*How to Argue the Constitution with a Conservative* Michael A. Ventrella,2019-08-29 Lawyer Michael A. Ventrella argues to try to improve things. In this accessible, snarky book of Constitutional history and opinion, he draws on his experience working on political campaigns and teaching law to explain what the Constitution says and means, and how it can be improved. Illustrated by Pulitzer Prize-winner Darrin Bell.

*Countless Hues of Crimson* Pip Ballantine,Tee Morris,2017 From the writers of the Ministry of Peculiar Occurrences comes the erotic novel you haven’t been waiting for. Anastasia Brassingware is a daughter of English aristocracy, but her station has been brought low by her father’s belief in ridiculous quick schemes. Now forced into penury, she must take any menial job. A chance meeting with enigmatic pineapple merchant, Lord Heathcliff Redd, has changed everything. Drawn in by his brooding ways, the maiden discovers the pineapple merchant’s darker pleasures, and technological wonders that do more than just core his tropical bounties with ease. Take caution, dear reader. This is a novel of shadow, of desire, and of wanton lust. This novella is not a collection of standing orders for a clandestine organization within Her Majesty’s government. No sir. No how. No way. Nowhere in this scintillating novel of erotic perversion are coded messages intended for agents that investigate the strange, the bizarre, and the unnatural. No. In this novella are pages of good British smut, just the way God intended. This is the story of a wide-eyed ingénue innocent to carnal pleasures, a wealthy English lord with a pineapple fetish, and fresh fruit bending to their will. No standing orders whatsoever. “I think a small part of me just died.” — Wellington Thornhill Books, Esq. “It made me rather tingly.” — H.J. Rodwell

Under his guidance, a whole new adventure begins for them all, investigating the strange, the unusual, and the bizarre. When an Egyptologist from the British Museum is kidnapped, the only clue leads to the Delancy Academy, an elite school

for gifted, young scientists. Now the Seven are called upon to go where Ministry agents cannot, and within the school Verity uncovers an ancient evil that could herald the end of the world. The Seven set down a dangerous path of intrigue, mystery, and murder; and find that ancient curses are especially difficult to contend with when you have Chemistry assignments due the next day. From the creators of the award-winning steampunk series comes a new adventure set in the Ministry of Peculiar Occurrences universe.
