Instead, Drew's doodles prefer to explore the world outside. But after an inspiring class trip to the Art Institute of Chicago--where the doodles cause a bit too much trouble--Drew decides it's time to take her artistic talents to the next level. Enter the Leviathan--Levi, for short. He's bigger and better than anything Drew has ever created before. He's a monster, but a friendly one. That is, until Levi begins to wreak havoc on Drew's other doodles--and on the heroes her classmates have dreamt up. Levi won't be easily tamed, and it seems there is a link between the monster's bad behavior and Drew's feelings. With the help of her loyal art club friends, will she be able to save Doodleville--and Levi--before it's too late?

**This Isn't Happening** Steven Hyden,2020-09-29 THE MAKING AND MEANING OF RADIOHEAD'S GROUNDBREAKING, CONTROVERSIAL, EPOCHDEFINING ALBUM, KID A. In 1999, as the end of an old century loomed, five musicians entered a recording studio in Paris without a deadline. Their band was widely recognized as the best and most forward-thinking in rock, a rarefied status granting them the time, money, and space to make a masterpiece. But Radiohead didn't want to make another rock record. Instead, they set out to create the future. For more than a year, they battled writer's block, intra-band disagreements, and crippling self-doubt. In the end, however, they produced an album that was not only a complete departure from their prior guitar-based rock sound, it was the sound of a new era-and it embodied widespread changes catalyzed by

emerging technologies just beginning to take hold of the culture. What they created was Kid A. Upon its release in 2000, Radiohead's fourth album divided critics. Some called it an instant classic; others, such as the UK music magazine Melody Maker, deemed it tubby, ostentatious, self-congratulatory... whiny old rubbish. But two decades later, Kid A sounds like nothing less than an overture for the chaos and confusion of the twenty-first century. Acclaimed rock critic Steven Hyden digs deep into the songs, history, legacy, and mystique of Kid A, outlining the album's pervasive influence and impact on culture in time for its twentieth anniversary in 2020. Deploying a mix of criticism, journalism, and personal memoir, Hyden skillfully revisits this enigmatic, alluring LP and investigates the many ways in which Kid A shaped and foreshadowed our world.

**The Body Nirvana** Garima Gupta,2017-04-10 Winner of The International Book Awards, 2019 The body listens, remembers and speaks to us. We receive the body's messages all the time, although we seldom recognize them. Our body expresses its unmet needs and calls for attention in many ways. And so it is with weight. This is a puzzling matter only because some pieces of the puzzle are not in the box you were handed. Your weight is not a body issue. Excess weight is really a multi-dimensional problem showing up as an oversized body. Popular media is still full of diet and exercise advice that is based on sacrifice and punishment. Too few books use this research to show how weight can be reduced in a happier and healthier way. The Body Nirvana is about gradually letting go of everything that literally and metaphorically weighs you down. It is time to rejoice in your body's vitality and its capacity to take you towards your life's goals!

*The Women of Little Lon* Barbara Minchinton,2021-08-16 A vivid account of a remarkable but little-known chapter in Melbourne's history Sex workers in nineteenth-century Melbourne were judged morally corrupt by the respectable world around them. But theirs was a thriving trade, with links to the police and political leaders of the day, and the leading brothels were usually managed by women. While today a city lane is famously named after Madame Brussels, the identities of the other 'flash madams', the 'dressed girls' who worked for them and the hundreds of women who solicited on the streets of the Little Lon district of Melbourne are not remembered. Who were they? What did their daily lives look like? What became of them? Drawing on the findings of recent archaeological excavations, rare archival material and family records, historian Barbara Minchinton brings the fascinating world of Little Lon to life. Barbara Minchinton is a historian and independent researcher. For several years she collaborated with a team of archaeologists on the interpretation of artefacts from Melbourne's Little Lon district. She is the co-editor of The Commonwealth Block, Melbourne, a historical archaeology of the city's working-class and immigrant communities, and the author of The Women of Little Lon.
