Ian Buxton

50 Battles That Changed the World William Weir, 2018-05-29 An informative look at the military conflicts that most altered the course of history and civilization, from ancient times to the modern world. Rather than celebrating warfare, *50 Battles That Changed the World* looks at the clashes the author believes have had the most profound impact on world history. Ranked in order of their relevance to the modern world, these struggles range from the ancient past to the present day and span the globe many times over. Some of the battles in this book are familiar to us all—Bunker Hill, which prevented the American Revolution from being stillborn, and Marathon, which kept the world's first democracy alive. Others may be less familiar—the naval battle at Diu (on the Indian Coast), which led to the ascendancy of Western Civilization and the discovery of America, and Yarmuk, which made possible the spread of Islam from Morocco to the Philippines. With remarkable accounts of both famous and lesser-known clashes, *50 Battles That Changed the World* provides impressive insight into the battles that shaped civilization as we know it.

Pojazdy w Wojsku Polskim Jan Tarczyński, 1995

Storm of Steel Mary R. Habeck, 2014-08-22 In this fascinating account of the battle tanks that saw combat in the European Theater of World War II, Mary R. Habeck traces the strategies developed between the wars for the use of armored vehicles in battle. Only in Germany and the Soviet Union were truly original armor doctrines (generally known as blitzkrieg and deep battle) fully implemented. *Storm of Steel* relates how the German and Soviet armies formulated and chose to put into practice doctrines that were innovative for the time, yet in many respects identical to one another. As part of her extensive archival research in Russia, Germany, and Britain, Habeck had access to a large number of formerly secret and top-secret documents from several post-Soviet archives. This research informs her comparative approach as she looks at the roles of technology, shared influences, and assumptions about war in the formation of doctrine. She also explores relations between the Germans and the Soviets to determine whether collaboration influenced the convergence of their armor doctrines.

Tanks of the World, 1915-1945 Peter Chamberlain, Chris Ellis, 2002 It's the essential source book on tanks, an extensive pictorial history with unmatched technical illustrations and data throughout. Over 1000 photographs, with development notes, show all the tanks produced for military service by the major arms-producing countries during this crucial period. Even prototypes and experimental models appear. Arranged chronologically, from the early days of World War One to the Russian and German heavy tanks used in 1945, the entry for each vehicle has notes on design, production, and performance. Invaluable for the enthusiast and collector. A Selection of the Military Book Club.

Big Gun Monitors Ian Buxton, 2008-03-30 "Extremely well researched . . . a total account of the design, building, service, refits, and fates of the big gun monitors built for WW1 and WW2." —Malcolm Wright, author of *British and Commonwealth Warship Camouflage of WWII* In the history of naval warfare probably no type of ship has provided more firepower per ton than the monitor—indeed they were little more than a huge gun mounting fitted on a simple, self-propelled raft. Designed and built rapidly to fulfil an urgent need for heavy shore-bombardment during World War I, they were top secret in conception, and largely forgotten when the short-lived requirement was over. Nevertheless, they were important ships, which played a significant role in many Great War campaigns and drove many of the advances in long-range gunnery later applied to the battle fleet. Indeed, their value was rediscovered during the Second World War when a final class was built. Monitors were largely ignored by naval historians until Ian Buxton produced the first edition of this book in 1978. Although published privately, this became

an established classic and copies of the first edition are now almost unobtainable, so this new edition will be welcomed by many. It has been completely revised, extended and redesigned to a generous large format which allows material deleted from the original edition for lack of space to be restored. "This book looks in detail at the technical and economic aspects of the 42 monitors built, and is, without a doubt, the definitive work on the subject." —Ships Monthly "Ian Buxton's work has set the standard in celebrating these big gun ships . . . It makes an invaluable contribution to the study of naval and land operations." —Warships International

Bolshevik Festivals, 1917-1920 James Von Geldern, 1993-01-01 In the early years of the USSR, socialist festivals--events entailing enormous expense and the deployment of thousands of people--were inaugurated by the Bolsheviks. Avant-garde canvases decorated the streets, workers marched, and elaborate mass spectacles were staged. Why, with a civil war raging and an economy in ruins, did the regime sponsor such spectacles? In this first comprehensive investigation of the way festivals helped build a new political culture, James von Geldern examines the mass spectacles that captured the Bolsheviks' historical vision. Spectacle directors borrowed from a tradition that included tsarist pomp, avant-garde theater, and popular celebrations. They transformed the ideology of revolution into a mythologized sequence of events that provided new foundations for the Bolsheviks' claim to power. In the early years of the USSR, socialist festivals--events entailing enormous expense and the deployment of thousands of people--were inaugurated by the Bolsheviks. Avant-garde canvases decorated the streets, workers marched, and elaborate mass spectacles were staged. Why, with a civil war raging and an economy in ruins, did the regime sponsor such spectacles? In this first comprehensive investigation of the way festivals helped build a new political culture, James von Geldern examines the mass spectacles that captured the Bolsheviks' historical vision. Spectacle directors borrowed from a tradition that included tsarist pomp, avant-garde theater, and popular celebrations. They transformed the ideology of revolution into a mythologized sequence of events that provided new foundations for the Bolsheviks' claim to power.

