Film Theory Thomas Elsaesser,Malte Hagener,2015-03-12 What is the relationship between cinema and spectator? This is the key question for film theory, and one that Thomas Elsaesser and Malte Hagener put at the center of their insightful and engaging book, now revised from its popular first edition. Every kind of cinema (and every film theory) first imagines an ideal spectator, and then maps certain dynamic interactions between the screen and the spectator's mind, body and senses. Using seven distinctive configurations of spectator and screen that move progressively from 'exterior' to 'interior' relationships, the authors retrace the most important stages of film theory from its beginnings to the present—from neo-realist and modernist theories to psychoanalytic, 'apparatus,' phenomenological and cognitivist theories, and including recent cross-overs with philosophy and neurology. This new and updated edition of *Film Theory: An Introduction through the Senses* has been extensively revised and rewritten throughout, incorporating discussion of contemporary films like *Her* and *Gravity*, and including a greatly expanded final chapter, which brings film theory fully into the digital age.

Europe's Deadly Century Neil Forbes,Robin Page,Guillermo Pérez,2009 In the course of Europe's twentieth century, freedoms were won at the cost of terrible sacrifice. The physical remains of war, conflict and ideological struggle lie everywhere around us. The question of what to do with this common past, in which we all share an interest, lies at the centre of this important book. From a variety of professional backgrounds, the contributors consider a wide range of conflict-heritage sites in the context of international and national histories and regional and local historical narratives. Questions of who 'owns' the past, the ambiguities over how people identify with the local community or nation state, and whether or how to make moral judgements, are central. The book illustrates the challenges of documenting and describing what are often extensive, contested and sometimes enigmatic and ambiguous buildings and monuments. The priorities of conservation, and how we ensure that documents, artefacts, sites and buildings can be given adequate and appropriate protection and care, are also addressed. This book will be of interest to a wide range of professional practitioners, academics and policy-makers, as well as the general reader, and will open the way to a deeper understanding of the significance of Europe's conflict heritage.

Weston Super Mare & the Aeroplane Ted Johnson,2013-12-11 The first book to tell the full story of the association that Weston-super-Mare had with the aeroplane.

Helicopter Pilot's Manual Norman Bailey,2010-02-01 This revised and expanded edition covers some of the more advanced piloting skills required to fly a helicopter over difficult terrain or in demanding circumstances. Mountains and hills present some of the most frequently encountered problems, as do adverse weather conditions, winter operations, carrying loads, forced landings, and rescue or other special operations. This book gives sound guidance and advice on how to evaluate and deal with many of these situations.

Postwar Aircraft Jerry Scutts,2000-10-27 Postwar military aviation is dominated by the multi-role jet aircraft. This book looks at military jets from the F-86 Sabre of the Korean War through to the Tornados and F-18s of today and the key issues associated with accurate detailing, markings and camouflage schemes.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a

mystery, though it is thought that he struggled to cope with family life after being freed.

The Business Secrets of Drug Dealing Matt Taibbi,Reggie Harris,2022-10-04 The Business Secrets of Drug Dealing tells the story of a hyper-observant, politically-minded, but humorously pragmatic weed dealer who has spent a working life compiling rules for how to a) make money and b) avoid prison. Each rule shapes a chapter of this fast-paced outlaw tale, all delivered in Huey Carmichael's deliciously trenchant argot. Here are a few of them: No guns but keep shooters. Stay behind the white guy. Don't snitch. Always have a job. Be multi-sourced. Get your money and get out. Part edge-of-the-seat suspense story, part how-to manual in the tradition of The Anarchist Cookbook, The Business Secrets of Drug Dealing is as scintillating as it is subversive. Just reading it feels illegal.
