My Body Emily Ratajkowski, 2022-09-13 INSTANT NEW YORK TIMES BESTSELLER My Body offers a lucid examination of the mirrors in which its author has seen herself, and her indoctrination into the cult of beauty as defined by powerful men. In its more transcendent passages . . . the author steps beyond the reach of any 'Pygmalion' and becomes a more dangerous kind of beautiful. She becomes a kind of god in her own right: an artist. —Melissa Febos, The New York Times Book Review A deeply honest investigation of what it means to be a woman and a commodity from Emily Ratajkowski, the archetypal, multi-hyphenate celebrity of our time Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. My Body is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the gray area between consent and abuse. Nuanced, fierce, and incisive, My Body marks the debut of a writer brimming with courage and intelligence.

James Castle John Beardsley, 2021 American artist James Castle inhabited a world of utter quiet, where the mundane became miraculous. Born to a family of homesteaders in the mountains of central Idaho in 1899, he was deaf from an early age. Perhaps not coincidentally, he developed an extraordinary visual and spatial memory. This gave him a dictionary of images of his home, farm, and valley that he replicated and manipulated for the rest of his life in a series of extraordinary soot and saliva drawings. Castle's particular environment and experience gave him access to other, more surprising sources for his art. His parents ran the local post office and store, which supplied an array of images from burgeoning early twentieth century print culture. He collected scrap paper and cardboard, which he cut up and stitched together into farm animals, furniture, and clothing. Castle spent several years at a school for the deaf, where he picked up only the rudiments of language. But he used his knowledge of letters, words, and multiple alphabets—some of his own devising—to create an arresting range of enigmatic text-based drawings. In this book, author John Beardsley delves into Castle's work as an expression of his acute capacity for remembering, managing, and improvising on visual information. Castle's work will be presented as if moving through a series of environments: inside, outside, landscape, figure, book. This allows us to imagine the visual and spatial world Castle inhabited. This publication will also be the first to include a definitive biography of the artist—]cProvided by publisher.

Graffiti and the Writing Arts of Early Modern England Juliet Fleming, 2011-12-15 Tattoos and graffiti immediately bring to mind contemporary urban life and its inhabitants. But in fact, both practices date back much further than is generally thought—even by scholars. Drawing on a previously unavailable archive, Juliet Fleming reveals the unknown and disregarded literary arts of sixteenth century England. In *Graffiti and the Writing Arts of Early Modern England*, Fleming argues that our modern assumptions of what constitutes written expression have limited our access to and understanding of early modern history and writing. Fleming combines detailed historical scholarship with intellectual daring in a work that describes how writing practices have not been limited to the boundaries of the page; instead they have included body surfaces, ceramics, ceilings, walls, and windows. Moving beyond what has been preserved in print and manuscript, this book claims the whitewashed wall as the primary textual canvas of the early modern English, explores the tattooing practices of sixteenth-century Europeans, and uncovers the poetics of ceramic cookware. *Graffiti and the Writing Arts of Early Modern England* will provide a startling new perspective for scholars of early modern literature and cultural history.

The City & The City China Miéville, 2009-05-26 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE LOS ANGELES TIMES, THE SEATTLE TIMES, AND PUBLISHERS WEEKLY. When a murdered woman is found in the city of Beszel, somewhere at the edge of Europe, it looks to be a routine case for Inspector Tyador Borlú of the Extreme Crime Squad. To investigate, Borlú must travel from the decaying Beszel to its equal, rival, and intimate neighbor, the vibrant city of Ul Qoma. But this is a border crossing like no other, a journey as psychic as it is physical, a seeing of the unseen. With Ul Qoman detective Qussim Dhatt, Borlú is enmeshed in a sordid underworld of nationalists intent on destroying their neighboring city, and unificationists who dream of dissolving the two into one. As the detectives uncover the dead woman's secrets, they begin to suspect a truth that could cost them more than their lives. What stands against them are murderous powers in Beszel and in Ul Qoma: and, most terrifying of all, that which lies between these two cities. BONUS: This edition contains a *The City & The City* discussion guide and excerpts from China Miéville's *Kraken* and *Embassytown*.

