Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the

proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Tortured Cardboard Philip E. Orbanes,2019-07-23 The term “tortured cardboard” sums up what happens to cardboard when making a board game (bound, cut, folded, punched). And, as you’ll learn, great board games often reflect whatever “tortures” culture. Each gained immortality after a chaotic beginning and a chance survival. Why? Because—be it chess, backgammon, Clue®, Monopoly®,

Scrabble®, Settlers of Catan®, or one of ten others featured in this book—each is replete with “lessons” applicable to achievement in your life. As the twenty-first century gathers momentum, our love affair with board games continues to strengthen. They involve us, they refine social skills, and they teach great lessons applicable in real life. “Tortuous” is the journey of every great board game, from birth in chaotic times, through survival by mere chance, to raging popularity and eventual immortality. Tortured Cardboard reveals how the great ones came to endure and—all fun aside—how each teaches us something about our own behavior while providing “rules” that can work in your life.

Abundantly illustrated, Peterson includes reproductions of the original magical circles, tools, and seals of the spirits with variations of certain drawings from various sources and notae missing from earlier editions. White Pearl Anchuli Felicia King, 2022-11-08 It's just a fun ad. Now the whole world is going crazy. In Singapore, Clearday(TM) has developed from a small startup into a leading international cosmetic brand in less than a year. But when a draft of the company's latest skin cream advert is leaked, the video goes viral globally for all the wrong reasons. YouTube views are in the thousands and keep climbing; anger is building on social media; and journalists are starting to cover the story. This is an international PR nightmare; the company cannot be seen to be racist, they've got to get it taken down before America wakes up.

Wilde Fire Lucy Lennox, 2021-04-02 Otto: Seth Walker was my first love and I always swore he'd

be my last. Even after he moved away our senior year in high school, we vowed to reunite after graduation. But when he suddenly broke things off without explanation and crushed my heart, it was my turn to run. After a decade in the navy, I've finally come home ready to move on with my life as Hobie's newest firefighter. Unfortunately, the minute I set eyes on the new sheriff in town, I know I'm screwed. Hobie's top cop is none other than Seth Walker. Turns out, he's come home too. And hell if he doesn't have a lot of explaining to do. Walker: I thought I was doing the right thing when I walked away from Otto Wilde ten years ago without an explanation. I was wrong. I also thought I could come back home without having to face my past mistakes. I was wrong about that too. What I'm not wrong about: The fact that my heart catches fire every time I set eyes on the sexy man. The fact that I can't imagine my life without him. The fact that things are still just as complicated now as they were then. And the fact that I have a lot of work ahead of me if I expect to win him back. Just when things start heating up between us again, a serial arsonist strikes and suspicion falls close to home. I already lost Otto to a secret long ago but I'll be damned if I let another threaten to send our future up in smoke. Because Otto Wilde is mine, and I don't plan on ever letting him go again. Each novel in the Forever Wilde series can be read on its own or as part of the series. Fair warning, there will be nekkid man parts touching, meddling patriarchs, sweet second-chance love themes, and a dearly departed donkey named Debbie Gibson.

Barbara Rae Barbara Rae,2018 In 2015 Barbara Rae travelled to Greenland on the trail of her namesake and fellow Scot, the surgeon and explorer Dr John Rae (1813-1893). Captivated by the 'wild sort of life', he travelled to the Arctic in 1846, learning local languages and survival techniques. His enlightened co-operation and collaboration with the Inuit - almost unheard of at the time - allowed him to discover the fate of Sir John Franklin's lost 1845 expedition, and to confirm the existence of the Northwest Passage, the maritime link between the Atlantic and Pacific Oceans. This book is the artistic result of Barbara Rae's extraordinary journey. Through the artist's deft handling of colour and line the frozen landscape of the Arctic jumps into life from the page. This special publication takes the reader on a journey of discovery from Scotland to the Arctic, and back again. Her vivid images are combined with insightful texts from authors including the Inuit leader and advocate Tagak Curley, the architect Ian Ritchie and the celebrated art critic Duncan Macmillan, as well as contributions from the artist herself.
