This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. Once there was a tree...and she loved a little boy. So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. Our Towns James Fallows, Deborah Fallows, 2018-05-08 NATIONAL BEST SELLER • The basis for the HBO documentary now streaming on HBO Max For five years, James and Deborah Fallows have travelled across America in a single-engine prop airplane. Visiting dozens of towns, the America they saw is acutely conscious of its problems—from economic dislocation to the opioid scourge—but it is also crafting solutions, with a practical-minded determination at dramatic odds with the bitter paralysis of national politics. At times of dysfunction on a national level, reform possibilities have often arisen from the local level. The Fallowses describe America in the middle of one of these creative waves. Their view of the country is as complex and contradictory as America itself, but it also reflects the energy, the generosity and compassion, the dreams, and the determination of many who are in the midst of making things better. Our Towns is the story of their journey—and an account of a country busy remaking itself.

Seven at Sea Erik Orton, Emily Orton, 2019 Working the night shift as a temp in a high-rise cubicle, Erik Orton knew something had to change. He felt the responsibility of providing for his wife and their five children—the youngest with Down syndrome—but craved a life that offered more than just surviving. Watching the sailboats on the Hudson River during his sunset dinner breaks, Erik dared to dream. What would it be like to leave the hustle of the city and instead spend a year on a sailboat, somewhere beautiful, as a family? Despite having no sailing experience, his wife Emily's phobia of deep water, and already stretching every dollar to pay rent and buy groceries, the family of seven turned their excuses into reasons and their fears into motivation. Sure, they would miss their friends, they could go broke, they could get injured or die. Worst of all, they could humiliate themselves by trying something audacious and failing. But the little time they still had together as a family, before their oldest daughter left for college, was drifting away. The Ortons cast off the life they knew to begin an uncertain journey of 5,000 miles between New York City and the Caribbean, ultimately arriving at a new place within themselves. A portrait of a captivating and resilient family and a celebration of the courage it takes to head for something over the horizon, this is a deeply compelling story—told alternately by Erik and Emily—for all those who dream of leaving routine in their wake.

Castle of Water Dane Huckelbridge, 2017-04-04 A unique, inventive exploration of love, loss, and survival. —Kristin Hannah, #1 New York Times bestselling author of *The Nightingale* A moving, harrowing, and downright literary novel. —Michelle Gable, New York Times bestselling author of *A Paris Apartment* Brilliant, clever, riveting—pick your adjective, they all apply. —Thomas Christopher Greene, bestselling author of *The Headmaster's Wife* Two very different people, one very small island. For Sophie Duce, her honeymoon in French Polynesia was intended as a celebration of life. The proud owner of a thriving Parisian architecture firm, co-founded with her brilliant new husband, Sophie had much to look forward to—including a visit to the island home of her favorite singer, Jacques Brel. For Barry Bleeker, the same trip was meant to mark a new beginning. Turning away from his dreary existence in Manhattan finance, Barry had set his sights on fine art, seeking creative inspiration on the other side of the world—just like his idol, Paul Gauguin. But when their small plane is downed in the middle of the South Pacific, the sole survivors of the wreck are left with one common goal: to survive. Stranded hundreds of

miles from civilization, on an island the size of a large city block, the two castaways must reconcile their differences and learn to draw on one another's strengths if they are to have any hope of making it home. Told in mesmerizing prose, with charm and rhythm entirely its own, Dane Huckelbridge's *Castle of Water* is more than just a reimagining of the classic castaway story. It is a stirring reflection on love's restorative potential, as well as a poignant reminder that home—be it a flat in Paris, a New York apartment, or a desolate atoll a world away—is where the heart is.

The Pale King David Foster Wallace, 2011-04-15 The breathtakingly brilliant novel by the author of *Infinite Jest* (New York Times) is a deeply compelling and satisfying story, as hilarious and fearless and original as anything Wallace ever wrote. The agents at the IRS Regional Examination Center in Peoria, Illinois, appear ordinary enough to newly arrived trainee David Foster Wallace. But as he immerses himself in a routine so tedious and repetitive that new employees receive boredom-survival training, he learns of the extraordinary variety of personalities drawn to this strange calling. And he has arrived at a moment when forces within the IRS are plotting to eliminate even what little humanity and dignity the work still has. The *Pale King* remained unfinished at the time of David Foster Wallace's death, but it is a deeply compelling and satisfying novel, hilarious and fearless and as original as anything Wallace ever undertook. It grapples directly with ultimate questions -- questions of life's meaning and of the value of work and society -- through characters imagined with the interior force and generosity that were Wallace's unique gifts. Along the way it suggests a new idea of heroism and commands infinite respect for one of the most daring writers of our time. The *Pale King* is by turns funny, shrewd, suspenseful, piercing, smart, terrifying, and rousing. --Laura Miller, Salon

A Naturalist's Journal M.Yuvan, 2017-11-01 This is a book that is full of surprises! Yuvan's talents as a naturalist, storyteller and wise young philosopher will certainly delight you whether you are a nature buff or not. The acrobatics and apparent eccentricities of the Indian Roller, the little Barbet that watches people around with endless curiosity from the hollow of a tree, and many other beings that share the world with us are brought alive in a way that gives us a feeling of intimate connectedness with them. As much as human characters in a gripping novel would. The paddy field for Yuvan in his school days was a scene of intense drama to be keenly observed – the innumerable birds, insects, snakes and crustaceans and how they interact in various situations and seasons, partaking of the farming activities of humans. The context for his thoughts and observations in many of his essays has been his school, Pathashaala. One cannot help but appreciate the school that gave space to the flowering of this self-taught naturalist. Any teacher taking children on Nature walks or struggling to make biology classes interesting can use his essays to bring in a spark of excitement and involvement to children today who are so alienated from Nature. But this is also a book for people of all ages that will surely make you look at spiders, caterpillars and many of Nature's creations with new eyes and a gladdened heart. –Seetha Ananthasivan

Gustave Caillebotte Mary G. Morton, George T. M.
