Maria Eugenia Guerra

The Beretta M9 Pistol Leroy Thompson, 2011-09-20 In 1990 the Beretta M9 replaced the venerable Colt 1911 as the main pistol of choice for the US Army, and it has seen widespread use in Iraq and Afghanistan. Written by a leading pistol expert who currently trains US Special Forces in the use of this weapon, this book is an honest appraisal of the successes and failings of the 9mm Beretta. The volume traces the Beretta designs that preceded the M9, as well as its use on the battlefield, including the impact it has had on close combat training due its the larger magazine capacity. It also details the adoption of the Beretta by US law enforcement agencies and the impact this has had. This is a fascinating history of a classic pistol and an assessment of its future use.

Complete M1 Garand Jim Thompson, 1998-05-01 A heavily illustrated, practical history for shooters and collectors alike, this book tells the complete story of the robust M1 Garand. High-quality, detailed photos; functional and troubleshooting data, including original military manuals; market information and much more make this a valuable resource on a classic battle rifle.

The Other Wes Moore Wes Moore, 2011-01-11 NEW YORK TIMES BESTSELLER • From the governor-elect of Maryland, the “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. Selected by Stephen Curry as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they’d hung out on similar corners with similar crews, and both had

run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world.

Mafia Violence Monica Massari, Vittorio Martone, 2018-11-08 Using in-depth field research and analysis of case studies, *Mafia Violence: Political, Symbolic, and Economic Forms of Violence in Camorra Clans* focuses attention on the phenomenon of violence performed by Italian organised crime groups, devoting specific attention to the Camorra, which has been responsible since the mid-1980s for almost half of all mafia homicides documented in Italy. The Camorra has acquired increased visibility at an international level due to its intense use of violence and high level of dangerousness, but until now, the study of the different forms of violence implemented by mafias has not received systematic attention at the scientific level. Hence, this book fills this gap by providing a both theoretical and empirical contribution toward the analysis of one of the most unknown – although highly visible and dangerous – dimension of mafias' action. This collection of work by distinguished scholars provides a unique overview of the multifaceted characteristics of violence currently performed by mafia groups in Italy by focusing on specific actors – i.e., Camorra clans – but also other traditional mafia organisations such as Cosa Nostra and 'Ndrangheta; specific contexts – i.e., different territories and different markets, both legal and illegal; and specific practices and performances. Part I takes a diachronic and comparative perspective to provide an overview of mafias' violence during the past 30 years, focusing on the three most prominent criminal organisations active in Italy: Camorra, Cosa Nostra, and 'Ndrangheta. Based on the outcomes of a major project carried out by a research group at the University of Naples Federico II from 2015 to 2017, Part II looks at the use of violence by Camorra clans, incorporating information from case studies, judicial files, law enforcement investigations, wiretappings, interviews with privileged observers, firsthand empirical data, and historical documents and social sciences literature. Using a multi-disciplinary approach drawing from criminology, sociology, history, anthropology, economics, political science, and geography, this book is essential reading for international researchers and practitioners interested in piecing together the full picture of modern organised crime.

The Hand Gun Story John Walter, 2008-06-30 A firearms expert “traces the history of the ‘one hand gun’ from its 14th century origins . . . surveying changing technology, techniques, and design”

(Midwest Book Review). Ideally suited for both attack and self-defense, handguns have gotten smaller and deadlier. But the earliest pistols had a tendency to misfire. This was cured by the cap-lock, which proved a massive success in the American Civil War, with hundreds of thousands of cap-lock revolvers used on each side. Self-contained metal-case cartridges were to bring a fundamental change to handgun design: not only by allowing the introduction of revolvers that ejected automatically or were easily reloaded, but also by paving the way for the automatic pistol. World War I provided the handgun with a proving ground. At the end of the hostilities, with so much surplus weaponry, work on the handgun could have ceased; instead, a new developmental phase was begun by the nations that had emerged from the crumbling Imperial empires. During World War II, the efficiency of well-established designs was confirmed and new designs, such as the Walther P. 38, showed their potential. The emergence of the submachine-gun in 1945 reduced the status of the handgun—but only temporarily. The need for efficient self-defense shows no signs of lessening; and the rise in shooting for sport, particularly with the revolver, has sharpened the quest for efficiency. The never ending search for advanced production techniques shows that the handgun has as much a future in the twenty-first century as it had in the heyday of the Wild West, or in the trenches of Passchendaele.

