Rogue Archives Abigail De Kosnik, 2021-12-14 An examination of how nonprofessional archivists, especially media fans, practice cultural preservation on the Internet and how “digital cultural memory” differs radically from print-era archiving. The task of archiving was once entrusted only to museums, libraries, and other institutions that acted as repositories of culture in material form. But with the rise of digital networked media, a multitude of self-designated archivists—fans, pirates, hackers—have become practitioners of cultural preservation on the Internet. These nonprofessional archivists have democratized cultural memory, building freely accessible online archives of whatever content they consider suitable for digital preservation. In *Rogue Archives*, Abigail De Kosnik examines the practice of archiving in the transition from print to digital media, looking in particular at Internet fan fiction archives. De Kosnik explains that media users today regard all of mass culture as an archive, from which they can redeploy content for their own creations. Hence, “remix culture” and fan fiction are core genres of digital cultural production. De Kosnik explores, among other things, the anticanonical archiving styles of Internet preservationists; the volunteer labor of online archiving; how fan archives serve women and queer users as cultural resources; archivists' efforts to attract racially and sexually diverse content; and how digital archives adhere to the logics of performance more than the logics of print. She also considers the similarities and differences among free culture, free software, and fan communities, and uses digital humanities tools to quantify and visualize the size, user base, and rate of growth of several online fan archives.

Global Entertainment Media Tanner Mirrlees, 2013 A critical

cultural materialist introduction to the study of global entertainment media. In *Global Entertainment Media*, Tanner Mirrlees undertakes an analysis of the ownership, production, distribution, marketing, exhibition and consumption of global films and television shows, with an eye to political economy and cultural studies. Among other topics, Mirrlees examines: Paradigms of global entertainment media such as cultural imperialism and cultural globalization. The business of entertainment media: the structure of capitalist culture/creative industries (financers, producers, distributors and exhibitors) and trends in the global political economy of entertainment media. The governance of global entertainment media: state and inter-state media and cultural policies and regulations that govern the production, distribution and exhibition of entertainment media and enable or impede its cross-border flow. The new international division of cultural labor (NICL): the cross-border production of entertainment by cultural workers in asymmetrically interdependent media capitals, and economic and cultural concerns surrounding runaway productions and co-productions. The economic motivations and textual design features of globally popular entertainment forms such as blockbuster event films, TV formats, glocalized lifestyle brands and synergistic media. The cross-cultural reception and effects of TV shows and films. The World Wide Web, digitization and convergence culture.

*Twelve Years a Slave* Solomon Northup, 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal

life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Best in Show** John Kenneth Muir, 2004 (Applause Books). Best in Show is the first in-depth look at the method behind film director and actor Christopher Guest's madness and genius. John Kenneth Muir focuses his attention on the acclaimed Guest-directed trilogy of what some call mockumentaries: *Waiting for Guffman*, *Best in Show* and *A Mighty Wind*. In these films Guest has escorted rapt audiences into the purportedly real worlds of a small-town theatrical company, dog show competition, and folk music festival. Muir also details the events that lead to Rob Reiner's influential and legendary *This Is Spinal Tap*, which *Rolling Stone* called the best rock and roll movie of all time, and in which Guest played the part of guitarist Nigel Tufnel. Much of *Best in Show* exemplifies the unique process by which Guest directs

films. He employs a common repertory company, improvises scenes often without any rehearsal, and does not use any screenplay with dialogue, instead following a detailed outline often co-authored with his ace actor/writer Eugene Levy. Company members that have been interviewed for this book include Fred Willard, Harry Shearer, Bob Balaban and Michael Hitchcock. Guest's influences Saturday Night Live , National Lampoon as well as his more conventional comedies, such as The Big Picture and Almost Heroes , are studied. Best in Show is general enough to bring new fans to the table, yet detailed enough to satisfy the most in-the-know Guest fan and film student. A complete filmography with Guest's directing, acting and writing credits is included, as is the appendix, You Know You're in a Christopher Guest Film When ... Guest once commented, I am drawn to people who have dreams that are slightly out of reach. Now, thanks to John Kenneth Muir, the fascinating world of Christopher Guest and company is substantially more within reach.

*Mercy in Her Eyes* John Kenneth Muir, 2006 (Applause Books). This the first book to examine the films of the acclaimed and popular Indian-born and Harvard educated filmmaker, Mira Nair. A unique voice in cinema today, she is one of the few female directors who made it to the top of a male-dominated profession. Her films feature an incomparably sensuous visual style yet at the same time often record the injustice of the disenfranchised and the cross-pollination of East and West. Her twin themes of realism and romance make for dazzling cinema. John Kenneth Muir analyzes all of Nair's work, including: *Salaam Bombay!* (1988), the groundbreaking story of a young boy abandoned by his family on the streets of Bombay; *Mississippi Masala* (1991), an interracial small town romance between an Indian woman (Sarita Choudhury) and an African American businessman (Denzel

Washington); *Monsoon Wedding* (2001), featuring a Bollywood carnival atmosphere, one of the most successful foreign films ever released in the United States; *Hysterical Blindness* (2002), the HBO film featuring Uma Thurman and Juliette Lewis, looking for love in all the wrong places; The big-budget Hollywood adaptation of the Thackery novel *Vanity Fair* (2004), starring Reese Witherspoon, Gabriel Byrne, and Eileen Atkins.

*Oudry's Painted Menagerie* Mary Morton,2007-06-25 In the 1720s and 1730s, Jean-Baptiste Oudry established himself as the preeminent painter in France of hunts, animals, still lifes, and landscapes. Oudry's *Painted Menagerie* focuses on a suite of eleven life-size portraits of exotic animals from the royal menagerie at Versailles, painted by Oudry between 1739 and 1752. These paintings eventually found their way into the ducal collection in Schwerin, Germany. Among them is the magnificent portrait of Clara, an Indian rhinoceros who became a celebrity in mid-eighteenth-century Europe. Her portrait has been out of public view for more than a century, and it is presented here in its newly conserved state.

**The Adventures of Buckaroo Banzai** Earl Mac Rauch,2001-12 Buckaroo Banzai's latest experiments have opened the door to the 8th dimension--and have unwittingly begun an interstellar battle for the world.

Exploring Space: 1999 John Kenneth Muir,2015-09-15 Starring internationally renowned actors Martin Landau, Barbara Bain, Barry Morse and Catherine Schell, the British-made *Space: 1999* was the only truly original space adventure of the mid-1970s. Sandwiched between the demise of the original *Star Trek* and the opening of the *Stars Wars* series on the big screen, *Space: 1999* featured a richly-visualized world where space was terrifying and mysterious, where

not all problems were solvable by technology and the space travelers were very human. From the science fiction show's conception in 1973 to its cancellation in 1977, this reference work covers each of the 48 episodes in depth, including a full plot synopsis, writer, director, guest star credits, and critical commentary that examines both the episode and other shows that have used similar plotlines. The popularity of *Space: 1999* memorabilia and its many fan clubs are fully discussed, along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show's abrupt cancellation.

**The Rock & Roll Film Encyclopedia** John Kenneth Muir, 2007  
Entries about rock documentaries, movies starring rock stars, and films boasting extensive rock soundtracks, along with some biographies of musicians who have featured heavily on screen, include a cast list and a basic plot summary and listing of important songs featured in the films.

The Unseen Force John Kenneth Muir, 2004 (Applause Books).  
Following his highly successful *An Askew View: The Films of Kevin Smith* (Applause), John Kenneth Muir now turns to the life and work of legendary cult-film director Sam Raimi. Raimi exploded on the movie scene in 1982, when he was 23 years old, with the audacious, independently produced horror film *The Evil Dead*. Re-igniting the horror genre to such a degree that Wes Craven credited Raimi on-screen in *A Nightmare on Elm Street*, Raimi went on to direct two *Evil Dead* sequels, his own comic-book superhero, *Darkman*, and an over-the-top, post-modern western, *The Quick and the Dead*. Raimi's influence on other filmmakers continues to be enormous from the shaky cam shots of the Coen brothers to the early oeuvre of *Lord of the Rings* director Peter Jackson, both of whom have been termed the direct progeny of Raimi's works. In 2002, Raimi's *Spider-Man* had

the biggest opening weekend in history, earning more than \$114 million at the box office. The Unseen Force also features a sneak peek at the much anticipated Spider-Man 2 . Included are 30 first-person accounts and interviews from a number of eclectic sources from the cinematographers who shot Raimi's early films to the producers, screenwriters, actors, special effects magicians and composers who collaborated to make his films the stuff of legend, earn mainstream success, and still be the focus of obsessive cult followings.

**An Askew View 2** John Kenneth Muir, 2012 Looks at the films of Kevin Smith, tracing their characters, controversy over the language and content, themes, and critical reception.

**Singing a New Tune** John Kenneth Muir, 2005 A survey of film musicals incorporates interviews with directors and screenwriters, an overview of the genre from the 1920s to the 1990s, and discusses fourteen film musicals from 1996 to 2004, along with musicals on TV.

*Savage Cinema* Stephen Prince, 1998 More than any other filmmaker, Sam Peckinpah opened the door for graphic violence in movies. In this book, Stephen Prince explains the rise of explicit violence in the American cinema, its social effects, and the relation of contemporary ultraviolence to the radical, humanistic filmmaking that Peckinpah practiced. Prince demonstrates Peckinpah's complex approach to screen violence and shows him as a serious artist whose work was tied to the social and political upheavals of the 1960s. He explains how the director's commitment to showing the horror and pain of violence compelled him to use a complex style that aimed to control the viewer's response. Prince offers an unprecedented portrait of Peckinpah the filmmaker. Drawing on primary research materials—Peckinpah's unpublished correspondence, scripts, production memos, and editing notes—he provides a wealth of new

information about the making of the films and Peckinpah's critical shaping of their content and violent imagery. This material shows Peckinpah as a filmmaker of intelligence, a keen observer of American society, and a tragic artist disturbed by the images he created. Prince's account establishes, for the first time, Peckinpah's place as a major filmmaker. This book is essential reading for those interested in Peckinpah, the problem of movie violence, and contemporary American cinema.

