Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Tortured Cardboard Philip E. Orbanes,2019-07-23 The term "tortured cardboard" sums up what happens to cardboard when making a board game (bound, cut, folded, punched). And, as you'll learn, great board games often reflect whatever "tortures" culture.

Each gained immortality after a chaotic beginning and a chance survival. Why? Because—be it chess, backgammon, Clue®, Monopoly®, Scrabble®, Settlers of Catan®, or one of ten others featured in this book—each is replete with “lessons” applicable to achievement in your life. As the twenty-first century gathers momentum, our love affair with board games continues to strengthen. They involve us, they refine social skills, and they teach great lessons applicable in real life. “Tortuous” is the journey of every great board game, from birth in chaotic times, through survival by mere chance, to raging popularity and eventual immortality. Tortured Cardboard reveals how the great ones came to endure and—all fun aside—how each teaches us something about our own behavior while providing “rules” that can work in your life.

Notes from the Hyena's Belly Nega Mezlekia,2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Barbara Rae Barbara Rae,2018 In 2015 Barbara Rae travelled to Greenland on the trail of her namesake and fellow Scot, the surgeon and explorer Dr John Rae (1813-1893). Captivated by the 'wild sort of life', he travelled to the Arctic in 1846, learning local languages and survival techniques. His enlightened co-operation and collaboration with the Inuit - almost unheard of at the time - allowed him to discover the fate of Sir John Franklin's lost 1845 expedition, and to confirm the existence of the Northwest Passage, the maritime link between the Atlantic and Pacific Oceans. This book is the artistic result of Barbara Rae's extraordinary journey. Through the artist's deft handling of colour and line the frozen landscape of the Arctic jumps into life from the page. This special publication takes the reader on a journey of discovery from Scotland to the Arctic, and back again. Her vivid images are combined with insightful

texts from authors including the Inuit leader and advocate Tagak Curley, the architect Ian Ritchie and the celebrated art critic Duncan Macmillan, as well as contributions from the artist herself.