Firearms: An Illustrated History DK,2014-03-17 The definitive guide to the history of firearms. The beautifully photographed catalog tells the story of gun development in striking detail and features stunning close-ups of key weapons, from muskets, pistols, revolvers and rifles to shotguns, machine guns and modern machinery. Gun, weapon, and military enthusiasts will love the detail in this illustrated guide to guns. Here's what's inside: • Feature pages capture pivotal moments in gun development that changed the nature of human conflict • Double-page-spread articles describe the magic and mystique of the great gunmakers, including Colt, Mauser, Smith, and Wesson • Photographic tours showcase the intricate details of key weapons, highlighting ingenious features and intricate craftsmanship Written by an international team of firearms experts, this fascinating collection features more than 600 weapons and charts the evolution of guns. For over seven centuries, guns have been used for hunting, sport and war. This comprehensive volume gives you access to the world's greatest collections, gunsmiths, and defining gun and military history moments. Firearms: An Illustrated History highlights important moments in gun history from the Chinese discovery of gunpowder to turning points like the rifle, with its parallel spiral grooves that make bullets spin and fly straighter. It also showcases iconic firearms such as the Walther PPK self-loading pistol popularised in James Bond films. This fascinating visual account of firearms is an essential purchase for everyone

interested in guns and weaponry.

Nothing Lasts Forever (Basis for the film Die Hard) Roderick Thorp, 2012-12-17 High atop a Los Angeles skyscraper, an office Christmas party turns into a deadly cage-match between a lone New York City cop and a gang of international terrorists. Every action fan knows it could only be the explosive big-screen blockbuster *Die Hard*. But before Bruce Willis blew away audiences as unstoppable hero John McClane, author Roderick Thorp knocked out thriller readers with the bestseller that started it all. A dozen heavily armed terrorists have taken hostages, issued demands, and promised bloodshed — all according to plan. But they haven't counted on a death-defying, one-man cavalry with no shoes, no backup, and no intention of going down easily. As hot-headed cops swarm outside, and cold-blooded killers wield machine guns and rocket launchers inside, the stage is set for the ultimate showdown between anti-hero and uber-villains. Merry Christmas to all, and to all a good fight... to the death. Ho ho ho!

The Millionaire Next Door Thomas J. Stanley, William D. Danko, 2010-11-30 How do the rich get rich? An updated edition of the “remarkable” New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don't live in Beverly Hills or on Park Avenue. They live next door. America's wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don't realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “rich” are actually a tiny minority of America's truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America's rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today's earn-and-consume culture.” —Library Journal

The Last Gunfight Jeff Guinn, 2012-05-15 A revisionist history of the Old West battle challenges popular depictions of such figures as the Earps and Doc Holliday, tracing the influence of a love triangle, renegade Apaches, and the citizens of Tombstone.

The Gatling Gun Peter Smithurst, 2015-05-20 A unique chapter in the history of firearms, the multibarrel, hand-cranked Gatling gun was one of the first practical rapid-fire weapons ever to be used in battle. It changed warfare by introducing the capability to project deadly, high-intensity fire on the

battlefield, and portended the devastation that automatic weapons would wreak in World War I. During its 50-year career, it saw widespread service with US, British, and other forces on a host of battlefields through conflicts in Zululand and the American West, to the Spanish-American War. Although it saw widespread use in the hands of industrialized nations against various groups of indigenous native warriors, it was famously left behind by Custer at the battle of the Little Bighorn, where some argue it could have made all the difference. Featuring full-colour artwork plus contemporary and close-up photographs, this engaging study investigates the origins, development, combat use, and lasting influence of the formidable Gatling gun.

