7" Kara Becca Hillburn, 2014 Beneath an old porch. Up in a forgotten attic. In a dusty corner of a basement. Lilliputians are tiny people who occupy the in-between spaces of our world. Sometimes, if you're careful, you can catch a glimpse of one.7 Kara is a suburban fantasy comic aimed at young girls. Inspired by books such as *The Borrowers*, *The Littles*, and *Gulliver's Travels*, 7 Kara follows the adventures of the 11 year old Lilliputian Kara. Kara lives with her parents in an old doll house that's been hidden away in the back of a neglected shed. Isolated her entire life, she has few Lilliputian friends her own age, and even less experience with the outside world. Everything she knows has been learned first hand or has been taught to her by her parents. Her life changes drastically when a human family moves into the house her family lives near. Will Kara make a new friend? Or is there something darker, possibly more dangerous in store for her?7 Kara is an ongoing watercolor children's comic written and illustrated by Becca Hillburn. Collected in this first volume are the first four chapters of the main comic, a bonus story featuring Kara, and a selection of concept art. Full color, 112 pages of content, 71 pages of comic.

Thirteen Moons Charles Frazier, 2006-10-03 This magnificent novel by one of America's finest writers is the epic of one man's remarkable journey, set in nineteenth-century America against the background of a vanishing people and a rich way of life. At the age of twelve, under the Wind moon, Will is given a horse, a key, and a map, and sent alone into the Indian Nation to run a trading post as a bound boy. It is during this time that he grows into a man, learning, as he does, of the raw power it takes to create a life, to find a home. In a card game with a white Indian named Featherstone, Will wins—for a brief moment—a mysterious girl named Claire, and his passion and desire for her spans this novel. As Will's destiny intertwines with the fate of the Cherokee Indians—including a Cherokee Chief named Bear—he learns how to fight and survive in the face of both nature and men, and eventually, under the Corn Tassel Moon, Will begins the fight against Washington City to preserve the Cherokee's homeland and culture. And he will come to know the truth behind his belief that "only desire trumps time." Brilliantly imagined, written with great power and beauty by a master of American fiction, *Thirteen Moons* is a stunning novel about a man's passion for a woman, and how loss, longing and love can shape a man's destiny over the many moons of a life.

The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." Black Ops Guy Bowers, 2015-10-20 *Black Ops* is a skirmish wargame of tactical espionage combat that recreates the tension and excitement of modern action-thrillers such as the Bond and Bourne films. The fast-play rules keep all the players in the thick of the action, while the mission generator provides a wide range of options for scenarios – from stealthy extraction or surveillance missions to more overt raids and assaults. Stealth, combat, and technical expertise all have a role to play, and players may recruit a number of different operative types – spies, mercenaries, criminals, hackers, special forces, and many more – to recruit the best possible team for the job. Players may also choose to join a faction – powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may

receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of Black Ops should ever be the same!

Cosmogramma Courttia Newland, 2021-11-02 A dark and incisive collection of speculative short stories set in an alternate future of interstellar space travel, robots, mythical creatures, and the uncanny. Newland easily engages readers with complex world-building, well-shaded characters, and stories as entertaining as they are meaningful. It's no small feat to so immediately and repeatedly appeal to readers' hearts and minds, and Newland's mastery of short-format storytelling is sure to impress. Speculative fiction fans won't be able to put this down. —Publishers Weekly, starred review Newland's writing is in league with a host of SF subgenres, from pulpy space opera to N.K. Jemisin-style Afrofuturism to Jeff VanderMeer-esque eco-fiction. But his chief skill is weaving those tropes into stories that are both wildly speculative and on the news . . . Wide-ranging and deeply imaginative; Newland is equally at home in council flats and deep space. —Kirkus Reviews In his exquisite first collection of speculative fiction, Courttia Newland envisages an alternate future as lived by the African diaspora. Kill parties roam the streets of a post-apocalyptic world; a matriarchal race of mer creatures depends on interbreeding with mortals to survive; mysterious seeds appear in cities across the world, growing into the likeness of people in their vicinity. Through transfigured bodies and impossible encounters, Newland brings a sharp, fresh eye to age-old themes of the human capacity for greed, ambition, and self-destruction, but ultimately of our strength and resilience.

Oathmark: Bane of Kings Joseph A. McCullough,2021-06-24 Time is the bane of all kings. Always does it march forward, bringing change and challenges, wars and disasters, invaders and internal rebellion. This supplement for Oathmark: Battles of the Lost Age, focuses on the passage of time and its effect on a players kingdom. While wars and battle still determine their ultimate fate, many other events can affect the armies of a kingdom. Plagues and blights can reduce access to soldiers from specific territories. Attempted coups can cost a king some of his best generals. On the other hand, unexpected alliances might give a kingdom access to unusual troops, or the birth of a new heir might bring wondrous presents. Along with the rules for the passing of years, this book also presents the option to train your units to fight in special formations, such as phalanxes, shield walls, and skirmish lines. These will allow players to use their existing armies to try out new strategies and tactics to swing their battle in their favour. This book also includes several new military expeditions, including numerous scenarios, to once again challenge a player's generalship.
