Visit Sunny Chernobyl Andrew Blackwell, 2013-05-28 For most of us, traveling means visiting the most beautiful places on Earth—Paris, the Taj Mahal, the Grand Canyon. It's rare to book a plane ticket to visit the lifeless moonscape of Canada's oil sand strip mines, or to seek out the Chinese city of Linfen, legendary as the most polluted in the world. But in *Visit Sunny Chernobyl*, Andrew Blackwell embraces a different kind of travel, taking a jaunt through the most gruesomely polluted places on Earth. From the hidden bars and convenience stores of a radioactive wilderness to the sacred but reeking waters of India, *Visit Sunny Chernobyl* fuses immersive first-person

reporting with satire and analysis, making the case that it's time to start appreciating our planet as it is—not as we wish it would be. Irreverent and reflective, the book is a love letter to our biosphere's most tainted, most degraded ecosystems, and a measured consideration of what they mean for us. Equal parts travelogue, expose, environmental memoir, and faux guidebook, Blackwell careens through a rogue's gallery of environmental disaster areas in search of the worst the world has to offer—and approaches a deeper understanding of what's really happening to our planet in the process.

Here, Bullet Brian Turner, 2014-09-01 Adding his voice to the current debate about the US occupation of Iraq, in poems written in the tradition of such poets as Wilfred Owen, Yusef Komunyakaa (Dien Cai Dau), Bruce Weigl (Song of Napalm) and Alice James' own Doug Anderson (The Moon Reflected Fire), Iraqi war veteran Brian Turner writes power-fully affecting poetry of witness, exceptional for its beauty, honesty, and skill. Based on Turner's yearlong tour in Iraq as an infantry team leader, the poems offer gracefully rendered, unflinching description but, remarkably, leave the reader to draw conclusions or moral lessons. Here, Bullet is a must-read for anyone who cares about the war, regardless of political affiliation.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to

his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Seductive Poison Deborah Layton,2010-08-18 In this haunting and riveting firsthand account, a survivor of Jim Jones's Peoples Temple opens up the shadowy world of cults and shows how anyone can fall under their spell. A high-level member of Jim Jones's Peoples Temple for seven years, Deborah Layton escaped his infamous commune in the Guyanese jungle, leaving behind her mother, her older brother, and many friends. She returned to the United States with warnings of impending disaster, but her pleas for help fell on skeptical ears, and shortly thereafter, in November 1978, the Jonestown massacre shocked the world. *Seductive Poison* is both an unflinching historical document and a suspenseful story of intrigue, power, and murder.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Maritime Sniper Manual Frederik C.

Jonsson, 2010-12-01 This manual is a necessity for any unit attempting to combat piracy or undertake any maritime operation. -Chief Chris Kyle, former Navy SEAL sniper/instructor I strongly recommend adding this book to your training resources. -Sgt. Major Mark Spicer, retired British Army sniper instructor. For the professional sniper, engaging a target on the high seas is one of the most challenging assignments of all. Erratic movement introduced by waves, vessel speeds, and engine vibrations; short, sudden windows of opportunity; and a host of unique environmental factors make

the shot that much more demanding for even experienced marksmen. Now, master sniper Fredrik Jonsson has written what is destined to become the classic manual on precision fire from seaborne platforms. Jonsson combines his vast experience in sniping deployment and instruction, specialized operations in troubled waters around the world, and competitive shooting to instruct dozens of specialized skills, including: timing shots for wave harmonics firing from one moving vessel at targets on another moving vessel firing through shipboard glass determining range and reading the wind in the tricky ocean arena establishing a suitable shooting platform on a vessel at speed conducting sniper-specific training at sea maintaining weapons and optics in the harsh saltwater environment The maritime sniper plays a vital role in combating piracy, providing cover for vessel- and GOPLAT-boarding teams, protecting high-value vessels, and many other missions. To hope that the sea will be calm the day you will have to take that crucial shot is simply not an option. Master the skills of seaborne sniping with Maritime Sniper Manual, called by John Plaster, author of The Ultimate Sniper, the best thing out there on this subject.