**Horror Films of the 1970s** John Kenneth Muir, 2012-11-22 The seventies were a decade of groundbreaking horror films: *The Exorcist*, *Carrie*, and *Halloween* were three. This detailed filmography covers these and 225 more. Section One provides an introduction and a brief history of the decade. Beginning with 1970 and proceeding chronologically by year of its release in the United States, Section Two offers an entry for each film. Each entry includes several categories of information: Critical Reception (sampling both '70s and later reviews), Cast and Credits, P.O.V., (quoting a person pertinent to that film's production), Synopsis (summarizing the film's story), Commentary (analyzing the film from Muir's perspective), Legacy (noting the rank of especially worthy '70s films in the horror pantheon of decades following). Section Three contains a conclusion and these five appendices: horror film clichés of the 1970s, frequently appearing performers, memorable movie ads, recommended films that illustrate how 1970s horror films continue to impact the industry, and the 15 best genre films of the decade as chosen by Muir.

**Going to Pieces** Adam Rockoff, 2016-03-04 John Carpenter's *Halloween*, released on October 25, 1978, marked the beginning of the horror film's most colorful, controversial, and successful offshoot—the slasher film. Loved by fans and reviled by critics for its iconic

psychopaths, gory special effects, brainless teenagers in peril, and more than a bit of soft-core sex, the slasher film secured its legacy as a cultural phenomenon and continues to be popular today. This work traces the evolution of the slasher film from 1978 when it was a fledgling genre, through the early 1980s when it was one of the most profitable and prolific genres in Hollywood, on to its decline in popularity around 1986. An introduction provides a brief history of the Grand Guignol, the pre-cinema forerunner of the slasher film, films such as *Psycho* and *The Texas Chainsaw Massacre*, and cinematic trends that gave rise to the slasher film. Also explained are the slasher film's characteristics, conventions, and cinematic devices, such as the "final girl," the omnipotent killer, the relationship between sex and death, the significant date or setting, and the point-of-view of the killer. The chapters that follow are devoted to the years 1978 through 1986 and analyze significant films from each year. *The Toolbox Murders*, *When a Stranger Calls*, the *Friday the 13th* movies, *My Bloody Valentine*, *The Slumber Party Massacre*, *Psycho II*, and *April Fool's Day* are among those analyzed. The late 90s resurrection of slasher films, as seen in *Scream* and *I Know What You Did Last Summer*, is also explored, as well as the future direction of slasher films.

*Overcoming School Refusal* Joanne Garfi, 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing

officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book.

Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

**Squirrel Seeks Chipmunk** David Sedaris, 2010-09-28 Featuring David Sedaris's unique blend of hilarity and heart, this new collection of keen-eyed animal-themed tales is an utter delight. Though the characters may not be human, the situations in these stories bear an uncanny resemblance to the insanity of everyday life. In *The Toad*, the *Turtle*, and the *Duck*, three strangers commiserate about animal bureaucracy while waiting in a complaint line. In *Hello Kitty*, a cynical feline struggles to sit through his prison-mandated AA meetings. In *The Squirrel and the Chipmunk*, a pair of star-crossed lovers is separated by prejudiced family members. With original illustrations by Ian Falconer, author of the bestselling *Olivia* series of children's books, these stories are David Sedaris at his most observant, poignant, and surprising.

*Terror Television* John Kenneth Muir, 2013-02-25 Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter's *The X-Files*, such has not always been the case. Creators Rod Serling, Dan Curtis, William Castle, Quinn Martin, John Newland, George Romero, Stephen King, David Lynch, Wes Craven, Sam Raimi, Aaron Spelling and others have toiled to bring

the horror genre to American living rooms for years. This large-scale reference book documents an entire genre, from the dawn of modern horror television with the watershed Serling anthology, *Night Gallery* (1970), a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube, through more than 30 programs, including those of the 1998-1999 season. Complete histories, critical reception, episode guides, cast, crew and guest star information, as well as series reviews are included, along with footnotes, a lengthy bibliography and an in-depth index. From Kolchak: The Night Stalker to *Millennium*, from *The Evil Touch* to *Buffy the Vampire Slayer* and *Twin Peaks*, *Terror Television* is a detailed reference guide to three decades of frightening television programs, both memorable and obscure.

*Heart-life in Song* Frances Harrison Marr, 1883

With forewords from Lance Henriksen and Frank Spotnitz and an introduction by series creator Chris Carter, the collection features interviews with cast and crew as well as in-depth essays analyzing *Millennium's* characters, themes, and enduring legacy.
