CHRISTMAS PAPER CRAFT. PATRICIA. MOFFETT,2019

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Preschool Bilingual Education Mila Schwartz,2018-05-23 This volume provides an up-to-date collection of key aspects related to current preschool bilingual education research from a socio-linguistic perspective. The focus is on preschool bilingual education in multilingual Europe, which is characterized by diverse language models and children's linguistic backgrounds. The book explores the contemporary perspectives on early bilingual education in light of the threefold theoretical framework of child's, teachers', and parents' agencies in interaction in preschool bilingual education. Five significant theoretical concepts are promoted in this volume: the ecology of language learning, an educational partnership for bilingualism, a notion of agency in early language development and education, language-conducive contexts, and language-conducive strategies. The volume examines preschool bilingual education as embedded in specific socio-cultural contexts on the one hand and highlights its universal features on the other. The book is a fundamental read for scholars and students of second language teaching, preschool education, and bilingual education in multilingual and multicultural societies.

Toots and the Upside-Down House Carol Hughes,2008-12-24 If only Toots hadn't been so angry with her father. If only she hadn't run home by herself. If only she hadn't seen the fairy on the ceiling. . . . But then again, if things had been different, Toots's whole world wouldn't literally have been turned upside-down. And she would never have had the most amazing adventure. . . . A rare, special book, Toots and the Upside-Down House combines fantasy and adventure with the real, everyday issues of love and loss. This is a dazzling debut novel, one that children--and parents--will return to again and again.

Marvelous Mermaids Jane Davenport,2020 Jane Davenport dives deep into the ocean to make a magical mermaid splash. She shows how to draw and paint these sensuous sirens--perfectly proportioned figures, shimmering scales, and all. Jane's evocative instruction touches on every aspect of this fantasy realm: producing oceans of color, capturing mermaids' undulating poses, painting their flowing tresses, and depicting mesmerizing facial features. She also provides unique suggestions for making a mermaid art journal, a month's worth of creative prompts, and ideas for stunning collages.

The Dragon's Gift Terese Tse Bartholomew,John Johnston,Honolulu Academy of Arts,2008 The Dragon's Gift offers a rare opportunity to introduce, to the wider international audience, some of the most sacred Buddhist images of Bhutan. From the wealth of material surveyed, the organizers of the exhibition have selected over one hundred objects of superior aesthetic achievement and deep religious significance, the vast majority of which have never before been seen in the West. Nearly all of the works of art presented in this catalogue are from active temples and monasteries and remain in ritual use. Most of the items are painted or textile thangkas or gilt bronze sculptures which date primarily from the 17th to the 19th centuries - a golden age in the Buddhist arts of Bhutan. Ranging from depictions of Tantric deities to individualized portraits of Buddhist masters, the exhibition and catalogue present outstanding works of art with a wide iconographic scope. For the Buddhist people of Bhutan, these sacred items are conceived as supports along the journey to enlightenment, and are of vital spiritual significance. Complementing the presentation of sacred works of art is the documentation of the ancient Cham dances of Bhutan, to which the dance preservation team was given privileged entree. Having documented over three hundred hours of sacred and secular dances, they have made a first assay of one of the few surviving treasures of the trans-Himalayan movement tradition. These differing approaches to the visual and moving arts provide further insight into the unique experience of Buddhism in Bhutan. A brief sampling of the variety of extant dance lineages - some many centuries old - is included on the DVD contained within the catalogue.--Publisher's website.

Sicily 1943 Steven J. Zaloga, 2013-01-20 Not only did the Sicily operation represent a watershed in tactical development of combined arms tactics, it was also an important test for future Allied joint operations. Senior British commanders left the North African theater with a jaundiced and dismissive view of the combat capabilities of the inexperienced US Army after the debacle at Kasserine Pass in Tunisia in February 1943. Sicily was a demonstration that the US Army had rapidly learned its lessons and was now capable of fighting as a co-equal of the British Army. The Sicily campaign contained a measure of high drama as Patton took the reins of the Seventh US Army and bent the rules of the theater commander in a bold race to take Palermo on the northern Sicilian coast. When stiff German resistance halted Montgomery's main assault to Messina through the mountains, Patton was posed to be the first to reach the key Sicilian port and end the campaign. The Sicily campaign contains a fair amount of controversy as well including the disastrous problems with early airborne assaults and the Allied failure to seal the straits of Messina, allowing the Germans to withdraw many of their best forces.
