Early Morning Riser Katherine Heiny, 2021-04-13 Alternately bittersweet and laugh-out-loud funny, a wise, bighearted novel of love, disaster, and unconventional family—from the acclaimed author of *Standard Deviation*, who has been called the literary descendant of Jane Austen, sharing Austen's essentially comic world view (NPR). Jane falls in love with Duncan easily. He is charming, good-natured, and handsome but unfortunately, he has also slept with nearly every woman in Boyne City, Michigan. Jane sees Duncan's old

girlfriends everywhere—at restaurants, at the grocery store, even three towns away. While Jane may be able to come to terms with dating the world's most prolific seducer of women, she wishes she did not have to share him quite so widely. His ex-wife, Aggie, a woman with shiny hair and pale milkmaid skin, still has Duncan mow her lawn. His coworker, Jimmy, comes and goes from Duncan's apartment at the most inopportune times. Sometimes Jane wonders if a relationship can even work with three people in it—never mind four. Five if you count Aggie's eccentric husband, Gary. Not to mention all the other residents of Boyne City, who freely share with Jane their opinions of her choices. But any notion Jane had of love and marriage changes with one terrible car crash. Soon Jane's life is permanently intertwined with Duncan's, Aggie's, and Jimmy's, and Jane knows she will never have Duncan to herself. But could it be possible that a deeper kind of happiness is right in front of Jane's eyes? Katherine Heiny's *Early Morning Riser* is her most astonishingly wonderful work to date.

White Pearl Anchuli Felicia King, 2022-11-08 It's just a fun ad. Now the whole world is going crazy. In Singapore, Clearday(TM) has developed from a small startup into a leading international cosmetic brand in less than a year. But when a draft of the company's latest skin cream advert is leaked, the video goes viral globally for all the wrong reasons. YouTube views are in the thousands and keep climbing; anger is building

on social media; and journalists are starting to cover the story. This is an international PR nightmare; the company cannot be seen to be racist, they've got to get it taken down before America wakes up.

Zen drawing - a new way to become an artist Michelle Dujardin, 2014-07-25 This eBook is derived from the hardcover book called 'the Zen drawing Pack', which was published in October 2014 by Rockpoint publishers and as an eBook called 'The Zen drawing eBook' by the authors. In this eBook called 'Zen drawing - a new way to become an artist', the authors have put less emphasis on the Zen Buddhism background of Zen drawing and more emphasis on the artistic benefits that can be found by using the techniques described in the hardcover book. For instance by adding a chapter on the use of watercolors and ink. As with all their books on Zen drawing, this eBook is based on the works of Frederick Franck and Betty Edwards. In this eBook artist Michelle Dujardin helps you to awaken your inner artist and add soul to your sketches by ignoring conventional drawing techniques and focus on really seeing your subject. Michelle helps you achieve a meditative state just by changing the way you see a subject, and allow your hands to follow the movement of your eyes. When you trust your own drawing reflex, the art that you create will become more expressive and beautiful than what you've done before. Not great with a pencil? Don't worry, everyone can learn to draw this way and you don't need any special talent or class. For any level of artist, from a beginner with little talent to an illustration expert, Zen drawing is not about making perfect pictures, it is about the experience of drawing, finding inspiration, and connecting to the world around you.

Matisse's Garden Samantha Friedman, Henri Matisse, 2014-10-07 One day, Henri Matisse (1869-1954) cut a small bird out of a piece of white paper. It was a simple shape, but he liked the way it looked and didn't want to throw it away, so he pinned it to the wall of his room. But the bird looked lonely all by itself, so he cut out more shapes to join it, and before he knew it, he had transformed his walls into larger-than-life gardens filled with brightly coloured plants and animals and shapes of all sizes. Featuring colourful cut-paper illustrations and Matisse's own cut-outs, Matisse's Garden is the inspiring story of how the artist's never-ending curiosity and continuous process of trying new things helped turn a small experiment into a radical new form of art. Children will see how Matisse used nothing but paper and scissors to create simple shapes like squares, leaves and birds, and experimented with scraps of leftover paper and new colour combinations to create lush gardens on his studio walls.