Grinling Gibbons and the Art of Carving David Esterly, 2021-08-19 Reissued to mark 300 years since the death of Grinling Gibbons (1648 - 1721), the greatest of decorative woodcarvers, this book reviews his work through the eyes of fellow carver, the late David Esterly. Reissued to mark 300 years since the death of Grinling Gibbons (1648-1721), this study views the work of the greatest of decorative woodcarvers from the perspective of a fellow carver, the late David Esterly. Grinling Gibbons is famous for giving wood the loose and airy lightness of flowers. His flamboyant cascades of lifelike blossoms, fruits, foliage, birds and fish dominate English interiors of the late seventeenth century. They are among the glories of Windsor Castle, Hampton Court Palace, and St. Paul's Cathedral, as well as Badminton,

Burghley, Petworth, and other great country houses. A contemporary of Christopher Wren and of the diarists Samuel Pepys and John Evelyn, Gibbons was part of the colourful world of Restoration England. His discovery by Evelyn in a tumble-down cottage near the River Thames was followed by a presentation to King Charles II, who rejected his early sculptural work. Gibbons responded by inventing his spectacular style of decorative carving. He was then rediscovered, reintroduced to the king, and launched into a triumphant career. After setting Gibbons in historical context, David Esterly's ground-breaking approach allows us to understand the process by which these exuberant carvings were created and how their forms reflect the organization of Gibbon's workshop. Esterly, a professional woodcarver who restored some of Gibbons' most important carvings, shares his unique knowledge of the layering process by which Gibbons built up such masterpieces as the Cosimo panel or the elaborate overmantels at Hampton Court Palace. Specially commissioned photographs show these carvings in a disassembled state, revealing the secrets of their construction. Esterly also discusses Gibbons' formidable carving techniques, and his tools, workshop practice, materials, and finishing are described in detail. This generously illustrated volume will have a special appeal for carvers as well as for those interested in seventeenth-century interiors and the decorative arts.

A Traveller in Time Alison Uttley, Phyllis Bray, 2020-02-11 The "superb" time travel adventure of one lonely young girl, a remarkable family, and an impossible task, set between modern and Elizabethan England (The Washington Post) A beautiful book . . . a form of enchanting ghost story, with the ghosts drawn in with the grace of a painter on a fan. —The Observer Penelope Taberner Cameron is a solitary and a sickly child, a reader and a dreamer. Her mother, indeed, is of the opinion that the girl has grown all too attached to the products of her imagination and decides to send her away from London for a restorative dose of fresh country air. But staying at Thackers, in remote Derbyshire, Penelope is soon caught up in a new mystery, as she finds herself transported at unforeseeable intervals back and forth from modern to Elizabethan times. There she becomes part of a remarkable family that is, Penelope realizes, in terrible danger as they plot to free Mary, Queen of Scots, from the prison in which Queen Elizabeth has confined her. Penelope knows the tragic end that awaits the Scottish queen, but she can neither change the course of events nor persuade her new family of the hopelessness of their cause, which love, loyalty, and justice all compel them to embrace. Caught between present and past, Penelope is ever more torn by questions of freedom and fate. To travel in time, she discovers, is to be very much alone. And yet the slow recurrent rhythms of the natural world, beautifully captured by Alison Uttley, also speak of a greater ongoing life that transcends the passage of the years.

Medieval Graffiti Matthew Champion, 2015-07-02 For centuries carved writings and artworks in churches lay largely unnoticed. So archaeologist Matthew Champion started a nationwide survey to gather the best examples. In this book he shines a spotlight on a forgotten world of ships, prayers for good fortune, satirical cartoons, charms, curses, windmills, word puzzles, architectural plans and heraldic designs. Drawing on examples from surviving medieval churches in England, the author gives a voice to the secret graffiti artists: from the lord of the manor and the parish priest to the people who built the church itself. Here are strange medieval beasts, knights battling unseen dragons, ships sailing across lime-washed oceans and demons who stalk the walls. Latin prayers for the dead jostle with medieval curses, builders' accounts and slanderous comments concerning a long-dead archdeacon. Strange and complex geometric designs, created to ward off the 'evil eye' and thwart the works of the devil, share church pillars with the heraldic shields of England's medieval nobility.

