Ford, 2003-06-20 Getting great results from your scanner is tricky. This is because scanning falls somewhere between an art form and technology. and what if you're not quite an artist or a computer wizard? This book removes the mystery, so that you can concentrate on the design skills that prompted you to buy the scanner in the first place. You will understand how your scanner works to create digital data and how to edit that data. Both are necessary to produce the great results you are expecting-and can quickly get.
