Sword of Hyperborea #3 Mike Mignola,Rob Williams,2022-03-16 An expert diver is faced with the extreme dangers of the supernatural and the real when he's forced to retrieve a mysterious artifact from a crashed zeppelin in the English Channel. How many second chances is one man allowed to have, even when wielding the sword of Hyperborea? Hellboy creator Mike Mignola gives us a new tale from the world of Hellboy, cowritten by Rob Williams and featuring the art of Mignolaverse veteran Lawrence Campbell in an all-new series of Hellboy lore!

Hacker, Hoaxer, Whistleblower, Spy Gabriella Coleman,2015-10-06 The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside-outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

Batman: The Dark Knight Returns Frank Miller,1997-05-01 A NEW YORK TIMES Bestseller! Hailed as a comics masterpiece, THE DARK KNIGHT RETURNS is Frank Miller's (300 and SIN CITY) reinvention of the legend of Batman. It remains an undisputed classic, one of the most influential stories ever told in comics, and is a book cited by the filmmakers as an inspiration for the most recent Batman movies. It is ten years after an aging Batman has retired and Gotham City has sunk deeper into decadence and lawlessness. Now, as his city needs him most, the Dark Knight returns in a blaze of glory. Joined by Carrie Kelly, a teenage female Robin, Batman takes to the streets to end the threat of the mutant gangs that have overrun the city. And after facing off against his two greatest enemies, the Joker and Two-Face, for the final time, Batman finds himself in mortal combat with his former ally, Superman, in a battle that only one of them will survive. This collection is hailed as a comics masterpiece and was responsible for the launch of the Christopher Nolan Batman movies. This volume collects BATMAN: THE DARK KNIGHT RETURNS #1-4.

The Dunwich Horror (📖📖📖📖📖) Howard Phillips Lovecraft,2011-09-15 This early work by H. P. Lovecraft was originally published in 1929. Born in 1890 in Rhode Island, USA, Lovecraft began writing at a very young age, quickly developing a deep and abiding interest in science. In 1913, Lovecraft joined the UAPA (United Amateur Press Association) but it was four years later, in 1917, that he began to focus on fiction, producing such well-known early stories as 'Dagon' and 'A Reminiscence of Dr. Samuel Johnson'. However, it was during the last decade of his life that Lovecraft produced his most notable works, such as 'the Dunwich Horror' and 'The Call of Cthulhu' which subsequently earned him his place as one of the most influential horror writers of the 20th century. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.

The Art of Fallout 4 Various,2015-12-08 Bethesda Game Studios, the award-winning creators of Fallout® 3 and The Elder Scrolls V: Skyrim®, welcome you to the world of Fallout® 4 - their most ambitious game ever, and the next generation of open-world gaming. The Art of Fallout 4 is a must-have collectible for fans and a trusty companion for every Wasteland wanderer. Featuring never-before-seen designs and concept art from the game's dynamic environments, iconic characters, detailed weapons, and more -- along with commentary from the developers themselves.

Creating the National Park Service Horace M. Albright,Marian Albright Schenck,1999 Two men played a crucial role in the creation and early history of the National Park Service: Stephen T. Mather, a public relations genius of sweeping vision, and Horace M. Albright, an able lawyer and administrator who helped transform that vision into reality. In Creating the National Park Service, Albright and his daughter, Marian Albright Schenck, reveal the previously untold story of the critical missing years in the history of the service. During this period, 1917 and 1918, Mather's problems with manic depression were kept hidden from public view, and Albright, his able and devoted assistant, served as acting director and assumed Mather's responsibilities. Albright played a

decisive part in the passage of the National Park Service Organic Act of 1916; the formulation of principles and policies for management of the parks; the defense of the parks against exploitation by ranchers, lumber companies, and mining interests during World War I; and other issues crucial to the future of the fledgling park system. This authoritative behind-the-scenes history sheds light on the early days of the most popular of all federal agencies while painting a vivid picture of American life in the early twentieth century.

Newsgames Ian Bogost, Simon Ferrari, Bobby Schweizer, 2012-09-21 How videogames offer a new way to do journalism. Journalism has embraced digital media in its struggle to survive. But most online journalism just translates existing practices to the Web: stories are written and edited as they are for print; video and audio features are produced as they would be for television and radio. The authors of Newsgames propose a new way of doing good journalism: videogames. Videogames are native to computers rather than a digitized form of prior media. Games simulate how things work by constructing interactive models; journalism as game involves more than just revisiting old forms of news production. Wired magazine's game Cutthroat Capitalism, for example, explains the economics of Somali piracy by putting the player in command of a pirate ship, offering choices for hostage negotiation strategies. Videogames do not offer a panacea for the ills of contemporary news organizations. But if the industry embraces them as a viable method of doing journalism—not just an occasional treat for online readers—newsgames can make a valuable contribution.

