*Hardwired* Walter Jon Williams,2006-10-01 ears ago, the last desperate hopes of Earth were crushed as corporate Orbital blocs ruling from on high devastated the planet's face. Today, the autocratic Orbitals indulge in decadent luxury far above the mudboys, dirtgirls, zonedancers, and buttonheads who live out violent lives of electronic distraction and dependence amid the flooded, ruined cities and teeming slums of a balkanized America. But there are heroes; those who would stand against the Orbital powers and keep freedom's cause alive. Two such heroes are the metal-eyed ex-fighter pilot turned panzer-driver Cowboy, and Sarah, the cybernetic assassin desperate to find a better life for her drug-addicted brother. Together, Cowboy and Sarah embark on a high-octane odyssey across the shattered face of the American west. From Walter Jon Williams comes *Hardwired*, the hard-hitting, seminal classic that feels as prescient today as when it was first published. Like a steel-guitar fueled *Damnation Alley*, as directed by Sam Peckinpah, *Hardwired* demonstrates how Williams's singular vision helped defined the cyberpunk genre. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

**Theory of the Partisan** Carl Schmitt,2020-09-20 No one suspected what the unleashing of irregular warfare would mean. No one considered what the victory of the civilian over the soldier would mean if one day the citizen put on the uniform while the partisan took it off to continue the fight without it. *Theory of the Partisan* consists of two lectures, delivered by Carl Schmitt in 1962, addressing the transformation of war in the post-European age. This accessible work analyzes the origin, evolution, and practical effects of the modern partisan. With the rise of political terrorism and the universal acceptance of critical theory, Schmitt's *Theory of the Partisan* emerges today more relevant than ever. The C.J. Miller translation is the third complete English translation of Carl Schmitt's *Theory of the Partisan*, being made available in 2020 to the general public through Antelope Hill Publishing. This translation is more faithful to the original German and avoids any commentary or apologia for the plain words of this formidable legal and political thinker.

**War of the Beasts and the Animals** Maria Stepanova,2021-03-25 First full English translation of the poetry of Maria Stepanova, one of Russia's most innovative and exciting poets and thinkers.

On The Margins Of Art Worlds Larry Gross,2019-06-04 During the late 1980s, the near-worship of artistic genius produced auction sales of works by Vincent Van Gogh and Pablo Picasso for tens of millions of dollars, over \$15 million for a painting by Jasper Johns, and record prices for works by many other deceased and even living masters. At the same time, it was no longer controversial in academic and intellectual circles to maintain that art works are the products of what Howard Becker has termed collective activity carried out within loosely defined art worlds: Works of art, from this point of view, are not the products of individual makers, artists who possess a rare and special gift. They are, rather, joint products of all the people who cooperate via an art world's characteristic conventions to bring works like that into existence. Artists are some sub-group of the world's participants who, by common agreement, possess a special gift, therefore make a unique and indispensable contribution to the work, and thereby make it art. (1982: 35) The concept of the art world-with its central focus on the collective, social, and conventional nature of artistic production, distribution, and appreciation--confronts and potentially undermines the romantic ideology of art and artists still dominant in Western societies.

**A Series of Plays** Joanna Baillie,1799

Verbal Art in San Blas Joel Sherzer,1990 This book represents the complete range of verbal performances in a single Native American society.

**Arts-Based Research in Education** Melisa Cahnmann-Taylor,Richard Siegesmund,2013-10-08 This text introduces readers to definitions and examples of arts-based educational research, presents tensions and questions in the field, and provides exercises for practice. It weaves together critical essays about arts-based research in the literary, visual, and performing arts with examples of artistic products of arts-based research (arts for scholarship's sake) that illuminate by example. Each artistic example is accompanied by a scholar's statement that includes reflection on how the work of art relates to the scholar's research interests and practices. *Arts-Based Research in Education: Foundations for Practice*: helps the reader understand what arts-based research is – tracing the history of the field and providing examples; includes end-of-chapter questions to engage students in practicing arts-based inquiry and to generate class discussion about the material; features a diverse range of contributors -- very established scholars in educational and social science research as well those new to the field; represents a variety of voices – scholars of color, queer and straight orientations, different ages, experience, and nationalities; and presents beautiful illustrations of visual art, data-based poems, plays, short stories, and musical scores. First-of its kind, this volume is intended as a text for arts-based inquiry, qualitative research methods in education, and related courses, and as a resource for faculty, doctoral students, and scholars across the field of social science research methods.

