Kumba Africa Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by

the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Grand Prix Cars Denis Jenkinson,2015-10-02 " In compiling this brief history of Grand Prix racing, along with descriptions of the more successful cars, I have limited myself to the period since World War II as the present day Grand Prix cars are mostly derived from the development and design of the early post war years. Although many ideas were taking shape in the period of the mid-thirties – such as the use of De Dion rear axle layouts, independent front suspension systems and hydraulic brakes – the main interest lay in engine design under a free ruling on capacity. It was not until about 1950 that a renaissance began in chassis design for Grand Prix cars and from then on a great deal of knowledge was gained; enough in fact, to enable roadholding to become a very exact science rather than a hit-and-miss affair. This development in the chassis and the search for improved road holding and higher cornering power was accentuated by the beginning of the era of unsupercharged racing, when power outputs were severely curtailed and speed had to be found by other means ..." Indy Terry Reed,2005 The classic history of America s greatest auto race, updated with twenty years of new material

Imsa ,2018-08-25 In 1969, John Bishop and Bill France, Sr. acted on a collective vision to plot a new course for road racing in the United States. What began as a Formula Ford and Formula Vee race in October of 1969, quickly morphed into a sports car racing series that brought the aspirational cars people drove, or wished to drive, to compete on a racetrack. Thus the International Motor Sports Association, or IMSA as it is more commonly known, was founded, and not long after domestic and import car-makers took notice as did the leading sports car racing drivers from at home and abroad. Today, 50 years after Bishop and France hatched their plan over a glass or two of scotch, compelled by a shared passion to bring competitive racing for drivers and teams that would captivate fans and fuel the sale of sports cars in showroom across America, IMSA has stayed true to their vision. Along the way, there have been some twists. Yet, in whatever the form it was at the time, IMSA has undeniably produced a bounty of great sports car racing that often has witnessed the titans of the sport battle each other for supremacy. Today, IMSA continues to be a collection of legendary events contested by an international field of drivers and teams behind the wheel of the world's most illustrious automobile marques. Celebrating 50 years of IMSA, this book reacquaints us with just some of the people, cars and events through images and words from the sport's leading photographers and journalists that have played a role in creating IMSA's lore. Across these pages is journey of

highlights and reminiscences, facts and possibly a tale or two to recall a fraction of what has transpired throughout IMSA's history, but will certainly inspire memories of your own.

Stirling Moss Stirling Moss, Simon Taylor, 2015-05-15 In this very personal book, Stirling Moss guides the reader through his motor racing life with a fascinating, insightful and often amusing commentary to an unrivalled collection of over 300 photographs, many of which will be unfamiliar to even his most ardent fans. He takes us from his childhood to the height of his fame as 'Mr Motor Racing' and then to the sudden end of his career with that crash at Goodwood in 1962. Along the way we dwell on his finest moments as well as the setbacks, and delight in the sheer variety of machinery - almost 100 different cars - in which he competed during his rollercoaster racing life. This is a book that all motor racing enthusiasts will treasure. - Starting in 1948, he made his name in little 500cc Coopers, moving towards stardom in HWM, ERA and Cooper F2 cars, then his own F1 Maserati 250F. - The 1955 Mercedes season and its twin highlights - winning the Mille Miglia and the British Grand Prix. - His longing to win in British cars was rewarded with two fine F1 seasons at Vanwall (1957-58), with whom he came very close to winning the F1 World Championship, and sports car successes with Aston Martin. - Rear-engined Cooper and Lotus F1 cars with Rob Walker (1958-62), including two celebrated Monaco GP wins. - Two-seater variety: the amazing range of sports cars he drove included Jaguars (XK120, C-type and D-type), Maseratis (150S to 450S), Ferraris (250 GT SWB and Testa Rossa) and Porsches (550 Spyder to RS61), plus Frazer Nash Le Mans Replica, Osca, Healey 100S, Cooper 'Bobtail' and more. - Ever busy and versatile: rallying with Sunbeams, trialling a Harford special, Bonneville record-breaking with MG EX181, saloon car racing in a humble Standard Ten - and even a kart race. - Published to mark the 60th anniversary of Moss's famous win in the 1955 Mille Miglia road race in a Mercedes 300SLR. Foreword by 2014 Formula One World Champion Lewis Hamilton.