The Toothpick Henry Petroski, 2008-11-04 A celebration culture and technology, as seen through the history of the humble yet ubiquitous toothpick, from the best-selling author of The Pencil. From ancient Rome, where emperor Nero made his entrance into a banquet hall with a silver toothpick in his mouth, to nineteenth-century Boston, where Charles Forster, the father of the American wooden toothpick industry, ensured toothpicks appeared in every restaurant, the toothpick has been an omnipresent, yet often overlooked part of our daily lives. Here, with an engineer's eye for detail and a poet's flair for language, Henry Petroski takes us on an incredible tour of this most interesting invention. Along the way, he peers inside today's surprisingly secretive toothpick-manufacturing industry, and explores a treasure trove of the toothpick's unintended uses and perils, from sandwiches to martinis and beyond.

Beneath a Starless Sky David L Craddock, 2019-11-08 Dungeons & Dragons became a cornerstone of gaming culture by providing players with dice, sheets of paper, and guidebooks that teased the imagination—all the tools they needed to build their own worlds. Influenced by all-night D&D sessions, the video game developers at Black Isle Studios and BioWare had a thought: Leave the dice-rolling to computers, letting players focus solely on creating characters and embarking on unforgettable adventures. The result was Baldur's Gate, a computer roleplaying game (CRPG) featuring breathtaking scenes, compelling characters, dozens of quests, and deep tactical battles. As financial turmoil plagued their parent company, a small team of developers broke away from Black Isle and set out to create unforgettable adventures of their own. From the early days of Fallout and Baldur's Gate, to the formation of Obsidian Entertainment and the company's fateful crowdfunding campaign that averted financial ruin, Beneath a Starless Sky explores the making of the Infinity Engine CRPGs and the critically acclaimed Pillars of Eternity franchise. Based on over 40 hours of interviews with developers from Black Isle and Obsidian-Go behind-the-scenes to witness the creation of the celebrated Infinity Engine CRPGs: Baldur's Gate, Planescape: Torment, Icewind Dale, Baldur's Gate II, and Icewind Dale II -Relive the dramatic moments that led to Obsidian's record-setting Kickstarter, and the making of 2015's Pillars of Eternity and 2018's Pillars of Eternity II: Deadfire-Sit in on a discussion of the past, present, and future of roleplaying games with Obsidian's co-founders, writers, and directors

Star Wars: Thrawn Ascendancy Timothy Zahn, 2020-09-01 _____ NEW YORK TIMES BESTSELLER Discover Thrawn's origins within the Chiss Ascendancy in the first book in an epic new Star Wars trilogy from bestselling author Timothy Zahn. Beyond the edge of the galaxy lies the Unknown Regions: chaotic, uncharted, and near impassable, with hidden secrets and dangers in equal measure. And nestled within its swirling chaos is the Ascendancy, home to the enigmatic Chiss and the Nine Ruling Families that lead them. The peace of the Ascendancy, a beacon of calm and stability, is shattered after a daring attack on the Chiss capital that leaves no trace of the enemy. Baffled, the Ascendancy dispatches one of its brightest young military officers to root out the unseen assailants. A recruit born of no title, but adopted into the powerful family of the Mitth and given the name Thrawn. With the might of the Expansionary Fleet at his back, and the aid of his comrade Admiral Ar'alani, answers begin to fall into place. But as Thrawn's first command probes deeper into the vast stretch of space his people call the Chaos, he realizes that the mission he has been given is not what it seems. And the threat to the Ascendancy is only just beginning.

