**Original Grin** Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

*The Films of Terrence Malick* James Morrison, Thomas Schur, 2003-09-30 Despite overwhelming acclaim for his work, director Terrence Malick remains an under-examined figure of an era of filmmaking that also produced such notables as Robert Altman, Francis Ford Coppola, and Martin Scorsese. His films *Badlands* and *Days of Heaven* remain benchmarks of American cinema, while his recent *The Thin Red Line* returned him to the pantheon of American directors. In this new study, authors James Morrison and Thomas Schur examine each of his films in detail, drawing on extensive archival research to construct a portrait of his working methods as a director as well as the thematic, aesthetic, and cultural components of his work. Moreover, aside from tracing the development of Malick's filmmaking from its beginnings to the present, the book compares his finished pictures to their original shooting scripts, and so provides a unique means of exploring the nature of his working methods and the ways in which they influence the final products. Revealing the ways in which these films connect to and depart from evolving traditions of the last 30 years, *The Films of Terrence Malick* provides a comprehensive and penetrating study as well as an informative and adventurous work of film criticism.

*Border Bang* Jorge Gutiérrez,2018-11-13 WHEN MEXICAN FOLKORE MEETS U.S. POP CULTURE!!!! *Border Bang* is a passionate love letter to the Tijuana and US border, documenting the bootleg artifacts sold to locals and tourists alike. Reappropriating the bombardment of pop culture images is the border's reaction to global issues and events, telling viewers and consumers not to glorify these situations but rather to acknowledge them through their subversive presentation. Border artisans and shysters digest the influx of international popular culture, reappropriating and reconfiguring images to express themselves and empower objects with subversive ideas masked underneath bold colors and text. Raised in Tijuana, Gutierrez crossed the border to the US to attend elementary and middle school. Each day, he was dazzled and entranced by the objects being sold, creating alternative narratives to the cartoon characters and celebrity portraits that he saw. *Border Bang* is a reflection of his childhood narrative, using images from Mickey Mouse to Tupac Shakur to convey the reflections and meditations of global events as witnessed by the border, exploring his love affair with Mexican pop and folk culture.

**Icons Unmasked** Alex Solis,2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense deja vu. There's something about their goofy grin, that creepy laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new?In *Icons Unmasked*, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever
