Hughesworld Arelo C. Sederberg,2013-01-17 Hughesworld is an authentic account written by a press spokesman for Howard Hughes that traces the highlights of his varied life in motion pictures and aviation but concentrates on the management struggle that followed his death in 1976. Hughes died intestate, or without a valid will, opening up a circus of phony will documents. In addition hundreds of far-distant relatives staked claims. A first cousin, Texas lawyer William Lummis, assumed control after a long and bitter struggle with executives and lawyers who had previously managed Hughes' businesses. Hughes is shown as a brilliant aviation pioneer and aircraft designer, as well as a motion picture producer and an able if unorthodox industrialist. At one time he owed a major airline, TWA, a leading oil well drilling bit company, Hughes Tool, and a missile and electronics concern, Hughes Aircraft. In the final phase of his business life, he owned six Las Vegas hotel-casinos. He ended as a tragic character, living secluded in pain from injuries sustained in plane crashes, rendered helpless by drugs.

Howard Hughes Darwin Porter, 2005 Set amid descriptions of the unimaginable changes that affected America between Hughes's birth in 1905 and his death in 1976, this book gives an insider's perspective about what money can buy, and what it can't.

Howard, the Amazing Mr. Hughes Noah Dietrich, Bob Thomas, 1976

Howard Hughes George J Marrett, 2016-05-15 George J. Marrett, a former test pilot for aviator Howard Hughes, separates fact from fiction to tell the inside story of the genius who set flight speed records in the 1930s and went on to develop some of America's most famous aircraft and weapons. The author draws on his wealth of experiences and those of other Hughes confidants to take readers inside Hughes's complex and clandestine world. Age of Secrets Gerald Bellett, 2022-05-20 An acclaimed non-fiction international political thriller exposing the real reason for Watergate, the hidden death of Howard Hughes, and the illicit activities of the U.S. Central Intelligence Agency (CIA), with the CIA's worldwide pursuit of John Meier trying to expose it all, including revealing information on the Robert F. Kennedy Assassination and Critical Comments by New York Times bestselling author Jim Houghan. THE MAJOR MOTION PICTURE IN DEVELOPMENT 'MEIERGATE' IS ABOUT THE LIFE STORY OF JOHN MEIER. During the Watergate hearings, one man wanted to tell a spellbound nation secrets about the Nixon White House, the CIA and Howard Hughes. He could have told them why the burglary happened but that was not what the Committee wanted to hear. To keep him from telling his secrets, he was persecuted, jailed and forced into exile in Canada. His name is John Meier; his employer was Howard Hughes; Age of Secrets is his

story. Former U.S. Senate candidate John Meier had Top Secret security clearance with the U.S. Government and has been referred to in the media as the man who brought down President of the United States Richard Nixon in Watergate, the greatest political scandal in U.S. history. Meier was the right-hand man to Howard Hughes, the world's richest individual, and Meier was the first person to expose the CIA's connection to the Hughes Organization and the only person to call for a congressional hearing into the death of Howard Hughes. Meier was responsible for the CIA's creation of the legal term Glomar Response, when an agency refuses to confirm or deny the existence of records or information, he was an intelligence agent with the Canadian Security Intelligence Service (CSIS), and he was involved with preventing the assassination of President of the Dominican Republic Joaquin Balaguer. Howard Hughes supplied the CIA with a cover organization to hide anything they possess or do. When Meier opted out of the organization, he became an impediment to its continued existence. John Meier was a Diplomat who operated at the highest levels of Government including as Vice Chairman of the Humphrey-Muskie National Finance Committee, during Vice President of the United States Hubert Humphrey's Presidential Campaign, serving on President Richard Nixon's Task Force on Resources and Environment and a Special Consultant to Nixon's Environmental Quality Advisory Committee, and an advisor to several U.S. Senators including Senators Hubert Humphrey, Robert F. Kennedy, and Mike Gravel, who credited Meier with preventing the spread of nuclear power within the United States. The full U.S. Senate Watergate Committee granted Meier immunity, in order for Meier to testify at a public Watergate hearing on the relationships between the Nixon Administration and Howard Hughes. Meier was the next person to testify to tell the world what he knew, but the Watergate hearings went back into secret session to prevent Meier from revealing what he was going to expose as he was told his testimony would be too damaging and that a lot of people

were worried that too much would be uncovered about Howard Hughes' dealings beyond President Nixon. Meier has been a major source to the media, including America's top investigative reporter, The Washington Post's Jack Anderson, and attempted to then expose what he knew through the media, with the CIA pursuing Meier across the U.S., Canada, UK, Japan, Australia, Tonga, and the Dominican Republic to stop him at all cost, including framing him for a number of offences including murder, and attempting to assassinate him. In the Afterword of the book, Meier sums up his politically motivated battle by saying "My story is one of a man devastated by a corrupt system. Our governments are increasingly disrespectful of basic human rights such that we can no longer legitimately call our nations democracies. I hope that this story will contribute to changing this course".

Howard Hughes: His Life and Madness Donald L. Barlett, James B. Steele, 2011-04-11 The life that inspired the major motion picture *The Aviator*, starring Leonardo DiCaprio and directed by Martin Scorsese. Howard Hughes has always fascinated the public with his mixture of secrecy, dashing lifestyle, and reclusiveness. This is the book that breaks through the image to get at the man. Originally published under the title *Empire: The Life, Legend, and Madness of Howard Hughes*.

