Dictator's Dreamscape Joseph R. Hartman, 2019-04-16 Joseph Hartman focuses on the public works campaign of Cuban president, and later dictator, Gerardo Machado. Political histories often condemn Machado as a US-puppet dictator, overthrown in a labor revolt and popular revolution in 1933. Architectural histories tend to catalogue his regime's public works as derivatives of US and European models. Dictator's Dreamscape reassesses the regime's public works program as a highly nuanced visual project embedded in centuries-old representations of Cuba alongside wider debates on the nature of art and architecture in general, especially in regards to globalization and the spread of US-style consumerism. The cultural production overseen by Machado gives a fresh and greatly broadened perspective on his regime's accomplishments, failures, and crimes. The book addresses the regime's architectural program as a visual and architectonic response to debates over Cuban national identity, US imperialism, and Machado's own cult of personality.

The Playwright's House Daniel Suarez, 2021 Happily married, backed by a powerful mentor, and with career prospects that would take him abroad, Serguey has more than any young Cuban lawyer could ask for. But when his estranged brother Victor appears with news that their father--famed theater director Felipe Blanco--has been detained for what he suspects are political reasons, Serguey's privileged life is suddenly shaken. A return to his childhood home in Havana's decaying suburbs--a place filled with art, politics, and the remnants of a dissolving family--reconnects Serguey with his troubled past. He learns of an elusive dramatist's link to Felipe, a man who could be key to his father's release. With the help of a social media activist and his wife's ties with the Catholic Church, Serguey sets out to unlock the mystery of Felipe's arrest and, in the process, is forced to confront the reasons for the hostility between him and Victor: two violent childhood episodes that scarred them in unforgettable ways. On the verge of imprisonment, Serguey realizes he must make a decision regarding not just his father, but his family and his own future, a decision which, under the harsh shadow of a communist state, he cannot afford to regret.

The Informers Juan Gabriel Vásquez, 2012-05-01 A brilliant debut from 'one of the most original new voices of Latin American literature' (Mario Vargas Llosa) 'For anyone who has read the entire works of Gabriel García Márquez, The Informers is a thrilling new discovery' Colm Toibin, Guardian 'One of this year's outstanding books' Financial Times When Gabriel Santoro publishes his first book, a biography of a Jewish family friend who fled Germany for Colombia shortly before World War Two, it never occurs to him that his father will write a devastating review in a national newspaper. Why does he attack him so viciously? Do the pages of his book unwittingly hide some dangerous secret? As Gabriel sets out to discover what lies behind his father's anger, he finds himself undertaking an examination of the guilt and complicity at the heart of Colombian society, as one treacherous act perpetrated in those dark days returns with a vengeance half a century later.

Havana Blues Pamela Ruiz, 2021-07-01 Crumbling pastel-colored facades line its streets, parked vintage cars evoke times past, live music permeates the air. Welcome to Havana, home to an overwhelming energy. Situated along the Straits of Florida, the capital of Cuba has been through several identities: Spanish colonial settlement, mobster rule in the 1930s, glamour of the 1950s, Cuban revolution and, most recently, a cultural renaissance. Havana's bold, provocative approach to art, cuisine and entertainment—as well as the eclectic blend of African, French, Spanish and North American influences—including its range of architecture styles from the sixteenth century to the modern day, confer this epic city with a legendary status on par with the world's greatest cities. While some of the buildings are in disrepair, the beauty of the baroque, neoclassical and art deco features triumphs. The iconic Copa Room cabaret that

hosted Ginger Rogers and Abbott and Costello still stands. The Gran Teatro de la Habana, built in the early twentieth century, is now home to the Cuban National Ballet. Habana Vieja is undergoing a massive restoration to its former glory. Havana could be seen as a work-in-progress, but it is more a testament to its never-ending determination to improve and progress, which might be the allure that attracts so many visitors. So take a seat at an authentic paladar (family-run restaurant) and enjoy the vibrant evolution of Havana.