Attack and Die Grady McWhiney, Perry D. Jamieson, 1984-07-30 A Selection of the History Book Club. A controversial book that answers why the Confederates suffered such staggering human losses. -- History Book Club Review

The A.E.F. Heywood Broun, 1918

Ours to Master and to Own Immanuel Ness, Dario Azzellini, 2011 From the dawning of the industrial epoch, wage earners have organized themselves into unions, fought bitter strikes, and gone so far as to challenge the very premises of the system by creating institutions of democratic self-management aimed at controlling production without bosses. With specific examples drawn from every corner of the globe and every period of modern history, this pathbreaking volume comprehensively traces this often underappreciated historical tradition. Ripe with lessons drawn from historical and contemporary struggles for workers' control, *Ours to Master and to Own* is essential reading for those struggling to create a new world from the ashes of the old. Immanuel Ness is professor of political science at Brooklyn College, City University of New York, and edits *WorkingUSA*. Dario Azzellini is a writer, documentary director, and political scientist at Johannes Kepler University in Linz.

The Land Ironclads (A rare science fiction story by H. G. Wells) H. G.

Wells, 2023-12-05 This carefully crafted ebook: *The Land Ironclads (A rare science fiction story by H. G. Wells)* is formatted for your eReader with a functional table of contents. Herbert George H. G. Wells (1866 - 1946) was an English writer, now best known for his work in the science fiction genre. He was also a prolific writer in many other genres, including contemporary novels, history, politics and social commentary, even writing textbooks and rules for war games. Wells is one person sometimes called The Father of

Science Fiction, as are Jules Verne and Hugo Gernsback. His most notable science fiction works include *The War of the Worlds*, *The Time Machine*, *The Invisible Man* and *The Island of Doctor Moreau*.

The Turret Rose ,

11 Principles of a Reagan Conservative Paul Kengor, 2014-02-21 Perhaps no other president's name is invoked by politicians as much as Ronald Reagan's. Every election, as presidential hopefuls jockey for the Republican nomination, each one claims to be a Reagan conservative. But are these candidates truly carrying on the mantle of Ronald Reagan, or are they abusing the memory of our great president? What did Ronald Reagan really believe? In *11 Principles of a Reagan Conservative*, biographer Paul Kengor analyzes Ronald Reagan's speeches and actions to paint a full, accurate picture of his beliefs. Kengor identifies these principles that lie at the crux of Reagan's conservatism; Freedom, Faith, Family, Sanctity and Dignity of Human Life, American Exceptionalism, The Founders' Wisdom and Vision, Lower Taxes, Limited Government, Peace Through Strength, Anti-Communism, and Belief in the Individual. And it is through these principles that Reagan's modern emulators may create a successful, conservative future. Many a politician has asked: What would Reagan do if he were president now? Where would Reagan stand on today's issues? Who is the next Ronald Reagan? Paul Kengor dissects Reagan's presidency and provides decisive conclusions. The answers to some of these questions may surprise conservatives and liberals alike.

The Battles that Changed History Fletcher Pratt, 2013-07-02 Time and again, the course of Western civilization has been forever changed by the outcome of a clash of arms. In this thought-provoking volume, the eminent author and historian Fletcher Pratt profiles 16 decisive struggles from ancient and modern times, ranging from Alexander the Great's defeat of the Persians at the Battle of Arbela to World War II's Battle of Midway, in which U.S. forces halted the Japanese advance. Each of these conflicts, despite considerable variations in locale and warfare techniques, represents a pivotal situation — a scenario in which a different outcome would have resulted in a radically changed world. On history's broad canvas, Pratt paints dramatic portraits of battles fought by Roman legions, French archers, American rebels, and myriad other soldiers and sailors. In addition to gripping accounts of the actual battles, the author describes the full panorama of events leading up to the decisive clashes, as well as their historically important aftermath. Readers will also find fascinating facts and anecdotes about a dazzling cast of personalities associated with these epochal struggles, including Joan of Arc, Frederick the Great, Lord Nelson, Ulysses S. Grant, and many more. Enhanced with 27 maps by Edward Gorey, and recounted with dramatic flair by a born storyteller, these authoritative narratives will appeal to students, historians, military buffs, and all readers interested in the forces that influence the tides of human history.

