This Isn't Happening Steven Hyden,2020-09-29 THE MAKING AND MEANING OF RADIOHEAD'S GROUNDBREAKING, CONTROVERSIAL, EPOCHDEFINING ALBUM, KID A. In 1999, as the end of an old century loomed, five musicians entered a recording studio in Paris without a deadline. Their band was widely recognized as the best and most forward-thinking in rock, a rarefied status granting them the time, money, and space to make a masterpiece. But Radiohead didn't want to make another rock record. Instead, they set out to create the future. For more than a year, they battled writer's block, intra-band disagreements, and crippling self-doubt. In the end, however, they produced an album that was not only a complete departure from their prior guitar-based rock sound, it was the sound of a new era—and it embodied widespread changes catalyzed by emerging technologies just beginning to take hold of the culture. What they created was Kid A. Upon its release in 2000, Radiohead's fourth album divided critics. Some called it an instant classic; others, such as the UK music magazine Melody Maker, deemed it tubby, ostentatious, self-congratulatory... whiny old rubbish. But two decades later, Kid A sounds like nothing less than an overture for the chaos and confusion of the twenty-first century. Acclaimed rock critic Steven Hyden digs deep into the songs, history, legacy, and mystique of Kid A, outlining the album's pervasive influence and impact on culture in time for its twentieth anniversary in 2020. Deploying a mix of criticism, journalism, and personal memoir, Hyden skillfully revisits this enigmatic, alluring LP and investigates the many ways in which Kid

A shaped and foreshadowed our world.

Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

Hellraiser Mark Alan Miller,2022-11-20 Thirty years after Kirsty Cotton escaped from the clutches of the Hell Priest, Pinhead, and lived to fight another day, her life has never been the same. Every few years she fashions a new name, a new identity, and a new home for herself; She is a woman who is running from her past at all costs, which is why it comes as such a surprise when she receives a mysterious letter in the mail, addressed to the woman she's been running from over half her life.

Answering the letter's query, she begins a descent down a rabbit hole to the ultimate confrontation. Her actions stir something unnamable in the ether and throw her into a game where nothing, not even what she sees in front of her very eyes, can be trusted. With equal parts economy and eloquence, author Mark Alan Miller brings to life the beginning of the end as The Toll expands the Hellraiser universe, and shows that before Harry D'Amour's adventures in The Scarlet Gospels, there was a first witness to Pinhead's infernal plan. This new illustrated edition included new artwork by Derik Hefner as well as three terrifying short stories.
