One Man's Wilderness Richard Proenneke, Sam Keith, 2013-03 To live in a pristine land, unchanged by man; to roam a wilderness through which few other humans pass; to choose an idyllic site, cut trees and build a log cabin; to be a self-sufficient craftsman, making what is needed from materials available; to be not at odds with the world, but content with one's own thoughts and company. Thousands have had such dreams but Richard Proenneke lived them. He found a place, built a cabin and stayed to become part of the country. [This] is a simple account of the day-to-day explorations and activities he carried out alone and the constant chain of nature's events that kept him company--Publisher's description.

Tula Pink's City Sampler Tula Pink, 2013-04-17
Create a sampler quilt as unique as you are! Tula Pink gives you an inspiring quilt block collection with Tula Pink's City Sampler. Make a beautiful, modern quilt of your own design with the 100 original quilt blocks or try one of the 5 city-themed sampler quilts designed by Tula. A note from Tula: You will notice...that the blocks are not named but simply numbered. This is intentional. I may have designed the blocks and given you the instructions on what to cut and where to stitch, but I have not infused the blocks with any meaning. This is your quilt. The fabrics that you choose, the colors that you use and why you are making it are what will give the quilt a purpose. Name your blocks, write in the margins, cross out the ones that you don't like, draw hearts around the ones that you love. In a perfect world, everyone's book would end up looking like a journal, coffee stains and all. The more adventurous ones might rename the book and write their own introduction. Tula Pink's City Sampler is a collaboration between you and me. I am the platform and you are the speaker, so stand on my shoulders and tell the future who you are and why you make.

Destiny of the Republic Candice Millard, 2012-06-12 NATIONAL BESTSELLER • The extraordinary account of James Garfield's rise from poverty to the American presidency, and the dramatic history of his assassination and legacy, from the bestselling author of *The River of Doubt*.

Crisp, concise and revealing history.... A fresh narrative that plumbs some of the most dramatic days in U.S. presidential history. —The Washington Post James Abram Garfield was one of the most extraordinary men ever elected president. Born into abject poverty, he rose to become a wunderkind scholar, a Civil War hero, a renowned congressman, and a reluctant presidential candidate who took on the nation's corrupt political establishment. But four months after Garfield's inauguration in 1881, he was shot in the back by a deranged office-seeker named Charles Guiteau. Garfield survived the attack, but became the object of bitter, behind-the-scenes struggles for power—over his administration, over the nation's future, and, hauntingly, over his medical care. Meticulously researched, epic in scope, and pulsating with an intimate human focus and high-velocity narrative drive, *The Destiny of the Republic* brings alive a forgotten chapter of U.S. history. Look for Candice Millard's latest book, *River of the Gods*.
