Hillary Clinton Anne C. Cunningham, Jeff Burlingame, 2017-07-15 Hillary Clinton is arguably one of the most polarizing political figures in American history. She burst into the national spotlight during her husband's presidential campaign, when she managed to both impress and offend the American public. Since then, Clinton has proven herself a capable public servant, with successful terms in the US Senate and as secretary of state. But controversy continually threatens to undermine her accomplishments, and it often seems that her ambitions get the best of her. This biography tells the story of the rise of remarkable woman, from her humble Midwestern beginnings to a historic run for the White House.

The Destruction of Hillary Clinton Susan Bordo, 2017-04-04 Gossip is easy. Get to the deeper truth, with this in-depth look at the political forces and media culture that vilified and ultimately brought down Hillary Clinton in the 2016 presidential campaign. The Destruction of Hillary Clinton is an answer to the question many have been asking: How did an extraordinarily well-qualified, experienced, and admired candidate—whose victory would have been as historic as Barack Obama's—come to be seen as a tool of the establishment, a chronic liar, and a talentless politician? In this masterful narrative of the 2016 campaign year and the events that led up to it, Susan Bordo unpacks the Rights' assault on Clinton and her reputation, the way the left provoked suspicion and indifference among the youth vote, the inescapable presence of James Comey, questions about Russian influence, and the media's malpractice in covering the candidate. Urgent, insightful, and engrossing, The Destruction of Hillary Clinton is an essential guide to understanding the most controversial presidential election in American history.

WHO IS DONALD TRUMP? Donald Trump and Hillary Clinton's Race To The White House Michael Brixton, 2020-05-25 You either LOVE or HATE Donald Trump, and the same goes with Hillary. They are two completely different characters. Donald is a self-made billionaire that lives by his own rules. He wants to take on the establishment. Being worth millions of dollars he doesn't have to sit down with any major campaign contributor. He doesn't have to take notes with campaign staff members to make sure that his talking points match the requested criteria of the funders. Trump is funding himself in the upcoming 2020 election, a rather unique feat in history, and this means that being free from the clutches of financial political handlers, Trump is not constrained to what some wealthy financier wants him to do. Putting the whole political system on its head, Trump is the wealthy financier and candidate rolled into one. This election has the potential to be one of the greatest political match ups in history. What Readers are Saying: This was a very interesting read on two very polar opposite politicians. I enjoyed the authors writing style and it was done very well.

What happened Hillary Rodham Clinton, 2017-10-03 Hillary Clinton over de meest onvoorspelbare presidentsverkiezingen uit de geschiedenis Dit is de Nederlandstalige editie van het indrukwekkende boek van Hillary Clinton over de meest onvoorspelbare presidentsverkiezingen uit de geschiedenis. Persoonlijke onthullingen over de strijd met Donald Trump, over de campagne, Russische inmenging en hoe ze het onverwachte verlies verwerkte. Een boek voor iedereen die wil begrijpen wat er echt is gebeurd in 2016. 'In het verleden had ik vaak het gevoel dat ik voorzichtig moest zijn in het openbaar. Alsof ik moest koorddanseren zonder vangnet. Dat gevoel laat ik nu compleet varen. Ik zal alles vertellen.' - Hillary Rodham Clinton. Bevrijd van alle beperkingen in politiek opzicht, vertelt Hillary hoe het was om de eerste vrouwelijke presidentskandidate te zijn in verkiezingen die werden gedomineerd door ongekennde dieptepunten, wendingen die een romanschrijver niet had kunnen bedenken, Russische inmenging en een opponent die alle regels aan zijn laars lapte. In What happened vertelt ze hoe het was om het op te nemen tegen Donald Trump,

welke fouten ze maakte, hoe ze omging met alle kritiek die ze kreeg en hoe ze het onverwachte verlies verwerkte. Hillary Clinton verloor de verkiezingen, maar is bij lange na niet gebroken of verslagen. Met haar meest persoonlijke memoires tot nu toe richt ze zich tot iedereen die wil begrijpen wat er echt is gebeurd in 2016.

