**Twelve Years a Slave** Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today.

For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Horror Noire** Robin R. Means Coleman, 2013-03 From King Kong to Candyman, the boundary-pushing genre of the horror film has always been a site for provocative explorations of race in American popular culture. In *Horror Noire: Blacks in American Horror Films from 1890's to Present*, Robin R. Means Coleman traces the history of notable characterizations of blackness in horror cinema, and examines key levels of black participation on screen and behind the camera. She argues that horror offers a representational space for black people to challenge the more negative, or racist, images seen in other media outlets, and to portray greater diversity within the concept of blackness itself. *Horror Noire* presents a unique social history of blacks in America through changing images in horror films. Throughout the text, the reader is encouraged to unpack the genre's racialized imagery, as well as the narratives that make up popular culture's commentary on race. Offering a comprehensive chronological survey of the genre, this book addresses a full range of black horror films, including mainstream Hollywood fare, as well as art-house films, Blaxploitation films, direct-to-DVD films, and the emerging U.S./hip-hop culture-inspired Nigerian Nollywood Black horror films. *Horror Noire* is, thus, essential reading for anyone seeking to understand how fears and anxieties about race and race relations are made manifest, and often challenged, on the silver screen.

**Border Bang** Jorge Guttiérrez, 2018-11-13 WHEN MEXICAN FOLKORE MEETS U.S. POP CULTURE!!!! Border Bang is a passionate love letter to the Tijuana and US border, documenting the bootleg artifacts sold to locals and tourists alike. Reappropriating the bombardment of pop culture images is the border's reaction to global issues and events, telling viewers and consumers not to glorify these situations but rather to acknowledge them through their subversive presentation. Border artisans and shysters digest the influx of international popular culture, reappropriating and reconfiguring images to express themselves and empower objects with subversive ideas masked underneath bold colors and text. Raised in Tijuana, Gutierrez crossed the border to the US to attend elementary and middle school. Each day, he was dazzled and entranced by the objects being sold, creating alternative narratives to the cartoon characters and celebrity portraits that he saw. Border Bang is a reflection of his childhood narrative, using images from Mickey Mouse to Tupac Shakur to convey the reflections and meditations of global events as witnessed by the border, exploring his love affair with Mexican pop and folk culture.

The Thirteen American Arguments Howard Fineman, 2009-03-10 Howard Fineman, one of our most trusted political journalists, shows that every debate, from our nation's founding to the present day, is rooted in one of thirteen arguments that-thankfully-defy resolution. It is the very process of never-ending argument, Fineman explains, that defines us, inspires us, and keeps us free. At a time when most public disagreement seems shrill and meaningless, Fineman makes a cogent case for nurturing the real American dialogue. The Thirteen American Arguments runs the gamut, including • Who Is a Person? The Declaration of Independence says "everyone," but it took a Civil War, the Civil Rights Act, and other movements to make that a reality. Now, what about human embryos and prisoners in Guantanamo? • The Role of Faith No country is more legally secular yet more avowedly prayerful. From Thomas Jefferson to James Dobson, the issue persists: Where does God fit in government? • America in the World In Iraq and everywhere else, we ask ourselves whether we must change the world in order to survive and honor our values-or whether the best way to do both is to deal with the world as it is. Whether it's the nomination of judges or the limits of free speech, presidential power or public debt, the

issues that galvanized the Founding Fathers should still inspire our leaders, thinkers, and fellow citizens. If we cease to argue about these things, we cease to be. "Argument is strength, not weakness," says Fineman. "As long as we argue, there is hope, and as long as there is hope, we will argue."

Icons Unmasked Alex Solis,2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense *deja vu*. There's something about their goofy grin, that creepy laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new? In Icons Unmasked, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever
