), and acceptance and commitment therapy (ACT), social workers can help their clients become more aware and take effective action. In *Mindfulness and Acceptance in Social Work*, editor and social worker Matthew S. Boone brings together contributions from emerging voices in social work, such as Elana Rosenbaum, Yuk-Lin Renita Wong, and Diana Coholic, along with ACT pioneers Kirk Strosahl, Patricia Robinson, and others. This book focuses not only on mindfulness-based interventions for direct practice, but also on the intersection of mindfulness and social work education, cultural diversity, and macro social work. It includes a framework for moving past culturally-informed biases, and for how to best utilize mindfulness interventions for both individuals and the community at large.

Murder Among Friends Candace Fleming,2022-03-29 How did two teenagers brutally murder an innocent child...and why? And how did their brilliant

lawyer save them from the death penalty in 1920s Chicago? Written by a prolific master of narrative nonfiction, this is a compulsively readable true-crime story based on an event dubbed the crime of the century. In 1924, eighteen-year-old college students Nathan Leopold and Richard Loeb made a decision: they would commit the perfect crime by kidnapping and murdering a child they both knew. But they made one crucial error: as they were disposing of the body of young Bobby Franks, whom they had bludgeoned to death, Nathan's eyeglasses fell from his jacket pocket. Multi-award-winning author Candace Fleming depicts every twist and turn of this harrowing case--how two wealthy, brilliant young men planned and committed what became known as the crime of the century, how they were caught, why they confessed, and how the renowned criminal defense attorney Clarence Darrow enabled them to avoid the death penalty. Following on the success of such books as *The Rise and Fall of Charles Lindbergh* and *The Family Romanov*, this acclaimed nonfiction writer brings to heart-stopping life one of the most notorious crimes in our country's history.

Twilight in the Desert Matthew R. Simmons, 2011-01-04 *Twilight in the Desert* reveals a Saudi oil and production industry that could soon approach a serious, irreversible decline. In this exhaustively researched book, veteran oil industry analyst Matthew Simmons draws on his three-plus decades of insider experience and more than 200 independently produced reports about Saudi petroleum resources and production operations. He uncovers a story about Saudi Arabia's troubled oil industry, not to mention its political and societal instability, which differs sharply from the globally accepted Saudi version. It's a story that is provocative and disturbing, based on undeniable facts, but until now never told in its entirety. *Twilight in the Desert* answers all readers' questions about Saudi oil and production industries with keen examination instead of unsubstantiated posturing, and takes its place as one of the most important books of this still-young century.

We Are the Luckiest Laura McKowen, 2022-01-25 “*We Are the Luckiest* is a masterpiece. It’s the truest, most generous, honest, and helpful sobriety

memoir I've read. It's going to save lives." — Glennon Doyle, #1 New York Times bestselling author of *Love Warrior: A Memoir* What could possibly be "lucky" about addiction? Absolutely nothing, thought Laura McKowen when drinking brought her to her knees. As she puts it, she "kicked and screamed . . . wishing for something — anything — else" to be her issue. The people who got to drink normally, she thought, were so damn lucky. But in the midst of early sobriety, when no longer able to anesthetize her pain and anxiety, she realized that she was actually the lucky one. Lucky to feel her feelings, live honestly, really be with her daughter, change her legacy. She recognized that "those of us who answer the invitation to wake up, whatever our invitation, are really the luckiest of all." Here, in straight-talking chapters filled with personal stories, McKowen addresses issues such as facing facts, the question of AA, and other people's drinking. Without sugarcoating the struggles of sobriety, she relentlessly emphasizes the many blessings of an honest life, one without secrets and debilitating shame.

