The Phantom Comics and the New Left Robert Aman, 2020-02-14 This book is about the Phantom in Sweden, or, more correctly, about Sweden in the Phantom. Robert Aman uncovers how a peripheral American superhero – created in 1936 by

Lee Falk – that has been accused of both racism and sexism has become a national concern in a country that several researchers have labelled the most antiracist and gender equal in the world. When a group of Swedish creators began their official production of licensed scripts based on The Phantomcomic in 1972, the character was redefined through the prism of New Left ideology. The plots of these comics, besides aiming to entertain, also sought to affirm for readers the righteousness and validity of an ideological doctrine that, at the time, was dominant among the Swedish public and influential in the country's foreign policy. Ultimately, Aman demonstrates how the Swedish Phantom embodies values and a political point of view that reflect how Sweden sees itself and its role in the world.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's

work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
