We Share the Same Sky Rachael Cerrotti,2021-08-17 In 2009, Rachael Cerrotti, a college student pursuing a career in photojournalism, asked her grandmother, Hana, if she could record her story. Rachael knew that her grandmother was a Holocaust survivor and the only one in her family alive at the end of the war. Rachael also knew that she survived because of the kindness of strangers. It wasn't a secret. Hana spoke about her history publicly and regularly. But, Rachael wanted to document it as only a granddaughter could. So, that's what they did: Hana talked and Rachael wrote. Upon Hana's passing in 2010, Rachael discovered an incredible archive of her life. There were preserved albums and hundreds of photographs dating back to the 1920s. There were letters waiting to be translated, journals, diaries, deportation and immigration papers as well as creative writings from various stages of Hana's life. Rachael digitized and organized it all, plucking it from the past and placing it into her present. Then, she began retracing her grandmother's story, following her through Central Europe, Scandinavia, and across the United States. She tracked down the descendants of those who helped save her grandmother's life during the war. Rachael went in pursuit of her grandmother's memory to explore how the retelling of family stories becomes the history itself. *We Share the Same Sky* weaves together the stories of these two young women—Hana as a refugee who remains one step ahead of the Nazis at every turn, and Rachael, whose insatiable curiosity to touch the past guides her into the lives of countless strangers, bringing her love and tragic loss. Throughout the course of her twenties, Hana's history becomes a guidebook for Rachael in how to live a life empowered by grief.

**Nicolaes Witsen and Shipbuilding in the Dutch Golden Age** A. J. Hoving,Diederick Wildeman,2012-03-29 In 1671, Dutch diplomat and scientist Nicolaes Witsen published a book that served, among other things, as an encyclopedia for the "shell-first" method of ship construction. In the centuries since, Witsen's rather convoluted text has also become a valuable source for insights into historical shipbuilding methods and philosophies during the "Golden Age" of Dutch maritime trade. However, as André Wegener Sleeswyk's foreword notes, Witsen's work is difficult to access not only for its seventeenth-century Dutch language but also for the vagaries of its author's presentation. Fortunately for scholars and students of nautical archaeology and shipbuilding, this important but chaotic work has now been reorganized and elucidated by A. J. Hoving and translated into English by Alan Lemmers. In *Nicolaes Witsen and Shipbuilding in the Dutch Golden Age*, Hoving, master model builder for the Rijksmuseum in Amsterdam, sorts out the steps in Witsen's method for building a seventeenth-century pinas by following them and building a model of the vessel. Experimenting with techniques and materials, conducting research in other publications of the time, and rewriting as needed to clarify and correct some vital omissions in the sequence, Hoving makes Witsen's work easier to use and understand. *Nicolaes Witsen and Shipbuilding in the Dutch Golden Age* is an indispensable guide to Witsen's work and the world of his topic: the almost forgotten basics of a craftsmanship that has been credited with the flourishing of the Dutch Republic in the seventeenth century. The Last Palace Norman Eisen,2019-09-03 A sweeping yet intimate narrative about the last hundred years of turbulent European history, as seen through one of Mitteleuropa's greatest houses—and the lives of its occupants When Norman Eisen moved into the US ambassador's residence in Prague, returning to the land his mother had fled after the Holocaust, he was startled to discover swastikas hidden beneath the furniture in his new home. These symbols of Nazi Germany were remnants of the residence's forgotten history, and evidence that we never live far from the past. From that discovery unspooled the twisting, captivating tale of four of the remarkable people who had called this palace home. Their story is Europe's, and *The Last Palace* chronicles the upheavals that transformed the continent over the past century. There was the optimistic Jewish financial baron, Otto Petschek, who built the palace after World War I as a statement of his faith in democracy, only to have that faith shattered; Rudolf Toussaint, the cultured, compromised German general who occupied the palace during World War II, ultimately putting his life at risk to save the house and Prague itself from destruction; Laurence Steinhardt, the first postwar US ambassador whose quixotic struggle to keep the palace out of Communist hands was paired with his pitched efforts to rescue the country from Soviet domination; and Shirley Temple Black, an eyewitness to the crushing of the 1968 Prague Spring by Soviet tanks, who determined to return to Prague and help end totalitarianism—and did just that as US ambassador in 1989. Weaving in the life of Eisen's own mother to demonstrate how those without power and privilege moved through history, *The Last Palace* tells the dramatic and surprisingly cyclical tale of the triumph of liberal democracy.

*Prague: My Long Journey Home* Charles Ota Heller,2011-12-14 Author Charles Ota Hella's early childhood in Czechoslovakia was idyllic, but his safe and happy world didn't last long. Three years after his birth, Germany forced an occupation of his country; afterward, most of his young life consisted of running and hiding. His life, just like those of the other youths who lived in Europe during the late 1930s and early 1940s, was shaped forever by the dangers, horrors, and unsettling events he experienced. In this memoir, Heller, born Ota Karel Heller, narrates his family's story—a family nearly destroyed by the Nazis. Son of a mixed marriage, he was raised a Catholic and was unaware of his Jewish roots, even after his father escaped to join the British army and fifteen members of his family disappeared. *Prague: My Long Journey Home* tells of his Christian mother being sent to a slave labor camp and of his hiding on a farm to avoid deportation to a death camp. With the war coming to a close, Heller tells of how he picked up a revolver and shot a Nazi when he was just nine years old. Heller,

now an assimilated American, left the horrors of the past along with his birth name behind to live the proverbial American Dream. In his memoir, he recalls how two cataclysmic events following Czechoslovakia's Velvet Revolution brought him face-to-face with demons of his former life. On his personal journey Heller discovered and embraced his heritage one which he had abandoned decades earlier.

The Glass Room Simon Mawer, 2009-10-27 Honeymooners Viktor and Liesel Landauer are filled with the optimism and cultural vibrancy of central Europe of the 1920s when they meet modernist architect Rainer von Abt. He builds for them a home to embody their exuberant faith in the future, and the Landauer House becomes an instant masterpiece. Viktor and Liesel, a rich Jewish mogul married to a thoughtful, modern gentile, pour all of their hopes for their marriage and budding family into their stunning new home, filling it with children, friends, and a generation of artists and thinkers eager to abandon old-world European style in favor of the new and the avant-garde. But as life intervenes, their new home also brings out their most passionate desires and darkest secrets. As Viktor searches for a warmer, less challenging comfort in the arms of another woman, and Liesel turns to her wild, mischievous friend Hana for excitement, the marriage begins to show signs of strain. The radiant honesty and idealism of 1930 quickly evaporate beneath the storm clouds of World War II. As Nazi troops enter the country, the family must leave their old life behind and attempt to escape to America before Viktor's Jewish roots draw Nazi attention, and before the family itself dissolves. As the Landauers struggle for survival abroad, their home slips from hand to hand, from Czech to Nazi to Soviet possession and finally back to the Czechoslovak state, with new inhabitants always falling under the fervent and unrelenting influence of the Glass Room. Its crystalline perfection exerts a gravitational pull on those who know it, inspiring them, freeing them, calling them back, until the Landauers themselves are finally drawn home to where their story began. Brimming with barely contained passion and cruelty, the precision of science, the wild variance of lust, the catharsis of confession, and the fear of failure - the Glass Room contains it all.