What Happened to You? James Catchpole, 2021-03-30 The first ever picture book addressing how a disabled child might want to be spoken to. What happened to you? Was it a shark? A burglar? A lion? Did it fall off? Every time Joe goes out the questions are the same . . . what happened to his leg? But is this even a question Joe has to answer? A ground-breaking, funny story that helps children understand what it might feel like to be seen as different. 'A revolutionary book on disability.' Inclusive Storytime 'Catchpole's beautifully judged, child-friendly words ably evoke the fatigue and wariness of repeatedly being asked the same question rather than simply being accepted and allowed to play, while George's warm images amplify the delight of shared imagination.' The Guardian 'Wonderful, delightful and important. [...] Not only will it help nondisabled adults and children understand what it is like to be singled out for being different, but it will empower disabled children and help them realise they don't have to justify themselves to people they don't know.' Jen Campbell, bestselling author of *Franklin's Flying Bookshop* 'With beautifully characterful illustrations and plenty of calming white space, it exudes gentle energy and humour to appeal to every child. This is a stunningly clever book.' BookTrust 'The beauty of *What Happened to You?* is its focus on empathy... a brilliant book to open up the conversation with pre-school kids.' Disability Arts Online 'A groundbreaking picture book reflecting the world of a visibly disabled child... a funny and very enjoyable read that will nevertheless perform an urgently needed task and generate very useful discussion at home and school.' Just Sustainabilities Robert Doyle Bullard, Julian Agyeman, Bob Evans, 2012 Environmental activists and academics alike are realizing that a sustainable society must be a just one. Environmental degradation is almost always linked to questions of human equality and quality of life. Throughout the world, those segments of the population that have the least political power and are the most marginalized are selectively victimized by environmental crises. This book argues that social and environmental justice within and between nations should be an integral part of the policies and agreements that promote sustainable development. The book addresses the links between environmental quality and human equality and between sustainability and environmental justice.

Black Landscapes Matter Walter Hood, Grace Mitchell Tada, 2020-12-09 The question Do black landscapes matter? cuts deep to the core of American history. From the plantations of slavery to contemporary segregated cities, from freedman villages to northern migrations for freedom, the nation's landscape bears the

detritus of diverse origins. Black landscapes matter because they tell the truth. In this vital new collection, acclaimed landscape designer and public artist Walter Hood assembles a group of notable landscape architecture and planning professionals and scholars to probe how race, memory, and meaning intersect in the American landscape. Essayists examine a variety of U.S. places—ranging from New Orleans and Charlotte to Milwaukee and Detroit—exposing racism endemic in the built environment and acknowledging the widespread erasure of black geographies and cultural landscapes. Through a combination of case studies, critiques, and calls to action, contributors reveal the deficient, normative portrayals of landscape that affect communities of color and question how public design and preservation efforts can support people in these places. In a culture in which historical omissions and specious narratives routinely provoke disinvestment in minority communities, creative solutions by designers, planners, artists, and residents are necessary to activate them in novel ways. Black people have built and shaped the American landscape in ways that can never be fully known. *Black Landscapes Matter* is a timely and necessary reminder that without recognizing and reconciling these histories and spaces, America's past and future cannot be understood.

Hortus Europæ Americanus: Or A Collection of 85 Curious Trees and Shrubs, The Produce of North America Mark Catesby, 1767

Stars & Stripes E. Ashley Rooney, Stephanie Standish, 2015 Through 349 images, celebrate America in all her glory. Whether it's a piece to hang on a wall, to be worn, or for marketing propaganda, see how 64 artists have represented the American flag and other patriotic symbols in their work. The American flag is an iconic image that inspires many, but it has also become a complex and controversial symbol since Congress first adopted it on June 14, 1777. These artists share not only their work, but also their inspiration behind the work. Whether it's paying homage to a lost generation, 9/11, or simply American pride, the variety of art forms--from watercolor paintings to crazy quilts, oils to match-boxes, mixed media to digital--gives us a look at the cultural and political viewpoints that define the country today. Let these images serve and inspire you.

Truman Fires MacArthur (ebook excerpt of Truman) David McCullough, 2010-06-25 The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War, told by America's beloved and distinguished historian. The life of Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the twentieth centuries, Truman's story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman's own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary “man from Missouri” who was perhaps the most courageous president in our history.

Closer to the Masses Matthew Lenoe, 2004-06-30 Lenoe traces the origins of Stalinist mass culture to newspaper journalism in the late 1920s. In examining the transformation of Soviet newspapers during the New Economic Policy and the First Five Year Plan, Lenoe tells a dramatic story of purges, political intrigues, and social upheaval.

Guerrilla Girls: The Art of Behaving Badly Guerrilla Girls,2020-10-06 Guerrilla Girls: The Art of Behaving Badly is the first book to catalog the entire career of the Guerrilla Girls from 1985 to present.
