Opossums to the Rescue Gina Gallois, 2021-08-12 Mama Opossum awakens to count her 10 sleeping babies - but wait! Eleven? That can't be right! A baby mouse has snuggled in with the joeys. She must be lost. Young readers are invited to join the Opossum Family in their quest to find Baby Mouse's family by comparing her features to the animals they meet. Does Baby Mouse have long ears like rabbits? Strong claws like moles? A flickering tongue like a snake? Each page is a new adventure as families and classes can discuss similarities and differences between the different animals they see. Children can also seek and find a different tiny hidden creature on each page: beetles, ladybugs, snails, fish, etc. Opossums to the Rescue stands on its own, but is also the sequel to Mama Opossum's Misadventures, where Mama finds her missing babies with different nocturnal animals in the forest. In the end, when all of her babies are safely back home, she wakes up the next evening to discover Baby Mouse has joined her family. Opossums to the Rescue is also available in French: Les opossums à la rescousse. Opossum Opposites is the first book in the Awesome Opossum Stories series and is a book of nonfiction, all about the lives and habits of opossums. Opossum Opposites is available in English, French and Spanish.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. The Return of the Mother Andrew Harvey, 2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, The Return of the Mother is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. The Return of the Mother offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. The Return of the Mother is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

A Book of Feelings Amanda McCardie, 2016-09 PICTURE STORYBOOKS. A Book of Feelings stars a brother and sister, Sam and Kate, and their dog, Fuzzy Bean. Sam and Kate know what makes them happy: cuddling Mum, reading a story with Dad, swimming, running and dancing ... lots of things. But they don't feel happy all the time (nor does Fuzzy Bean), and in the course of the book we see them feeling grumpy, embarrassed, shy, nervous, frightened, sad and jealous. Both words and pictures portray the children in many different situations at home and at school, and show how they change over time, how emotions can escalate, and how people can help each other. Amanda McCardie's supremely subtle and sensitive text is as alive to the nuances of children's behaviour as Salvatore Rubbino's amazing pictures. Ages 0+