Dancing the Data Carl Bagley,Mary Beth Cancienne,2002 Dancing the Data and its interrelated CD-ROM, Dancing the

Data Too, show the ways in which educational research and the visual and performing arts can embrace each other to engender a culture of feeling and meaning and in so doing evoke new ways of knowing, learning, and teaching. It draws on the artistic mediums of dance, collage, poetry, music, and drama and invites the reader to engage with the educational research endeavors of the contributors as they seek to move beyond the traditions of established approaches to represent and reflect on their work in artistic forms. Dancing the Data seeks to open up conversational beginnings with teachers, researchers, and students, and to tempt them to discuss and reflect on the ways in which established methodological and pedagogical boundaries might be crossed and new ways of seeing and doing valued and explored.

*The Edward Curtis Project* Marie Clements, Rita Leistner, 2010 A profoundly moving new drama by Marie Clements, combined with a spectacular contemporary photo exhibit by Rita Leistner.

**Return to Laughter** Elenore Smith Bowen, 2020-03-05 This classic of anthropological literature is a dramatic, revealing account of an anthropologist's first year in the field with a remote African tribe. Simply as a work of ethnographic interest, *Return to Laughter* provides deep insights into the culture of West Africa—the subtle web of its tribal life and the power of the institution of witchcraft. However, the author's fictional approach gives the book its lasting appeal. She focuses on the human dimension of anthropology, recounting her personal triumphs and failures and documenting the profound changes she undergoes. As a result, her story becomes at once highly personal and universally recognizable. She has vividly brought to life the classic narrative of an outsider caught up and deeply involved in an utterly alien culture. "The first introspective account ever published of what it's like to be a field worker among a primitive people."—Margaret Mead

**Performance Autoethnography** Norman K. Denzin, 2018-04-20 This book is a manifesto. It is about rethinking performance autoethnography, about the formation of a critical performative cultural politics, about what happens when everything is already performative, when the dividing line between performativity and performance disappears. This is a book about the writing called autoethnography. It is also about what this form of writing means for writers who want to perform work that leads to social justice. Denzin's goal is to take the reader through the history, major terms, forms, criticisms and issues confronting performance autoethnography and critical interpretive. To that end many of the chapters are written as performance texts, as ethnodramas. A single thesis organizes this book: the performance turn has been taken in the human disciplines and it must be taken seriously. Multiple informative performance models are discussed: Goffman's dramaturgy; Turner's performance anthropology;

performance ethnographies by A. D. Smith, Conquergood, and Madison; Saldana's ethnodramas; Schechter's social theatre; Norris's playacting; Boal's theatre of the oppressed; and Freire's pedagogies of the oppressed. They represent different ways of staging and hence performing ethnography, resistance and critical pedagogy. They represent different ways of imagining, and inventing and hence performing alternative imaginaries, alternative counter-performances to war, violence, and the globalized corporate empire (Schechner 2015). This book provides a systematic treatment of the origins, goals, concepts, genres, methods, aesthetics, ethics and truth conditions of critical performance autoethnography. Denzin uses the performance text as a vehicle for taking up the hard questions about reading, writing, performing and doing critical work that makes a difference.

Sociology and Visual Representation Elizabeth Chaplin, 2002-11-01 First published in 2004. Routledge is an imprint of Taylor & Francis, an informa company.

*American Muse* Richard L. Anderson, 2000 True to anthropology's hallmark relativism, Anderson includes the popular arts in his analysis, giving as much attention to such things as wedding cakes, rock-n-roll, and tattoos as he does to fine arts, such as gallery paintings, classical music, and serious literature.--BOOK JACKET.

Representing Abortion Rachel Alpha Johnston Hurst, 2020-11-23 Representing Abortion analyses how artists, writers, performers, and activists make abortion visible, audible, and palpable within contexts dominated by anti-abortion imagery centred on the fetus and the erasure of the pregnant person, challenging the polarisation of conversations about abortion. This book illuminates the manifold ways that abortion is depicted and narrated by artists, performers, clinicians, writers, and activists. This representational work offers nuanced and complex understandings of abortion, personally and politically. Analyses of such representations are urgently needed as access to abortion is diminished and anti-abortion representations of the fetus continue to dominate the cultural horizon for thinking about abortion. Expanding the frame of reference for understanding abortion beyond the anti-abortion use of the fetal image, contributors to this collection push beyond narrow abstractions to examine representations of the experience and procedure of abortion within grounded histories, politics, and social contexts. The collection is organized into sections around seeing (and not seeing) abortion; fetal materiality; abortion storytelling and memoir; and representations for new arguments. These themes cover a range of topics including abortion visibility, anti-abortion discourse, pro-choice engagements with the fetus, personal experience and media representations. The analyses of such representations counteract anti-abortion rhetoric, carving out space for new arguments for abortion that are more representative and inclusive and asking audiences to envision new ways to advocate for safe abortion access through reproductive justice frameworks. This is an innovative and challenging collection that will be of key interest for scholars studying reproductive rights and reproductive justice, as well as women and gender studies. Representing Abortion is organized to structure upper year undergraduate and graduate courses on reproductive rights and reproductive justice in a new and engaging way.