The Delirium Brief Charles Stross, 2017-07-11 *2018 LOCUS AWARD FINALIST FOR BEST FANTASY NOVEL CATEGORY* “Smart, literate, funny.” —Lev Grossman, author of The Magicians Someone is dead set to air the spy agency's dirty laundry in The Delirium Brief, the next installment to Charles Stross' Hugo Award-winning comedic dark fantasy Laundry Files series! Bob Howard's career in the Laundry, the secret British government agency dedicated to protecting the world from unspeakable horrors from beyond spacetime, has entailed high combat, brilliant hacking, ancient magic, and combat with indescribably repellent creatures of pure evil. It has also involved a wearying amount of paperwork and office politics, and his expense reports are still a mess. Now, following the invasion of Yorkshire by the Host of Air and Darkness, the Laundry's existence has become public, and Bob is being trotted out on TV to answer pointed questions about elven asylum seekers. What neither Bob nor his managers have foreseen is that their organization has earned the attention of a horror far more terrifying than any demon: a British government looking for public services to privatize. Inch by inch, Bob Howard and his managers are forced to consider the truly unthinkable: a coup against the British government itself. Laundry Files 1. The Atrocity Archives 2. The Jennifer Morgue 3. The Fuller Memorandum 4. The Apocalypse Codex 5. The Rhesus Chart 6. The Annihilation Score 7. The Nightmare Stacks At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Natural Heritage from East to West Niki Evelpidou, Tomás Figueiredo, Francesco Mauro, Vahap Tecim, Andreas Vassilopoulos, 2010-01-19 Cumulative global transformations, occurring daily, affect important aspects of our life. Characteristic cultural and natural heritage, including sites of priceless value, is under constant threat. There are growing pressures, of both natural and human origin, such as wars, conflicts, natural or technological disasters and the effects of global climate change. These provoke the continuous degradation of many sites included in the World Heritage List. In consequence, immediate strategic measures must be taken. Natural heritage is our legacy from the past, that we inherited from our ancestors and pass on to future generations. It is vital to realize its value and protect it by all possible means, enforcing innovative and sustainable action plans that promote global international co-operation. This book aims to address specific natural heritage sites in Europe, from West to East. The six countries of study interest are Portugal, Malta, Greece, Italy, Romania and Turkey. For each case, the corresponding current status is presented. This is accompanied by recommended action plans for protection and conservation, training initiatives that improve the public awareness of natural heritage issues and efforts to estimate the natural/environmental value of the sites. The book is the overall result of an interregional initiative aiming to promote convergence, provoke public interest and recommend action for radical changes in our attitude towards heritage conservation.

The History of Money Jack Weatherford, 2009-09-23 “If you're interested in the revolutionary transformation of the meaning and use of money, this is the book to read!”—Charles R. Schwab Cultural anthropologist Jack Weatherford traces our relationship with money, from primitive man's cowrie shells to the electronic cash card, from the markets of Timbuktu to the New York Stock

Exchange. The History of Money explores how money and the myriad forms of exchange have affected humanity, and how they will continue to shape all aspects of our lives—economic, political, and personal. “A fascinating book about the force that makes the world go round—the dollars, pounds, francs, marks, bahts, ringits, kwansas, levs, biplwelles, yuans, quetzales, pa’angas, ngultrums, ouguiyas, and other 200-odd brand names that collectively make up the mysterious thing we call money.”—Los Angeles Times

Grail Diary Henry Jones,2016-07-28 This is a prop replica of Dr. Henry Jones personal dairy filled with notes and sketches from his many years of searching for the Holy Grail. There are 180 screen accurate pages for fans of Indiana Jones to enjoy. PLEASE NOTE: NO additional inserts included with this version and the cover is printed softcover paper, no leather.

Race for the Iron Throne: Political and Historical Analysis of a Game of Thrones Steven Attewell,2018-05-16 A GAME OF THRONES How would you like to read A Game of Thrones with a PhD by your side?Steven Attewell, creator of Race for the Iron Throne (racefortheironthrone.wordpress.com), is one of the most insightful scholars in political theory and history, but instead of devoting his talents to academia, he's delving into George R.R. Martin's A Song of Ice and Fire saga to give the most comprehensive deconstruction - and explanation - yet offered.Each one of Thrones's 73 chapters is broken down in meticulous detail in four key areas. The Political and Historical Analyses explore the political ramifications that each character's decisions entail while digging into the real-world historical incidents that inspired Martin's narrative twists and turns. What If? offers up a tantalizing look at how these political and historical elements could have played out in dozens of alternative scenarios, underscoring the majesty and complexity of Martin's storytelling. And Book vs. Show looks at the key differences - both good and bad - between the story as originally conceived on the printed page and as realized in HBO's Game of Thrones.At nearly 204,000 words, it's almost literally impossible to imagine a more exhaustive or authoritative reading companion for any novel ever before published.Note: there are spoilers for all five published novels in the Song of Ice and Fire series. About the author Steven Attewell is the author of Race for the Iron Throne, a blog that examines the history and politics of the Song of Ice and Fire series and HBO's Game of Thrones. He has a PhD in History from the University of California, Santa Barbara, where he studied the history of public policy and was a political and union activist. In addition to Race for the Iron Throne, Steven is also a co-podcaster on Game of Thrones at the Lawyers, Guns, and Money podcast, writes about public policy at the Realignment Project, and is a co-author of the Tower of the Hand: A Hymn for Spring anthology book.