What Video Games Have to Teach Us About Learning and Literacy. Second Edition James Paul Gee, 2014-12-02 James Paul Gee begins his classic book with I want to talk about video games--yes, even violent video games--and say some positive things about them. With this simple but explosive statement, one of America's most well-respected educators looks seriously at the good that can come from playing video games. In this revised edition of What Video Games Have to Teach Us About Learning and Literacy, new games like World of Warcraft and Half Life 2 are evaluated and theories of cognitive development are expanded. Gee looks at major cognitive activities including how individuals develop a sense of identity, how we grasp meaning, how we evaluate and follow a command, pick a role model, and perceive the world.

The Queen's Dolls' House Lucinda Lambton, 2010 The Queen's Dolls' House is one of the largest, most beautiful, and most famous dolls' houses in the world. Created for Queen Mary in the early 1920s by the renowned architect Sir Edwin Lutyens, it is a perfect replica of an aristocratic Edwardian residence, complete in every way - from the wine-cellar, with its store of tiny bottles, each containing a thimbleful of vintage wine, to the library, with its exquisite volumes of original works by authors such as Sir Arthur Conan Doyle, Thomas Hardy and Edith Wharton. This most magical of dolls' houses also has a garden designed by Gertrude Jekyll, a garage full of miniature limousines, and running water, electricity and working lifts. Each room, from the servants' bedrooms to the grand saloon, is fully furnished in every way, and waiting to be explored.

Palace of the Drowned Christine Mangan, 2021-06-01 From the bestselling author of Tangerine, a taut and mesmerizing follow up...voluptuously atmospheric and surefooted at every turn" (Paula McLain, author of The Paris Wife and When the Stars Go Dark). It's 1966 and Frankie Croy retreats to her friend's vacant palazzo in Venice. Years have passed since the initial success of Frankie's debut novel and she has spent her career trying to live up to the expectations. Now, after a particularly scathing review of her most recent work, alongside a very public breakdown, she needs to recharge and get re-inspired. Then Gilly appears. A precocious young admirer eager to make friends, Gilly seems determined to insinuate herself into Frankie's solitary life. But there's something about the young woman that gives Frankie pause. How much of what Gilly tells her is the truth? As a series of lies and revelations emerge, the lives of these two women will be tragically altered as the catastrophic 1966 flooding of Venice ravages the city. Suspenseful and transporting, Christine Mangan's Palace of the Drowned brings the mystery of Venice to life while delivering a twisted tale of ambition and human nature.

Rice's Architectural Primer Matthew Rice,2010-07-15 RICE'S ARCHITECTURAL PRIMER covers the grammar and vocabulary of British buildings, explaining the evolution of styles from Norman castles to Norman Foster. Its aim is to enable the reader to recognise, understand and date any British building. As Matthew Rice says, 'Once you can speak any language, conversation can begin, but without it communications can only be brief and brutish. The same is the case with Architecture: an inability to describe the component parts of a building leaves one tongue-tied and unable to begin to discuss what is or is not exciting, dull or peculiar about it.' RICE'S ARCHITECTURAL PRIMER will explain the language of architecture. With it in your hand, pocket or car, buildings will break down beguilingly into their component parts, ready for inspection and discussion. There will be no more references to that curly bit on top of the thing with the square protrusions. Ungainly and inept descriptions will be a thing of the past and, fluent in the world of volutes, hood moulds, lobed architraves and bucrania, you will be able to leave a cathedral or country house with as much to talk about as a film or play. RICE'S ARCHITECTURAL PRIMER starts with an explanation of the basic 'Grammar' of buildings: elevation, plan, roof, gable and eave. This will enable the reader to better make use of what is to follow. It will also cover the Orders of Architecture – Doric, Tuscan, Ionic, Corinthian and Composite – so that the vital basics of Classicism are covered. Following this is the 'Vocabulary'. This will be a chronological reference section covering, period by period, the windows, doors and doorcases, columns, chimneys, arches, balustrades and pediments that make up the built environment.

The Sword Arm of Chivalry: The History of a Militant Culture James M. Volo,2018-09-26 This is the history of an era dominated by militancy: both warlike and religious, if the two can be separated. The true interest in the centuries of the early Middle Ages lies with the gradual evolution of new forms of military efficiency, which ended in the establishment of a military caste (knights) as the chief power in war and the human mechanism of government. The existence of feudalism and its association with the Christian Church is one of the most important factors concerning the Middle Ages. In the medieval period, the individual mounted warrior seemingly held sway for an extended time
