Battletech Combat Manual Mercenaries Catalyst Game

Labs,2016-05-25 For over forty centuries, mercenaries have plied their trade and been instrumental in toppling empires or holding the tides of war at bay. And as mankind expanded to the stars, soldiers of fortune rose to new heights of power. Business is booming, yet along with those riches comes a dangerous life and the scorn of many who see only filthy lucre-warriors. Its a dangerous life, but as long as you keep your Mech intact and your bottom line balanced, the universe is yours!

Outer Dark Robbie MacNiven,2018-09-18 With tyrannid hive fleets approaching, the Carcharodons make a stand on the world of Piety V. If they can stop the xenos here, they will be able to end the menace before it begins. The Carcharodons' remit is an unenviable one - this Chapter of Space Marines plies the dark areas of space, endlessly hunting down the enemies of mankind. Living on the edge, with no fixed base of operations, they are creatures shaped by their environment, renowned for their ruthlessness and their brutality. With a fresh wave of tyrannid hive fleets approaching the galactic plane, the Carcharodons decide to use the world of Piety V as a bulwark. If they can stop the xenos here, they will be able to end the menace before it begins. But as they mobilise the planet's defenders and fight the tyrannids, the Carcharodons come to learn what the value of mankind truly is.

Flesh Tearers Andy Smillie,2016-02-09 Formed in the aftermath of the Horus Heresy, the Flesh Tearers, veterans of the Blood Angels Legion now cast adrift, gather behind their leader, Chapter Master Amit, and set out to forge their own destiny. None of the scions of Sanguinius are as bloody or wrathful as the Flesh Tearers. The fury of

this Chapter, scorned by the Blood Angels and many of their successors, is legendary. Within them, the Black Rage is made manifest, a curse on the Imperium and its enemies. In the uncertain years following the end of the Great Heresy, it fell to Amit to lead this benighted Chapter. Upon his shoulders lay a heavy burden, for to prevent their own self-annihilation, the Flesh Tearers must not only fight their many foes but their very nature itself.

The War of the Worlds H. G. Wells,2016-03-15 The science fiction masterpiece of man versus alien that inspired generations, from Orson Welles's classic radio play to the film starring Tom Cruise. At the turn of the twentieth century, few would believe that mankind is being watched from above. But millions of miles from Earth, the lords of the Red Planet prepare their armies for invasion, waiting for the moment to strike. When they land in the English countryside, baffled humans approach, waving white flags, and the Martians burn them to a crisp. The war has begun, and mankind doesn't stand a chance. As Martian armies roll across England, one man fights to keep his family safe, risking his life—and his sanity—on the front lines of the greatest war in galactic history. H. G. Wells's groundbreaking novel, adapted to radio and film, among other mediums, by visionary artists from Orson Welles to Steven Spielberg, remains one of the most chilling, unforgettable works of science fiction ever written. This ebook has been professionally proofread to ensure accuracy and readability on all devices.