Ecotourism and Conservation in the Americas Amanda Stronza, William H. Durham, 2008 Ecotourism has been credited with conserving biological and cultural diversity, alleviating rural poverty, increasing public awareness of environmental concerns and strengthening ties between tourism operators and local populations. For these reasons, ecotourism has grown in popularity with tourists as well as governmental development agencies and conservation organizations. Over twenty years after its inception, it now needs to be asked: Does ecotourism measure up to its environmental, social and economic ideals? Using detailed case studies, regional overviews and thematic analyses, *Ecotourism and Conservation in the Americas* evaluates the pros and cons of ecotourism for communities and ecosystems. Focusing particularly on the Americas, perspectives are drawn from private tour operators, non-governmental conservation and development organizations, local and indigenous communities and tourism researchers. Chapters discuss local benefits and conservation value through discussions of social impacts, the assessment of conservation potential, environmental education and the setting and maintaining of standards.

After Fidel Brian Latell, 2014-11-25 This is a compelling behind-the-scenes account of the extraordinary Castro brothers and the dynastic succession of Fidel's younger brother Raul. Brian Latell, the CIA analyst who has followed Castro since the sixties, gives an unprecedented view into Fidel and Raul's remarkable relationship, revealing how they have collaborated in policy making, divided responsibilities, and resolved disagreements for more than forty years--a challenge to the notion that Fidel always acts alone. Latell has had more access to the brothers than anyone else in this country, and his briefs to the CIA informed much of U.S. policy. Based on his knowledge of Raul Castro, Latell makes projections on what kind of leader Raul will be and how the shift in power might influence U.S.-Cuban relations.

Agropolis Luc J. A. Mougeot, 2005 Urban agriculture is an increasingly popular practice in cities worldwide, and a sustainable future for it is critical, especially for the urban poor of the developing world.

Tribal Knowledge John Moore, 2006-09-01 Without question, Starbucks Coffee is one of the greatest business success stories of the past decade. Since going public in 1992, it has grown yearly revenues to more than \$6.5 billion, achieved a stock price increase of more than 6,500%, and opened over 11,000 locations worldwide. But for a company that has accomplished so much, outsiders really know very little about the Starbucks secrets to success. That's because much of the company's sage advice and weathered truisms exist solely in the hearts and minds of longtime Starbucks employees. This so-called "tribal knowledge" includes pithy quotes uttered by Starbucks executives, mantras used by Starbucks project groups, learnings from failed pilot programs, and "ah-ha" moments from successful projects. It's company stories passed down from one generation of employees to the next. It's intense. It's poignant. It's thought provoking. It's actionable. It's a language of Starbucks "tribal knowledge" that has never been written - only spoken - and only

within the Starbucks tribe. Until now. In *Tribal Knowledge: Business Wisdom Brewed from the Grounds of Starbucks Corporate Culture*, longtime Starbucks marketer John Moore shares untold, behind-the-scenes stories of the processes, the programs, and the products that have made Starbucks a remarkable business success, including:

- Why Starbucks was purpose driven to make a difference in the world.
- How Starbucks goes beyond simply having a mission statement to living its mission statement.
- How the Starbucks principled, innovative, and cause-related approach to marketing built an endearing and enduring brand.
- Why efforts to extend the Starbucks brand into lifestyle offerings such as a literary magazine and full-service restaurants failed.
- How the Starbucks approach to employee career growth has created a passionate workforce.
- How to apply the Starbucks “tribal knowledge” to your business, entrepreneurial venture, or project group.

Tribal Knowledge gives you unprecedented access to the many business lessons that helped Starbucks find prosperity by selling a commodity – all from a marketer who lived inside the Starbucks tribe.

Provincial Cilicia and the Archaeology of Temple Conversion Richard Andrew Bayliss, 2004 With the advent of Christianity, many symbols of paganism were removed or abandoned, and many public structures and buildings were the first to go.

Debt and Austerity Jodi Gardner, Mia Gray, Katharina Moser, 2020-11-12 This book explores the complex interactions between debt and austerity, analysing the social, economic, and legal implications of governments' responses to the 2008 financial crisis. Demonstrating how the nature of debt for those on low incomes has changed radically over the last decade, the chapters provide insight into how structural inequality was exacerbated by changes in the redistributive state, the legal system, and the welfare system. The examination occurs on a number of levels and these issues are explored through the lens of power, place, and class. The authors utilize both international case studies and 'on the ground' experiences, reviewing the role of high cost credit, bailiffs, local governments, bankruptcy, and debt advice. Through the analysis of the nature and structure of debt in specific countries, it highlights important lessons for a global audience. This unique book offers a broad, multi-faceted insight into the issue of low-income debt which will greatly benefit academics in law, social policy, geography, and economics. Its focus on practical steps and potential reforms, as well as contributions from third sector organizations, will also interest practitioners, policymakers, and NGOs.

