Miracle Country Kendra Atleework, 2021-06-01 WINNER OF THE SIGURD F. OLSON NATURE WRITING AWARD “Blending family memoir and environmental history, Kendra Atleework conveys a fundamental truth: the places in which we live, live on—sometimes painfully—in us. This is a powerful, beautiful, and urgently important book.” —Julie Schumacher, author of *Dear Committee Members* and *The Shakespeare Requirement* Kendra Atleework grew up in Swall Meadows, in the Owens Valley of the Eastern Sierra Nevada, where annual rainfall averages five inches and in drought years measures closer to zero. Her parents taught their children to thrive in this beautiful if harsh landscape prone to wildfires, blizzards, and gale-force winds. Above all, the Atleework children were raised on unconditional love and delight in the natural world. But when Kendra’s mother died when Kendra was just sixteen, her once-beloved desert world came to feel empty and hostile, as climate change, drought, and wildfires intensified. The Atleework family fell apart, even as her father tried to keep them together. Kendra escaped to Los Angeles, and then Minneapolis, land of tall trees, full lakes, water everywhere you look. But after years of avoiding her troubled hometown, she felt pulled back. *Miracle Country* is a moving and unforgettable memoir of flight and return, emptiness and bounty, the realities of a harsh and changing climate, and the true meaning of home. For readers of Cheryl Strayed, Terry Tempest Williams, and Rebecca Solnit, this is a breathtaking debut by a remarkable writer.

The Browns and Syed celebrate the special bond between parent and child with joy and flair...Syed's bright, cartoon illustrations enrich the tale with a meaningful message of kindness and inclusion.—Kirkus

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of

Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

My Canvas Bag Lucas Kinkaid,2022-04-14 A heart -wrenching story about a young man who is born into a family who at times, I felt that I disliked so strongly, I wish he'd have run away and never seen them again. But resilience is his best ally, humor, wit, wisdom, and bravery. This story is told so well that I was riveted to each page. I could visualize every scene unfolding through this writer's amazing words. A great book for discussions in family groups, and good for others who may have gone through a dysfunctional childhood and felt as if they were the only one. Karen Malena, Author Mark is a young man born into a bad situation. His parents drink too much, and his family often forgets him. He works hard to hide the harsh reality of his home life from those around him. Mark does this to avoid feeling shame. He escapes the chaos of his family by spending time in nearby woods. Mark keeps a canvas bag hidden close to his house. It contains blankets, a flashlight, cans of

food, a transistor radio, things to read, and more. It has everything he needs to escape from his family's dysfunction for a while. Mark truly enjoys the peace and solitude he finds in the woods. He constantly struggles with the judgments of others when it comes to his family. It hurts Mark when people share their negative opinions about, he and his family. He is often avoided by other kids and usually not included in things. The anger and resentment Mark feels increase as he gets older. He makes some bad decisions and gets into trouble. There comes a time when he must choose a path for his life. Mark decides to try and separate himself from the dysfunction of his family and past mistakes. He refuses to give up. Mark realizes he has a talent for writing and then discovers himself. He comes to understand his experiences in life have made him stronger than most people. Mark eventually makes peace with his family and his past. This results in him finally feeling good about himself. When he graduates from high school, Mark is ready to move into adulthood.

Typographic Systems of Design Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly

organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

Red Bird Mary Oliver, 2008-04-01 Red bird came all winter / firing up the landscape / as nothing else could. So begins Mary Oliver's twelfth book of poetry, and the image of that fiery bird stays with the reader, appearing in unexpected forms and guises until, in a postscript, he explains himself: For truly the body needs / a song, a spirit, a soul. And no less, to make this work, / the soul has need of a body, / and I am both of the earth and I am of the inexplicable / beauty of heaven / where I fly so easily, so welcome, yes, / and this is why I have been sent, to teach this to your heart. This collection of sixty-one new poems, the most ever in a single volume of Oliver's work, includes an entirely new direction in the poet's work: a cycle of eleven linked love poems—a dazzling achievement. As in all of Mary Oliver's work, the pages overflow with her keen observation of the natural world and her gratitude for its gifts, for the many people she has loved in her seventy years, as well as for her disobedient dog, Percy. But here, too, the poet's attention turns with ferocity to the degradation of the Earth and

the denigration of the peoples of the world by those who love power. Red Bird is unquestionably Mary Oliver's most wide-ranging volume to date.
