Penguin Books, Limited

How to Make Tiny Paper Mache Dogs Jonni Good,2014-05

The author makes it easy for you to create a tiny paper mache dog of your own. You only need a few basic tools and some materials that you may already have lying around the house. The only thing you may need to purchase is a few feet of aluminum wire for the armature -- or use some wire you already have on hand. First, choose a pattern from the 27 breeds included in the book. Then build your armature by bending the wires, using the pattern for a guide. This makes sure that your finished sculpture will have the right proportions for your breed. Add a few bits of crumpled aluminum foil to round out the forms, with the pattern guiding you, and then twist and bend your little dog into any position you desire. With these simple steps it's easy to create a lively original sculpture of your own design. When your armature is finished, the author shows you how to make the two layers of paper mache as smooth as you want it to be. You can add wrinkles, fur, happy mouths and other details after the paper mache is dry. If you would like to paint your dog, you can use the author's recipe for an inexpensive home-made gesso to add interesting textures. Then the author gives you suggestions for painting your sculpture, including an easy way to paint brindled spots, how to give an all-white dog an interesting coat, how to emphasize heavily-textured fur with acrylic glazing liquid, and more. The author is a well-known paper mache artist who has written several popular books on the subject. She also writes tutorials and creates videos for her blog, at UltimatePaperMache.com.

Put Me In the Zoo Robert Lopshire,2001-11-27 They say a leopard can't change his spots-but Spot sure can! Babies and toddlers will love pointing out the colors of his changing spots in this delightful, rhyming adaptation of Robert Lopshire's classic *Bright and Early Book*.

beautiful postcards from Anatomicum.

Ten Principles for Good Design Cees de Jong, Klaus Klemp, Erik Mattie, 2017 Exquisitely produced to reflect Dieter Rams' aesthetic philosophy, this book presents highlights from a forty-year career designing iconic consumer products that enhance our daily lives. For decades, anyone who cared about product design looked to the Braun label when choosing their appliances, radios, and other consumer items. Now Dieter Rams, the guiding force behind the Braun look, breaks down his design principles and processes in this elegant book. Enumerating each of his ten principles such as good design is innovative; good design is aesthetic; good design is useful, etc., this book presents one hundred items that embody these guidelines. Readers will find items that are familiar such as the ubiquitous coffee grinder but also those that are more unusual such as shelving systems and cigarette lighters. A fascinating essay places Dieter Rams in the context of modern design, from Bauhaus to Philip Johnson. Archival materials include photos of Rams' design team and excerpts from his publications and speeches. The book closes with a chronological overview of design icons, categorized by function, that show the enormous breadth of Rams' vision. Taken together, these images and texts offer the most comprehensive overview of Dieter Rams' work to date and will serve as both a reference and an inspiration for anyone interested in how and why good design matters.

Gingerbread Baby, 1999 A young boy and his mother bake a gingerbread baby that escapes from their oven and leads a crowd on a chase similar to the one in the familiar tale about a not-so-clever gingerbread man.

BattleTech Compendium FASA Corp, 1995-09 BattleTech celebrates its tenth anniversary with the BattleTech Compendium: the Rules of Warfare, the ultimate guide to combat in the 31st century. All the rules needed to simulate exciting conflicts between BattleMechs, vehicles, and infantry are

included, revising and streamlining material from BattleTech, 3rd Edition, CityTech, 2nd Edition, and the original BattleTech Compendium. The Rules of Warfare also contains a concise history of the BattleTech universe and its movers and shakers, several new BattleMech and OmniTech designs, rules for miniatures play, and full-color illustrations.

Everyone Can Learn Origami Peter Saydak, 2017-11-18 The ultimate book for beginners who want to learn origami! In this book you'll learn all the basic folds and techniques through incredibly detailed sets of diagrams and written instructions. After learning the basics you'll find easy to follow instructions showing how to fold 77 traditional origami models including animals, flowers, insects, boxes and much more. By working through this book and folding the different models you'll practice all the different folds and techniques, improving your skills and folding progressively more complex origami. When you reach the end you'll know everything you need to become an origami master! Please note, this book is not for you if you're already an origami expert. If you know how to fold the traditional origami frog from a frog base then you probably already know everything this book can teach you.

