Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Grasslands is a tabletop role-playing game book, half setting, half adventure, and half epic trip; inspired by psychedelic heavy metal, the Dying Earth genre, and classic Oregon Trail games. The World's Oldest Alphabet Douglas Petrovich,2016 For about 150 years, scholars have attempted to identify the language of the world's first alphabetic script, and to translate some of the inscriptions that use it. Until now, their attempts have accomplished little more than identifying most of the pictographic letters and translating a few of the Semitic words. With the publication of The World's Oldest Alphabet, a new day has dawned. All of the disputed letters have been resolved, while the language has been identified conclusively as Hebrew, allowing for the translation of 16 inscriptions that date from 1842 to 1446 BC. It is the author's reading that these inscriptions expressly name three biblical figures (Asenath, Ahisamach, and Moses) and greatly illuminate the earliest Israelite history in a way that no other book has achieved, apart from the Bible.

Scarlet Citadel for 5th Edition Steve Winter,2021-08-17 Once a functional fortress where wizards honed their eldritch craft, little now remains of the Scarlet Citadel--on the surface. The place now has a sinister and deadly reputation among adventurers and lorekeepers, and for good reason. The dungeon's well-trod stairs have seen few return from their journeys below. Here, deep underground, dwarven mercenaries once bred their owlbears for war, sorcerers from the White Forest practiced their arts, and strange cults from other realms drew from mysterious nodes of power. Ancient treasures and secrets are still scattered everywhere. Malevolent creatures spin shadowy webs, enchant foul magics, and summon forth dark gods. The Scarlet Citadel for 5th Edition hardcover is: * A massive hardcover tome containing a classic-style adventure for 10 levels of play, fully compatible for D&D 5E. * Easily paired with the Scarlet Citadel Map Folio, a fold-out set of playable battle maps from Kobold Press. * Suited for newcomers to tabletop RPGs as well as long-time Game Masters. * Optimized for evocative combats and magical mysteries, and brimming with plots and subplots to uncover. * Full of original traps and new monsters as well as a complete write-up of the nearby town of Redtower, where the adventurers can set up a home base.