The Luger Neil Grant, 2018-09-20 Patented in 1898 and produced from 1900, Georg Luger's iconic semi-automatic pistol became synonymous with Germany's armed forces throughout both world wars. Initially chambered for the 7.65×21mm round, from 1902 the Luger was designed for DWM's 9×19mm round, which even today remains the most popular military handgun cartridge. It was adopted by the Imperial German Navy in 1904, followed by the German Army in 1908, receiving the name Pistole 08. Despite being supplanted by the Walther P38, the Luger remained in widespread service with all arms of Nazi Germany's armed forces throughout World War II, and even equipped East Germany's Volkspolizei in the years after 1945. Featuring full-colour artwork, expert analysis and archive and present-day photographs, this engaging study tells the story of the Luger, the distinctive and deadly semi-automatic pistol that has come to symbolize Germany's armed forces in the 20th century.

How to Talk to Your Cat About Gun Safety Zachary Auburn, 2016-10-04 The cats of America are under siege! Long gone are the good old days when a cat's biggest worries were mean dogs or a bath. Modern cats must confront satanists, online predators, the possibility of needing to survive in a post-apocalyptic wasteland, and countless other threats to their nine lives. For over four decades, the American Association of Patriots have stood at the vanguard of our country's defense by helping to prepare our nation's cat owners for the difficult conversations they dread having with their pets. Written in a simple Q&A format, **How to Talk to Your Cat About Gun Safety** answers crucial questions such as, "What is the right age to talk to my cat about the proper use of firearms?" and "What are the benefits of my cat living a lifestyle of abstinence?" and especially "Why does my cat need to use the internet? Can't he just play with yarn like cats used to do?" Our country—and our cats—stand at a precipice. It will take courage, and it will take hard work, but armed with the knowledge within these pages, we can make our cats—and America—great again!

The Machine Gun George Morgan Chinn, 1951

Firearms Curiosa Lewis Winant, 2009-12 This book is filled with pictures of rare, strange and unusual guns, firearms and other weapons. Lewis Winant was a major dealer and collector of firearms. He assembled here more than 300 pieces. The many strange and freakish gun fabrications that are shown in this book are a tribute to man's inventive energy as applied to the development of arms. From days just past and from days long gone, Lewis Winant has selected over 300 pieces as representative of the oddities that have been constructed to utilize the propelling force of gunpowder. There are pistols in knives and canes; pistols in flashlights, purses, plows, whips, bicycle handlebars, stirrups, keys, pipes, belts, sundials, and other contrivances. In addition there are other types classified as oddities, such as squeezers, knuckle-dusters, alarm and trap. There are combination weapons, turret, chain and harmonica pistols, guns using superposed loads and other variations from the norm. These remarkable firearms come from more than fifty collections.

Citizen-Protectors Jennifer Carlson, 2015-04-01 From gang- and drug-related shootings to mass shootings in schools, shopping centers, and movie theatres, reports of gun crimes fill the headlines of newspapers and nightly news programs. At the same time, a different kind of headline has captured public attention: a steady surge in pro-gun sentiment among Americans. In *Citizen-Protectors*, Jennifer Carlson offers a compelling portrait of gun carriers, shedding light on Americans' complex relationship with guns. Delving headlong into the world of guns, Carlson participated in firearms training classes, attending pro-gun events, and carried a firearm herself. Through these experiences, she explores the role guns play in the lives of Americans who carry them and shows how, against a backdrop of economic insecurity and social instability, gun carrying becomes a means of being a good citizen. A much-needed counterpoint to the rhetorical battles over gun control, *Citizen-Protectors* is a captivating and revealing look at gun culture in America, and a must-read for anyone with a stake in this heated debate.

Historic Laredo Maria Eugenia Guerra, 2001 An illustrated history of Laredo, Texas, paired with histories of the local companies.