The Architect's Guide Frederick Rogers, 1877

E-business and E-commerce Management Dave Chaffey, 2007 Aimed at students, this work covers various aspects of e-business - focusing on sales and marketing, as well as detailing procurement, supply chains, and the legal and security considerations. It contains a range of features to help you learn effectively including margin definitions, international case studies, activities and web links.

Mothmeister MOTHMEISTER, 2018 Artistic duo Mothmeister have created a place they call Wounderland. It is a land in which grotesque creatures, in fascinating yet disturbing masks, stare out from barren wastelands, usually accompanied by mounted and stuffed animals. Unconventional and enchanting,

the fairytale world of Mothmeister is at once reminiscent of a bygone age, while subtly criticising today's ever-present 'selfie' culture, and the beauty standards imposed by the media. Superlative and unique, the works of Mothmeister are celebrated and revered in this stunning book. AUTHOR: Mothmeister is the ever-changing alter ego of two artistic soulmates and passionate taxidermy enthusiasts. SELLING POINTS: * A stunning, surreal collections of works, celebrating Mothmeister, a taxidermy-obsessed artistic duo * Mothmeister boasts over 130,000 followers on Instagram and has participated in several international exhibitions * Countless eccentric portraits, as well as a unique glimpse behind the mask 240 colour, 30 b/w images

Game of Thrones Mask: House Stark Direwolf (3D Mask & Wall Mount) Wintercroft, 2017-10-10 The North remembers, thanks to these unique Game of Thrones gifts. Inspired by the sigil from the award-winning television series Game of Thrones, this official book contains a full-sized 3D House Stark Direwolf mask and wall mount. Assemble it yourself from the beautifully illustrated push-out pieces, then wear it, mount it on the wall, or simply admire it. But be quick, because winter is coming. . . .

If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend,

teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Folding the Universe Peter Engel,1989 An artfully designed and illustrated guide offers an in-depth essay on the history origami and its mathematical, spatial, and creative properties, and instructions for making a kangaroo with joey, a knight on horseback, and other wonders.

Citygami London Clockwork Clockwork Soldier,Soldier Clockwork,2018-05 London's skyline springs to life in this ingeniously crafted book that lets you build your own paper city. Citygami London is a craft project, a diorama, a study in architecture, and, when it's finished, a stand-alone piece of art. Inspired by one of the world's great architectural cities, Clockwork Soldier have created a unique experience that lets readers replicate London's most famous buildings, while also

gaining fascinating insight into their histories and significance. Here, scale models of the Shard, Tower Bridge, St. Paul's Cathedral, the London Eye, and other structures are presented in die-cut, pre-folded, cardstock pages. Clear, easy-to-follow instructions show you how to assemble each building. Accompanying the models are a set of detachable cards of the buildings, allowing readers to play against each other by comparing facts and figures about the structures. Best of all, when every building has been constructed, the result is a display-ready cityscape of London. As fun as it is educational, this craft book promises hours of absorbing activity and a lasting keepsake for years to come.

Mothmeister: Dark and Dystopian Post-Mortem Fairy Tales Lannoo Publishers, 2021-04-12 * Mothmeister's second book, more unearthly than the first* Extremely popular Belgian duo whose work combines taxidermy, photography and a love for the lurid and the otherworldly* Their first book, *Weird and Wonderful Post-Mortem Fairy Tales* (2018), sold out, and is out of print* Their eerie photos of human-animal hybrids walking wonderfully surreal landscapes thumb their noses at traditional beauty standards. - VICE In *Dark & Dystopian Post-Mortem Fairy Tales*, Mothmeister pays homage to the muses who have sparked their alienating dream world. From artists worldwide, legendary figures, their collection of taxidermy to lurid places where their figures were born, such as the catacombs of Palermo, Pyramids or the disaster area around Chernobyl. A special fairy tale world that flirts with the morbid, religious and grotesque and in which stuffed animals are brought back to life in an extraordinary way.

Paper Decorations Jennifer Sanderson, Jessica Moon, 2014-08 Learn how to make decorations using paper and origami techniques.

Traditional Witchcraft Gemma Gary, 2020-01-08 Gemma Gary explores modern approaches to ancient practices of witches, charmers, and conjurers of the 18th and 19th centuries. The

practices described within this book are rooted in the traditional witchcraft of multiple British streams, making its charms and spells adaptable for practitioners in any land. Topics include fairy faith, the underworld, the Bucca, places of power, magical tools, and more.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
