*All the Light We Cannot See* Anthony Doerr,2014-05-06 \*NOW A NETFLIX LIMITED SERIES—from producer and director Shawn Levy (Stranger Things) starring Mark Ruffalo, Hugh Laurie, and newcomer Aria Mia Loberti\* Winner of the Pulitzer Prize and National Book Award finalist, the beloved instant New York Times bestseller and New York Times Book Review Top 10 Book about a blind French girl and a German boy whose paths collide in occupied France as both try to survive the devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure’s reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum’s most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the Resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure’s converge. Doerr’s “stunning sense of physical detail and gorgeous metaphors” (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer “whose sentences never fail to thrill” (Los Angeles Times).

*Retelling the Stories of Our Lives: Everyday Narrative Therapy to Draw Inspiration and Transform Experience* David Denborough,2014-01-06 Powerful ideas from narrative therapy can teach us how to create new life stories and promote change. Our lives and their pathways are not fixed in stone; instead they are shaped by story. The ways in which we understand and share the stories of our lives therefore make all the difference. If we tell stories that emphasize only desolation, then we become weaker. If we tell our stories in ways that make us stronger, we can soothe our losses and ease our sorrows. Learning how to re-envision the stories we tell about ourselves can make an enormous difference in the ways we live our lives. Drawing on wisdoms from the field of narrative therapy, this book is designed to help people rewrite and retell the stories of their lives. The book invites readers to take a new look at their own stories and to find significance in events often neglected, to find sparkling actions that are often discounted, and to find solutions to problems and predicaments in unexpected places. Readers are introduced to key ideas of narrative practice like the externalizing problems - 'the person is not the problem, the problem is the person' -and the concept of re-membering one's life. Easy-to-understand examples and exercises demonstrate how these ideas have helped many people overcome intense hardship and will help readers make these techniques their own. The book also outlines practical strategies for reclaiming and celebrating one's experience in the face of specific challenges such as trauma, abuse, personal failure, grief, and aging. Filled with relatable examples, useful exercises, and informative illustrations, *Retelling the Stories of Our Lives* leads readers on a path to reclaim their past and re-envision their future.

**Thomas Demand** Thomas Demand,Nationalgalerie,2009 Thomas Demands work lures the viewer into a reality that is not what it appears to be. His images present scenes of political and social events, which the artist recreates out of paper and cardboard, in a scale that is true to the original size of the setting. Demand then photographs these sculptures, creating images in which specific traces of the events and the protagonists are removed, leaving possible evidence of a crime scene, one which appears familiar but yet out of reach. The exhibition and book Nationalgalerie brings together Demands work of the last 15 years which is rooted in German imagery. Demand examines the Deutschlandbild, the German image in photographs from a variety of scenarios in the post-war period. From a selection both known and new of key images of decisive political events and private moments Demand offers a kaleidoscopic vision of a society.
