Stranger Things. Tribute Eva Minguet, 2020-05 *Stranger Things* is characterised by having the heart and essence of the mythical series and films of the 80's, from *The Goonies*, *Ghostbusters*, *Back to the Future*, *The Neverending Story*, and so many more, which were authentic icons for that generation. The series has the same breath of fresh

air as the past that it wants to reflect, and since the first episode it has managed to captivate our hearts, from its aesthetics, its music on tape cassettes, its arcades, and the first malls. For deciding the title and font of the series, the Duffer brothers were inspired by a Stephen King novel, *Needful Things*. Once's role is similar to the character played by Drew Barrymore in the movie *Firestarter*, also King's novel.