Citizen Hughes Michael Drosnin, 2004-11-02 Portrayed by Leonardo DiCaprio in the Martin Scorsese movie *The Aviator*, Howard Hughes is legendary as a playboy and pilot—but he is notorious for what he became: the ultimate mystery man. *Citizen Hughes* is the New York Times bestselling exposé of Hughes's hidden life, and a stunning revelation of his “megalomaniac empire in the emperor's own words” (Newsweek). At the height of his wealth, power, and invisibility, the world's richest and most secretive man kept what amounted to a diary. The billionaire commanded his empire by correspondence, scrawling thousands of handwritten memos to unseen henchmen. It was the only time Howard Hughes risked writing down his orders, plans, thoughts, fears, and desires. Hughes claimed the papers were so sensitive—“the very most confidential, almost sacred information as to my innermost activities”—that not even his most trusted aides or executives were allowed to keep the messages he sent them. But in the early-morning hours of June 5, 1974, unknown burglars staged a daring break-in at Hughes's supposedly impregnable headquarters and escaped with all the confidential files. Despite a top-secret FBI investigation and a million-dollar CIA buyback bid, none of the stolen secret papers were ever found—until investigative reporter Michael Drosnin cracked the case. In *Citizen Hughes*, Drosnin reveals the true story of the great Hughes heist—and of the real Howard Hughes. Based on nearly ten thousand never-before-published documents, more than three thousand in Hughes's own handwriting, *Citizen Hughes* is far more than a biography, or even an

unwilling autobiography. It is a startling record of the secret history of our times.

Science Fiction and Fantasy Film Flashbacks Tom Weaver, 1998 As a 12-year-old, Richard Eyer costarred with Robby the Robot. In Robinson Crusoe on Mars, Paul Mantee's costar was a monkey named Barney who received billing as Mona, the Woolly Monkey. Actress Randy Stuart played the wife of The Incredible Shrinking Man. Alan Caillou wrote the original pilot outline for television's The Six Million Dollar Man. Asked to look over the final script six months later, he noticed that exactly one of his lines was being used (and that out of context) and that 27 writers were being given writing credit! Tom Weaver--author of *Attack of the Monster Movie Makers*, *Science Fiction Stars and Horror Heroes*, *They Fought in the Creature Features*, and *Interviews with B Science Fiction and Horror Movie Makers*--returns with a new collection of interviews that go behind the scenes of Golden Age science fiction, horror and fantasy filmmaking. Among the interviewed are Casey Adams, John Badham, Antony Carbone, Robert Clarke, Sidney Hayers, Lewis Allen, Gene Evans, Alex Gordon, Jackie Joseph, Ken Miller, John Moxey, Arthur Ross, Arianne Ulmer, Debra Paget and Edward Dmytryk.

Self-portrait Gene Tierney, Mickey Herskowitz, 1979 'I had no trouble playing any kind of a role,' Gene Tierney writes. 'My problems began when I had to be myself.' In Hollywood's golden age, everyone knew the starring roles Miss Tierney played in her 36 films: the unwashed Ellie May in 'Tobacco Road,' the demure Martha in 'Heaven can Wait;' her appearances opposite Clark Gable, Tyrone Power, Rex Harrison, Humphrey Bogart, Henry Fonda, and, best remembered of all, as the haunting -- murdered? -- beauty of the portrait painting in 'Laura,' one of the most televised films ever. Her rollercoaster marriage to fashion designer Oleg Cassini and her globe-trotting affair with Prince Aly Khan were public property. Word of her dates with billionaire Howard Hughes and a lighthearted ex - naval officer named Jack Kennedy circulated over the years. But the inside story of

her greatest, most heart-wrenching role -- herself -- has never been told until right now. Outwardly living every woman's fantasies, she became an emotional invalid. Her marriage collapsed. Her romances failed. Her father became a cruel disappointment. Her first daughter was born deaf, blind, hopelessly retarded. At the crest of her career, Gene Tierney attempted suicide, suffered a nervous breakdown, and spent the next seven years in and out of sanatoriums. With candor, humor, and sometimes with anger, but never with self-pity or self-indulgence, she tells of her meteoric career, her long, slow, uneven recovery from 'the black tunnel of mental illness'; the struggles with her doctors, her treatments, her escape from confinement, her depressions, her mad impulses, herself, always herself ... and finally on to a happy remarriage and tranquillity.

Houston's Silent Garden Suzanne Turner, Joanne Seale Wilson, 2010-03-22 Glenwood Cemetery has long offered a serene and pastoral final resting place for many of Houston's civic leaders and historic figures. In *Houston's Silent Garden*, Suzanne Turner and Joanne Seale Wilson reveal the story of this beautifully wooded and landscaped preserve's development—a story that is also very much entwined with the history of Houston. In 1871, recovering from Reconstruction, a group of progressive citizens noticed that Houston needed a new cemetery at the edge of the central city. Embracing the picturesque aesthetic that had swept through the Eastern Seaboard, the founders of Glenwood selected land along Buffalo Bayou and developed Glenwood. Since then, the cemetery's monuments

have memorialized the lives of many of the city's most interesting residents (Allen, Baker, Brown, Clayton, Cooley, Cullinan, Farish, Hermann, Hobby, House, Hughes, Jones, Law, Rice, Staub, Sterling, Weiss, and Wortham, among many others). The monuments also showcase the artistry and craftsmanship of some of the region's finest sculptors and artisans. Accompanied by the breathtaking photography of Paul Hester, this book chronicles the cemetery's origins from its inception in 1871 to the present day. Through the story of Glenwood, readers will appreciate some of the natural features that shaped Houston's evolution and will also begin to understand the forces of urbanization that positioned Houston to become the vital community it is today. Houston's Silent Garden is a must-read for those interested in Houston civic and regional history, architecture, and urban planning.
