*4th International Conference on Internet of Things and Connected Technologies (ICIoTCT)*, 2019 Neeta Nain, Santosh Kumar Vipparthi, 2020-02-14 This book presents the proceedings of the 4th International Conference on Internet of Things and Connected Technologies (ICIoTCT), held on May 9–10, 2019, at Malaviya National Institute of Technology (MNIT), Jaipur, India. The Internet of Things (IoT) promises to usher in a revolutionary, fully interconnected “smart” world, with relationships between objects and their environment and objects and people becoming more tightly intertwined. The prospect of the Internet of Things as a ubiquitous array of devices bound to the Internet could fundamentally change how people think about what it means to be “online”. The ICIoTCT 2019 conference provided a platform to discuss advances in Internet of Things (IoT) and connected technologies, such as various protocols and standards. It also offered participants the opportunity to interact with experts through keynote talks, paper presentations and discussions, and as such stimulated research. With the recent adoption of a variety of enabling wireless communication technologies, like RFID tags, BLE, ZigBee, embedded sensor and actuator nodes, and various protocols such as CoAP, MQTT and DNS, IoT has moved on from its infancy. Today smart sensors can collaborate directly with machines to automate decision-making or to control a task without human involvement. Further, smart technologies, including green electronics, green radios, fuzzy neural approaches, and intelligent signal processing techniques play an important role in the development of the wearable healthcare devices.

Austen Years Rachel Cohen, 2020-07-21 One of The Globe and Mail's Best Books of 2020 A thoroughly authentic, smart and consoling account of one writer's commitment to another. --The New York Times Book Review (editors' choice) An absolutely fascinating book: I will never read Austen the same way again. —Helen Macdonald, author of *H is for Hawk* An astonishingly nuanced reading of Jane Austen that yields a rare understanding of how to live About seven years ago, not too long before our daughter was born, and a year before my father died, Jane Austen became my only author. In the turbulent period around the birth of her first child and the death of her father, Rachel Cohen turned to Jane Austen to make sense of her new reality. For Cohen, simultaneously grief-stricken and buoyed by the birth of her daughter, reading Austen became her refuge and her ballast. She was able to reckon with difficult questions about mourning, memorializing, living in a household, paying attention to the world, reading, writing, and imagining through Austen's novels. *Austen Years* is a deeply felt and sensitive examination of a writer's relationship to reading, and to her own family, winding together memoir, criticism, and biographical and historical material about Austen herself. And like the sequence of Austen's novels, the scope of *Austen Years* widens successively, with each chapter following one of Austen's novels. We begin with Cohen in Cambridge, Massachusetts, where she raises her small children and contemplates her father's last letter, a moment paired with the grief of *Sense and Sensibility* and the social bonds of *Pride and Prejudice*. Later, moving with her family to Chicago, Cohen grapples with her growing children, teaching, and her father's legacy, all refracted through the denser, more complex *Mansfield Park* and *Emma*. With unusual depth and fresh insight into Austen's life and literature, and guided by Austen's mournful and hopeful final novel, *Persuasion*, Rachel Cohen's *Austen Years* is a rare memoir of mourning and transcendence, a love letter to a literary master, and a powerful consideration of the odd process that merges our interior experiences with the world at large.

**Plato's 'Republic': An Introduction** Sean McAleer, 2020-11-09 It is an excellent book – highly intelligent, interesting and original. Expressing high philosophy in a readable form without trivialising it is a very difficult task and McAleer manages the task admirably. Plato is, yet again, intensely topical in the chaotic and confused world in which we are now living. Philip Allott, Professor Emeritus of International Public Law at Cambridge University This book is a lucid and accessible companion to Plato's *Republic*, throwing light upon the text's arguments and main themes, placing them in the wider context of the text's structure. In its illumination of the philosophical ideas underpinning the work, it provides readers with an understanding and appreciation of the complexity and literary artistry of Plato's *Republic*. McAleer not only unpacks the key overarching questions of the text – What is justice? And Is a just life happier than an unjust life? – but also highlights some fascinating, overlooked passages which contribute to our understanding of Plato's philosophical thought. Plato's 'Republic': An Introduction offers a rigorous and thought-provoking analysis of the text, helping readers navigate one of the world's most influential works of philosophy and political theory. With its approachable tone and clear presentation, it constitutes a welcome contribution to the field, and will be an indispensable resource for philosophy students and teachers, as well as general readers new to, or returning to, the text.

**Uses and Limitations of the AHP Method** Nolberto Munier, Eloy Hontoria, 2021-02-05 This book examines the Analytical Hierarchy Process (AHP) method, its varied uses, as well as its limitations for solving real-world scenarios. While the simplicity of the method compels users to find shortcuts to a real-world problem, it also leads to obtaining wrong results that do not represent reality. By alerting practitioners about the core necessities of a new scenario, this book helps solve this problem, as well as contribute to the field of Multicriteria Decision Making Method (MDCM). The authors use a demonstrative, rather than a theoretical approach, and examine 30 subjects that displays the shortcomings and drawbacks of the AHP. Each one is examined in-depth, discussed, debated and reasoned, using examples, some of them numeric. The book highlights the rationality and common sense of the subjects, and in most cases, validates the criticism by showing through numerical examples, the impossibility of the AHP method to address, let alone solve real-world projects. At the conclusion of each subject, a table is built comparing the similarities and differences between the opinions of the authors and other experts, along with the respective pros and cons.

**Edmund de Waal Library of Exile** Edmund de Waal, 2020-10-06 Published to mark the display of library of exile at the British Museum, this beautifully produced new book reflects on the themes raised by de Waal's thought-provoking work of art. A preface by Booker Prize-nominated author Elif Shafak reflects on the importance of literature and its capacity to transcend language and borders. The introduction from Hartwig Fischer, Director of the British Museum, positions the artwork within the wider context of the Museum's collection, highlighting the dialogue between objects from across time and throughout history and the contemporary. Finally, de Waal concentrates on the work itself, its journey to the British Museum via Venice and Dresden, and its future role in the foundation of the New University Library in Mosul.

**Beauford Delaney and James Baldwin** Stephen C. Wicks, 2020-07-10 Beauford Delaney and James Baldwin: Through the Unusual Door examines the thirty-eight-year relationship between painter Beauford Delaney (born in Knoxville, 1901; died in Paris, 1979) and

writer James Baldwin (born in New York, 1924; died in Saint-Paul-de-Vence, France, 1987) and the ways their ongoing intellectual exchange shaped each other's creative output and worldview. This full-color publication documents the groundbreaking exhibition organized by the Knoxville Museum of Art (KMA) and is drawn from the KMA's extensive Delaney holdings, from public and private collections around the country, and from unpublished photographs and papers held by the Knoxville-based estate of Beauford Delaney. This book seeks to identify and disentangle the skein of influences that grew over and around a complex, lifelong relationship with a selection of Delaney's works that reflects the powerful presence of Baldwin in Delaney's life. While no other figure in Beauford Delaney's extensive social orbit approaches James Baldwin in the extent and duration of influence, none of the major exhibitions of Delaney's work has explored in any depth the creative exchange between the two. The volume also includes essays by Mary Campbell, whose research currently focuses on James Baldwin and Beauford Delaney within the context of the civil rights movement; Glenn Ligon, an internationally acclaimed New York-based artist with intimate knowledge of Baldwin's writings, Delaney's art, and American history and society; Levi Prombaum, a curatorial assistant at the Solomon R. Guggenheim Museum who did his doctoral research at University College London on Delaney's portraits of James Baldwin; and Stephen Wicks, the Knoxville Museum of Art's Barbara W. and Bernard E. Bernstein Curator, who has guided the KMA's curatorial department for over 25 years and was instrumental in building the world's largest and most comprehensive public collection of Beauford Delaney's art at the KMA.

**Bill Mauldin: A Life Up Front** Todd DePastino,2009-06-15 "A deeply felt, vivacious and wonderfully illustrated biography." —Clancy Sigal, Los Angeles Times Book Review A self-described "desert rat" who rocketed to fame at the age of twenty-two, Bill Mauldin used flashing black brush lines and sardonic captions to capture the world of the American combat soldier in World War II. His cartoon dogfaces, Willie and Joe, appeared in Stars and Stripes and hundreds of newspapers back home, bearing grim witness to life in the foxhole. We've never viewed war in the same way since. This lushly illustrated biography draws on private papers, correspondence, and thousands of original drawings to render a full portrait of a complex and quintessentially American genius.

Edward Albee's At Home at the Zoo Edward Albee,2008 When you emerge from this impish comic playwright's glittering tribute to Molière, written entirely in verse, your head will be so dizzy with syncopated rhyme that you'll almost expect to find yourself speaking and thinking in chiming couplets...[Ives] add The truism that families come in all shapes and sizes is illuminated with haunting beauty...in this exquisitely wrought comedy-drama...a piercing portrait of the contemporary social architecture, in which the distance between people can be widened or collapse
