Pretty Much Everything is a mid-

career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like Field Notes and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin’s humor and pointed observations on the contemporary design scene, *Pretty Much Everything* is the complete package.

Dynamic Symmetry Tavis Leaf Glover,2019-02-25 Serious visual artists can now easily understand and apply the secret geometry that masters used to create remarkable art. Superior mathematical skills aren't required because there are hundreds of excellent step-by-step diagrams to explain everything with simplicity. Learn how the ancient and modern masters used dynamic symmetry to promote unity, movement, rhythm, and strength. These qualities, along with many others, allowed their art to have visual clarity, impact, and stand the test of time. This is an essential book for painters, photographers, sculptors, and cinematographers that hold composition and design with a high priority. For far too long, artists have been stuck with the basic tools of artistic composition, like the rule of thirds and leading lines. Unfortunately, we're incapable of reaching the master level if all we know are the basics. Powerful tools like dynamic symmetry and other composition techniques have been kept a secret from all of us. It's time to learn of them, push past any plateau that stands in our way, and finally unlock our true potential!

Thankful Elaine Vickers, 2021-09-07 Stunning, diorama illustrations bring to life this “wonderfully evocative” (BookPage) lullaby of a picture book about celebrating everyday things that make life wonderful. I am thankful for a home where I am safe and warm. Thankful for parents who read me stories and comb my hair gently, gently. Who whisper the same poem every night when they tuck me in. When the first snow falls, a little girl writes down the things she’s thankful for on strips of paper and links them together. As one idea leads to another, her chain grows longer. There’s so much good in her life: a friend, things that are warm, things that are cold, color, things that can be fixed. This beautiful story is a much-needed reminder to observe and honor life’s small joys.
