The Prop Builder's Molding & Casting Handbook

Thurston James, 1989-11-15 The Prop Builder's Molding & Casting Handbook & break; & break; This is the first book to contain, in one comprehensive volume, every molding and casting procedure of use to the theater props builder (no matter what his or her level or proficiency). The author demonstrates the techniques involved in using more than thirty different materials ranging from papier-mache to breakaway glass. & break; & break; While the use of some materials—plaster and polyester resins, for example—is covered to some extent in other publications, information on the selection and use of rubber materials (latex, neoprene, silicone, and the urethanes) and the procedure for making breakaway windows and bottles is available only in The Prop Builder's Molding & Casting Handbook. & break; & break; Written in an easy, conversational style, the book will be useful to anyone involved with theater properties, puppetry, and costuming (as professionals or amateurs). It will also serve admirably the needs of students taking classes in those subjects.

& break; & break; Completing the book is a special section on designing and building a vacuum forming machine suitable for use in constructing theater props. More than 450 photographs illustrate the step-by-step procedures explained throughout the entire text.

European Buildings Florian Richter, Peter Dennis, 2018-08-15

This is the perfect add-on supplement not just for Helion's famous 'Paper Boys' book series but for other wargames periods and systems too. In this book you will find all the building you need for a 18th and 19th rural or city landscaped terrain. Here will be some 22 pages of artwork intended to be cut straight out of the book pages. Subjects to include village buildings, a church, farmhouse, windmill etc. The models are scaled to 28mm, but through deft use of a photocopier can be rescaled for other

popular sizes of figures.

Last Days: Zombie Apocalypse Ash Barker, 2018-06-28 Last Days: Zombie Apocalypse is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face – mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

Ship Modeling Simplified: Tips and Techniques for Model Construction from Kits Frank Mastini, 1990-03-22 In Ship Modeling Simplified, master model builder Frank Mastini puts to paper the methods he's developed over 30 years at the workbench to help novices take their first steps in an exciting pastime. You don't need the deftness of a surgeon or the vocabulary of an old salt to build a model. What you need is an understanding coach. Mastini leads readers from the mysteries of choosing a kit and setting up a workshop through deciphering complicated instructions and on to painting, decorating, and displaying finished models--with patience and clarity, not condescension. He reveals dozens of shortcuts: How to plank a hull egg-shell tight; how to build and rig complicated mast assemblies without profanity; how to create sails that look like sails. . . . And along the way he points out things that beginners usually do wrong--beforehand, not after they've taken hammers to their projects. Ship Modeling Simplified even includes an Italian-English dictionary of nautical terms, the key to assembling the

many high-quality Italian kits on the American market. Model building is fun, and not nearly as difficult as some experts would have you believe. Here is everything you'll ever need to get started in a hobby that will last a lifetime.

The Horus Heresy: Collected Visions Alan

Merrett,2007-06-26 In this omnibus addition, all four volumes of the Horus Heresy art books are brought together for the first time. It tells the full story of this pivotal period in the history of the Warhammer 40,000 universe, in which the arch-traitor Horus betrayed Emperor of Mankind. The epic tale is described in one huge tome with exciting text and masses of fantastic art.

Flesh Tearers Andy Smillie,2016-02-09 Formed in the

aftermath of the Horus Heresy, the Flesh Tearers, veterans of the Blood Angels Legion now cast adrift, gather behind their leader, Chapter Master Amit, and set out to forge their own destiny. None of the scions of Sanguinius are as bloody or wrathful as the Flesh Tearers. The fury of this Chapter, scorned by the Blood Angels and many of their successors, is legendary. Within them, the Black Rage is made manifest, a curse on the Imperium and its enemies. In the uncertain years following the end of the Great Heresy, it fell to Amit to lead this benighted Chapter. Upon his shoulders lay a heavy burden, for to prevent their own self-annihilation, the Flesh Tearers must not only fight their many foes but their very nature itself.

Blades of Damocles Phil Kelly,2017-04-04 Setting out to

exterminate the upstart Tau Empire before it becomes a threat, the Ultramarines under Captain Atheus discover that the xenos may be more of a menace than they originally believed... The Imperium of Man takes its bloody revenge upon the expansionist tau in a war of dizzying spectacle. For the first time, the daredevil warriors of the Ultramarines Assault Company go to war en masse, fighting in the skies, in the streets, and even in the prototype testing facilities of the tau Earth caste. However, Sergeants Sicarius and Numitor must overcome their hunger for

glory as the brightest stars of the Tau Empire, Commanders Farsight and Shadowsun, hunt them to the brink of disaster. Tempers run short as battle-brothers fall, ammunition runs out and the course of the war takes ever-darker twists and turns. With two warrior cultures struggling for a vital edge and the body count spiralling towards a terrible conclusion, can notions of honour and duty survive at all?

Legacy of Dorn Mike Lee, 2018-10-09 Trapped behind enemy lines during the invasion of Rynn's World, Sergeant Galleas and his squad must rally the human survivors of the greenskin attack and teach them to fight back, if any of them are to survive. Veteran Sergeant Sandor Galleas is the epitome of a Crimson Fists Space Marine: proud, courageous, and unyielding, even in the face of impossible odds. But when disaster befalls the Chapter during the ork invasion of Rynn's World, Galleas's convictions are put to the ultimate test. Trapped deep in enemy territory, Galleas, his squad, and a band of human survivors, must fight the greenskins by any means necessary if they - and the Crimson Fists Chapter - are to survive.

Black Legion Aaron Dembski-Bowden, 2018-07-10 Returning after his long self-imposed exile, Abaddon offers the disparate Chaos Space Marine warbands within the Eye of Terror a simple choice - join him or die. Ezekyle Abaddon and his warlords strive to bind the newborn Black Legion together under threat of destruction. Now Khayon, Abaddon's most-trusted assassin, is tasked with ending the threat of Thagus Daravek, the self-proclaimed Lord of Hosts and a rival to the dark fate that Abaddon claims as his own. Fighting the vile whispers of the Dark Gods within his mind, Abaddon turns a fevered gaze back to the Imperium, where his true destiny awaits. Yet the Emperor's Champion and his Black Templars stand guard at the gates of Hell, and Sigismund has waited centuries to face Abaddon in battle...

The Emperor's Will John Blanche, David Gallagher, 2011 A

celebration of the art of Warhammer 40,000, this text focuses on the astropaths, navigators, inquisitors and other agents of the Imperium that add to the richness of this war-torn universe.

She can never please her mother. She tries but somehow they are not on the same wavelength. A random meeting at the top of a ski run on Christmas Day leads her to a very exciting week, much to her mother's disapproval. Lucy despairs that her mother will never accept her new boy friend. Kim is totally fed up with her young stepmother. She decides to run away. Not a simple task as her father is the President of the USA. Help comes in the form of an old veterinary surgeon. Will they both escape and allow Kim to follow her dream. Samantha is at her wits end. She is all alone in Norfolk just before Christmas. A chance meeting at the top of a church tower results in a job in a ski resort and an epic flight in a small plane to Kenya may cause more problems than it solves.