Presidential Impeachment and the New Political Instability in Latin America Aníbal Pérez-Liñán, 2007-07-09 Documents the emergence of a pattern of political instability in Latin America. Traditional military coups have receded in the region, but elected presidents are still ousted from power as a result of recurrent crises. Aníbal Pérez-Liñán shows that presidential impeachment has become the main constitutional instrument employed by civilian elites to depose unpopular rulers. Based on detailed comparative research in five countries and extensive historical information, the book explains why crises without breakdown have become the dominant form of instability in recent years and why some presidents are removed from office while others survive in power. The analysis emphasizes the erosion of presidential approval resulting from corruption and unpopular policies, the formation of hostile coalitions in Congress, and the role of investigative journalism. This book challenges classic assumptions in studies of presidentialism and provides important insights for the fields of political communication, democratization, political behaviour, and institutional analysis.

Los Carpinteros Paulo Herkenhoff, 2010 This monograph presents a comprehensive survey of Los Carpinteros' work since 2003, their most critically acclaimed period.

Prince Of Cats Ronald Wimberly, 2016-10-26 PRINCE OF CATS is the B side to Shakespeare's Romeo and Juliet, played at an eighties block party in an NY where underground sword dueling blossomed alongside hip-hop, punk, disco, and no wave. It's the story of the

minor players with Tybalt at the center. The definitive printing of RONALD WIMBERLY's critically-acclaimed first work, presented as intended for the first time.

Collecting Clues Orsolya Bubryák,2018

Drawn from the Antique Adriano Aymonino,Anne Varick Lauder,Eloisa Dodero,Rachel Hapoienu,Ian Dennis Jenkins,Jerzy Kierkuc-Bielinski,Michiel Plomp,Jonathan Yarker,Sir John Soane's Museum,2015 This catalogue examines one of the most important educational tools and sources of inspiration for Western artists for over five hundred years: drawing after the Antique. From the Renaissance to the 19th century, classical statues offered young artists idealised models from which they could learn to represent the volumes, poses and expressions of the human figure and which, simultaneously, provided perfected examples of anatomy and proportion. For established artists, antique statues and reliefs presented an immense repertory of forms that they could use as inspiration for their own creations. Through a selection of thirty-nine drawings, prints and paintings, covering more than four hundred years and by artists as different as Federico Zuccaro, Hendrick Goltzius, Peter Paul Rubens, Charles-Joseph Natoire, Henry Fuseli and Joseph Mallord William Turner, this catalogue provides the first overview of a phenomenon crucial for the understanding and appreciation of European art.--Page 2 of cover.

Daphne's Dive Quiara Alegría Hudes,2017-09-29 In a tucked away corner of North Philly, six regulars gather at a neighborhood watering hole. Over twenty years, they turn their collective memories into a vivacious mythology. The tales they'd rather forget, however, keep sneaking up and tapping them on the shoulder. At Daphne's Dive, an aloe plant, a girl's sneaker, a stiff drink, and mounds of trash become talismanic treasures to a group of outsiders trying to be "in" together.

Negro Soy Yo Marc D. Perry,2015-12-25 In *Negro Soy Yo* Marc D. Perry explores Cuba's hip hop movement as a window into the racial complexities of the island's ongoing transition from revolutionary socialism toward free-market capitalism. Centering on the music and lives of black-identified raperos (rappers), Perry examines the ways these young artists craft notions of black Cuban identity and racial citizenship, along with calls for racial justice, at the fraught confluence of growing Afro-Cuban marginalization and long held perceptions of Cuba as a non-racial nation. Situating hip hop within a long history of Cuban racial politics, Perry discusses the artistic and cultural exchanges between raperos and North American rappers and activists, and their relationships with older Afro-Cuban intellectuals and African American political exiles. He also examines critiques of Cuban patriarchy by female raperos, the competing rise of reggaetón, as well as state efforts to incorporate hip hop into its cultural institutions. At this pivotal moment of Cuban-U.S. relations, Perry's analysis illuminates the evolving dynamics of race, agency, and neoliberal transformation amid a Cuba in historic flux.