Hillary Clinton Shattered Benjamin Free, 2017-06 Hillary Clinton Shattered How Donald Trump Shattered Hillary Clinton and the Democratic Party So, how did a man who made his fortune via business deal and celebrity appearances beat out someone who was, on many occasions, said to have been the most qualified presidential candidate the country had ever seen? In order to breakdown that question, one has to consider all of the factors that played in her nomination: her win over Bernie Sanders and the controversy that surrounded it, the issue with her emails and why this issue was not only important but completely dissected by the public, and one has to go back so far as to take a look at her political career and some of the decisions she made along the way. No one is perfect, but everything plays into a one-track mindset that would eventually grate the nation the wrong way. The nominee platforms for president would become so skewed that many would lose hope, swaying their votes in favor of the bombastic personality simply to spite Hillary. But, to what end? Why would over half of an entire nation elect a man with no political career over a woman whose entire career was political? What made Donald Trump so palatable to the majority of Americans? Why in the world was Hillary Clinton deemed more of an animal than a rich white man with no political experience whose basic locker room talk surrounded around the topic of forcing himself onto women and then allowing it because he was rich. The answer is clearer than one might suspect and not at all laid where one might try to look. The answers within this book will wring up the dearest of hearts and anger the most passive of individuals. But, it is a modern reality the world is now currently facing, and in order to never repeat the past, people have to understand what happened. It is imperative that we understand what truly happened. In this book you'll learn: How did Trump win? Hillary and Wiki leaks Secret Agenda Bernie Sanders America's Frustrations And much, much more! Buy this book NOW! Who Is Donald Trump? Julia Adams, 2017-11-23 On 8 November 2016, some 130 million people in the USA cast their vote to decide who should become their next President. The candidates, Hillary Clinton and Donald Trump, had fought a campaign that had divided their country more than any previous election. The resulting Trump presidency would not only affect the citizens of the USA, but billions of people around the world. Aimed at

young tweens and teens, this book gives readers a balanced and accessible account of Donald Trump's campaign for the presidency and his uncompromising and highly controversial policies and behaviour as President.

My Turn Doug Henwood, 2016-03-01

America's First Female President J. P. Brown, 2017-06-16 She did it! Hillary beat Donald Trump to become the 45th President of the United States, and the very FIRST female to ever hold the office. What a historic night, what a historic year, what a historic election! Wait.....what? She didn't win?!? This is a fantastic prank book to give to those die hard Hillary supporters, or lefty nuts that still can't accept the results of 2016's election.

Man Enough? Jackson Katz, 2016-03-15 Why has the U.S. never had a woman president? With Hillary Clinton engaged in a historic campaign that could see her becoming the first woman elected president of the United States, the national conversation about gender and the presidency is gaining critical momentum. Commentators have fixated on the special challenges women candidates for the presidency face: endless media scrutiny abGender has always been a crucial factor in presidential politics. In *Man Enough? Donald Trump, Hillary Clinton, and the Politics of Presidential Masculinity*, Jackson Katz puts forth the original and highly provocative thesis that in recent decades presidential campaigns have become the center stage of an ongoing national debate about manhood, a kind of quadrennial referendum on what type of man—or one day, woman—embodies not only our ideological beliefs, but our very identity as a nation. Whether he is examining right-wing talk radio's relentless attacks on the masculinity of Democratic candidates, how fears of appearing weak and vulnerable end up shaping candidates' actual policy positions, how the ISIS attacks on Paris and elsewhere have pushed candidates to assume an increasingly hypermasculine posture, or the groundbreaking quality of Hillary Clinton's runs for the presidency in 2008 and 2016, Katz offers a new way to understand the role of identity politics in presidential campaigns. In the end, *Man Enough?* offers nothing less than a paradigm-shifting way to understand the very nature of the American presidency.
