Rofgo Collection Doug Nye, 2020-06 R0FG0 Collection offers an exclusive look at one of the world's greatest collections of competition cars. During the late 1960s, the success achieved by the Gulf-JW Automotive team fired the imagination of a young German enthusiast by the name of Roald Goethe and created a lasting impression. Decades later, and with the help of Adrian Hamilton, Goethe set about fulfilling a childhood dream. His mission was to create a collection of racers that had been backed by one of the most famous names in motorsport sponsorship - Gulf Oils. From sports-racers and single-seaters to 21st century GT contenders, the result is an unrivaled and truly evocative set of more than 30 cars - all of which are included in this exciting new title. Senna Versus Prost Malcolm Folley, 2009-05-07 In the late eighties and early nineties, Formula One was at its most explosive, with thrilling races, charismatic drivers, nail-biting climaxes - and the most deadly rivalry ever witnessed in sport. Two of Formula One's most honoured champions and iconic figures drove together for McLaren for two seasons, and their acrimonious and hostile relationship extended even after one of them had left the team. ALAIN PROST, France's only F1 world champion, the intelligent, smooth driver with the epithet 'Le Professeur'. AYRTON SENNA, the mercurial kid from a privileged background in Sao Paulo who would become the most intense and ruthless racing driver the world has ever seen. It was a story that would have a tragic ending. As the great rivals raced to victory, their relationship deteriorated badly, beginning with the breaking of a gentleman's agreement, and public spats followed, culminating in Prost accusing Senna of deliberately trying to ride him off the circuit, and fearful that the Brazilian would get someone killed with his daring overtaking feats. And the final, sad act of this drama happened at the San Marino Grand prix at Imola in May 1994, when Senna was killed. Featuring a rare interview with Prost, and insight from Martin Brundle, Damon Hill, Sir Frank Williams, Bernie Ecclestone, Derek Warwick, Johnny Herbert, Gerhard Berger, plus McLaren insiders and other F1 figures, Malcolm Folley provides us with a breath-taking account of one of the all-time classic sporting rivalries.

Racing the Gods Paul Ritter, 2015-05 Paul Ritter's autobiography tells the story of the early days of Superbike racing. Paul shocked the racing community by winning the first AMA pro Superbike race he entered. His account of those days gives readers an up close and personal look into the days when professional racers in the sport were weekend warriors who traveled on shoestring budgets and fueled their bikes with passion and (if they were good) a few dollars of winnings.

Life At The Limit Sid Watkins, 2013-03-07 It's pretty rare to come across a motor racing book that tempts you to read the thing in one sitting but Prof Watkins has produced a gem ... [he] is a superb raconteur, not afraid to speak his mind yet peppering the gravity with occasionally side-splitting humour. No true motorsport fan should be without this book.' Autosport Grand Prix racing has undergone sweeping changes in the last thirty years. Many of these involve safety and medical rescue. The man behind them - a champion in the racing world although he has never won a race - is the eminent neurosurgeon Sid Watkins. *Life at the Limit* is his remarkable story. It spans the most exciting years in Grand Prix racing and includes intimate portraits of motorsport's greatest names, from Jackie Stewart and Niki Lauda to Alain Prost and Damon Hill. Sid Watkins has also witnessed, at first hand, some of the most severe and spectacular racing accidents. His account of these is made all the more poignant by the fact that some of the men he has rescued, sometimes at the point of death, have been personal friends. From Monza, in 1978, where Ronnie Petersen suffered a fatal accident, to Imola in May 1994 where Ayrton Senna met his untimely death, the high, and low, points of Grand Prix racing are vividly described. For all fans of Formula One, this is the inside story of the world's most dangerous sport.

Formula One and Beyond Max Mosley, 2015 For almost 50 years, Max Mosley has been involved in motor racing, having seen the sport at all levels: as a driver, a team owner (with March) and, between 1993 and 2009, as President of the FIA, motor sport's governing body. In partnership with Bernie Ecclestone, he helped transform Formula One into a multi-billion-pound global brand. Now, in this fascinating and revealing memoir, Mosley gives a compelling insight into the sport and its most influential figures and biggest stars - it is a book that no fan of Formula One can afford not to read. But Mosley's story goes far beyond motor sport, as his life and career have taken him through an extraordinary range of experiences, from being brought up as the son of Oswald and Diana Mosley, who were interned during the war, and having to deal with the taint of the family name; through his vital campaigns for road safety that have helped to save many thousands of lives; and on to the recent intrusions into his private life that led to a famous court case against the Murdoch press. It is a book that sheds new light on events from Formula One through to Ecclestone's controversial donation of a million pounds to the Labour party. It is packed with behind-the-scenes gossip, vital business tips and some hilarious stories.--Wheeler.

Driven by Desire Alan Wilson, 2011-10-15 From a five-year-old girl racing 60mph micro-midgets in South Africa, to a Formula One driver in the British Championship during her first full year of racing in the UK, and on to becoming the first and only woman ever to win a Formula One race, Desire Wilson was a winner bested by very few of her male rivals. But single-seater racing was just the start of Desire's ascent in motorsport. She won two FIA World Championship Sports Car Endurance races in 1980, and went on to compete in well over 120 types of race car at more than 100 race tracks around the world. Always competitive, she earned a reputation for an intense, no-nonsense approach to racing, shrugging off the media glamour to focus on the

hard grind of staying competitive in one of the world's toughest sporting arenas. Moving to the male-dominated world of North American racing, Desire became a pioneer for women racing in the harsh world of Indy Cars, facing discrimination, financial problems, and other obstacles ranging from tragedy to farce. Her career is unique in the world of racing, encompassing everything from club racing to Formula One and World Championship sports cars, to the evil monsters of the IndyCar World Series - the world's fastest race cars. Hers is a story of hardships, fun, tragedy, perseverance, injury, and the amazing behind-the-scenes world masked by the public face and glamour of racing. It tells, too, of the consequences of politics and discrimination in the male world of professional auto racing.