Three Minutes to Midnight Anthony J. Tata, 2017-02-01 An electrifying military thriller from the national bestselling author who “writes with a gripping and gritty authority” (Richard North Patterson, #1 New York Times–bestselling author). It begins with the kidnapping of an Army Reserve officer on U.S. soil. Name: Captain Maeve Cassidy. Profession: Geologist specializing in natural gas drilling and fracturing. Mission: classified. Abducted less than twenty-four hours upon her return from Afghanistan, Cassidy's disappearance from a Fort Bragg compound is more than a security breach. It is the first

stage of a large-scale domestic attack that few Americans could imagine—or survive . . . Enter Delta Force veteran Jake Mahegan. The seasoned operative is on a personal mission of vengeance, tracking down his mother’s killer at a drilling site in North Carolina. When he’s assigned the task of locating the geologist, he can’t help but wonder if her abduction is connected to the fracking magnate he’s pursuing. But when a nearby nuclear plant is attacked, and then another, in a matter of days, Mahegan knows it’s no coincidence. It is a brilliantly conceived, ruthlessly orchestrated assault on our homeland that no intelligence analyst could ever foresee—or stop . . . When a third nuclear plant is targeted, Mahegan has no choice but to try. If he fails, our nation falls. The countdown is launched. The clock is ticking. Armageddon begins . . . Three Minutes to Midnight. The Jake Mahegan thrillers are . . . “Absolutely fantastic . . . pulse-pounding.” —Brad Thor, #1 New York Times-bestselling author “Explosive!” —W.E.B. Griffin, #1 New York Times-bestselling author

Walther Pistols W. H. B. Smith, 2013-10 This is a new release of the original 1946 edition.

Texas Ranger John Boessenecker, 2016-04-26 The New York Times bestseller! “Frank Hamer, last of the old breed of Texas Rangers, has not fared well in history or popular culture. John Boessenecker now restores this incredible Ranger to his proper place alongside such fabled lawmen as Wyatt Earp and Eliot Ness. Here is a grand adventure story, told with grace and authority by a master historian of American law enforcement. Frank Hamer can rest easy as readers will finally learn the truth behind his amazing career, spanning the end of the Wild West through the bloody days of the gangsters.” --Paul Andrew Hutton, author of *The Apache Wars* To most Americans, Frank Hamer is known only as the “villain” of the 1967 film *Bonnie and Clyde*. Now, in *Texas Ranger*, historian John Boessenecker sets out to restore Hamer’s good name and prove that he was, in fact, a classic American hero. From the horseback days of the Old West through the gangster days of the 1930s, Hamer stood on the front lines of some of the most important and exciting periods in American history. He participated in the Bandit War of 1915, survived the climactic gunfight in the last blood feud of the Old West, battled the Mexican Revolution’s spillover across the border, protected African Americans from lynch mobs and the Ku Klux Klan, and ran down gangsters, bootleggers, and Communists. When at last his career came to an end, it was only when he ran up against another legendary Texan: Lyndon B. Johnson. Written by one of the most acclaimed historians of the Old West, *Texas Ranger* is the first biography to tell the full story of this near-mythic lawman.

Casino Royale Ian Fleming, 2017-07-11 JAMES BOND declares war on Le Chiffre, French Communist and paymaster of the Soviet murder organization SMERSH. The battle begins for the ace

secret agent in a fifty-million-franc game of baccarat...gains momentum in his fiery love affair with a sensuous lady spy...and reaches a chilling climax with fiendish torture at the hands of a master sadist. The critics give a winning hand to Ian Fleming's superlative thriller of espionage, adventure, intrigue and murder—CASINO ROYALE “Hums with tension...Author Fleming keeps his incidents and characters spinning through their paces like juggling balls.”—Time “A speed-breaker for thrills with a big dramatic scene set in a crowded casino.” Atlanta Journal Constitution “Excitement enough to intrigue the most hardened reader.”—Newark News “Mounting suspense on every page.”—Houston Chronicle “It's superlative, everything such a story should be...One can only beg for more from Mr. Fleming.”—Pensacola News-Journal