The Combat History of German Heavy Anti-Tank Unit 653 in World War II Karlheinz Munch, 2005 Hundreds of photos, many never published before, of Germany's rarely seen tank destroyers, including the Ferdinand, Elephant, and Jagdtiger. Color illustrations focus on unit markings, numbering, and camouflage. Accompanying text chronicles the unit's combat operations plus there are personal accounts from the men who rode in these mechanical monsters. German Heavy Anti-Tank Unit 653 was equipped with the heaviest tank destroying vehicles of the German armed forces. Initially activated as an assault gun battalion and redesignated in April 1943, the 653 received its first Ferdinand heavy tank destroyers (later modified and renamed Elephants) in May 1943 and went into action on the Eastern Front a month later. In 1944, the unit converted to the even more massive Jagdtiger. The seventy-five-ton, heavily armored Jagdtiger was the behemoth of the battlefield and boasted a 128mm gun—as opposed to the Ferdinand's 88—with a range of more than thirteen miles, making it deadly despite its limited mobility. Outfitted with

these lethal giants, the 653 saw service in Russia, Italy, Austria, and Germany.

The Don Flows Home to the Sea Mikhail Aleksandrovich Sholokhov,1984

The World Crisis: The Aftermath Winston S. Churchill,2013-09-23 The aftermath of World War I is explored in the fourth volume of Winston Churchill's "remarkable" eyewitness account of history (Jon Meacham, bestselling author of *Franklin and Winston*). Once the war was over, the story didn't end—not for Winston Churchill, and not for the West. The fourth volume of Churchill's series, *The World Crisis: The Aftermath* documents the fallout of WWI—including the Irish Treaty and the peace conferences between Greece and Turkey. The period immediately after World War I was extremely chaotic—and it takes a genius of narrative description and organization to accurately and accessibly describe it for us. Churchill, who went on to receive a Nobel Prize in Literature, depicts the international disorganization and anarchy in the period immediately after the war—with the unique perspective of both a historian and a political insider. "Whether as a statesman or an author, Churchill was a giant; and *The World Crisis* towers over most other books about the Great War." —David Fromkin, author of *A Peace to End All Peace*

Tigers in the Mud Otto Carius,2020-02-01 WWII began with a metallic roar as the German Blitzkrieg raced across Europe, spearheaded by the most dreaded weapon of the 20th century: the Panzer. No German tank better represents that thundering power than the infamous Tiger, and Otto Carius was one of the most successful commanders to ever take a Tiger into battle, destroying well over 150 enemy tanks during his incredible career.

Fuels and Carburetion United States. Army. Quartermaster Corps,1941

Dupes Paul Kengor,2023-06-27 In this startling, intensively researched book, bestselling historian Paul Kengor shines light on a deeply troubling aspect of American history: the prominent role of the dupe. From the Bolshevik Revolution through the Cold War and right up to the present, many progressives have unwittingly aided some of America's most dangerous opponents. Based on never-before-published FBI files, Soviet archives, and other primary sources, *Dupes* exposes the legions of liberals who have furthered the objectives of America's adversaries. Kengor shows not only how such dupes contributed to history's most destructive ideology—Communism, which claimed at least 100 million lives—but also why they are so relevant to today's politics.

History And Antiquities Of The Jews In England D'Blossiers Tovey,2023-07-18 Discover the little-known history of Jews in England with this fascinating book. Tovey provides a detailed account of their struggles and triumphs from the time of William the Conqueror to modern times. This is a must-read for anyone interested in English and Jewish history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

WWI Austin Putilov Armoured Car Paper Model.jpg Introduction

In today's digital age, the availability of WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing WWI Austin Putilov Armoured Car Paper Model.jpg versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and

manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals for download have transformed the way we access

information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of WWI Austin Putilov Armoured Car Paper Model.jpg books and manuals for download and embark on your journey of knowledge?

FAQs About WWI Austin Putilov Armoured Car Paper Model.jpg Books

4. How do I take care of WWI Austin Putilov Armoured Car Paper Model.jpg books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are WWI Austin Putilov Armoured Car Paper Model.jpg audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read WWI Austin Putilov Armoured Car Paper Model.jpg books for free? Public Domain Books: Many

1. Where can I buy WWI Austin Putilov Armoured Car Paper Model.jpg books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a WWI Austin Putilov Armoured Car Paper Model.jpg book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
