John Piper

Paul's Idea of Community Robert J. Banks,2020-01-21 This highly readable investigation of the early church explores the revolutionary nature, dynamics, and effects of the earliest Christian communities. It introduces readers to the cultural setting of the house churches of biblical times, examines the apostle Paul's vision of life in the Christian church, and explores how the New Testament model of community applies to Christian practice today. Updated and revised throughout, this 40th-anniversary edition incorporates recent research, updates the bibliography, and adds a new fictional narrative that depicts the life and times of the early church.

Church Planting Movements V. David Garrison,2007 David Garrison, PhD University of Chicago, defines Church Planting Movements as rapidly multiplying indigenous churches planting churches that sweep across a people group or population segment. Garrison's Church Planting Movements: How God Is Redeeming a Lost World signaled a breakthrough in missionary church planting. After the publication of Garrison's book in 2004 it became impossible to talk about missions without referencing Church Planting Movements. Church Planting Movements examines more than two-dozen movements of multiplying churches on five continents. After presenting these case studies, Garrison identifies ten universal elements present in each movement. He then broadens the circle of examination to identify a further ten common characteristics, factors identified in most, but not all, of the movements. He concludes his examination with a list of Seven Deadly Sins, i.e. harmful practices that stifle or impede Church Planting Movements. Important for evangelical readers, the author returns to his findings to see how they stand up to the light of Scripture. What he discovers is that Church Planting Movements are much more consistent with the New Testament lay-led house-church movements that swept rapidly through the Mediterranean world in the face of hostile opposition than today's more sedentary professional institutionalized Christianity. Romans ,1999 Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell.

When Church Became Theatre Jeanne Halgren Kilde,2005 In the 1880s, socio-economic and technological changes in the United States contributed to the rejection of Christian architectural traditions and the development of the radically new auditorium church. Jeanne Kilde links this shift in evangelical Protestant architecture to changes in worship style and religious mission.

Building a Healthy Multi-Ethnic Church Mark DeYmaz,2020-10-06 Through personal stories, proven experience, and a thorough analysis of the biblical text, Building a Healthy Multi-Ethnic Church illustrates both the biblical mandate for the multi-ethnic church and the seven core commitments required to bring it about. Mark DeYmaz, pastor of one of the most proven multi-ethnic churches in the country, writes from both his experience and his extensive study of how to plant, grow, and encourage more ethnically diverse churches. He argues that the homogenous unit principle will soon become irrelevant and that the most effective way to spread the gospel in an increasingly diverse world is through strong and vital multi-ethnic churches. Apart from ethnically and economically diverse relationships, we cannot understand others different from ourselves, develop trust for others who are different than us, and/or love others different than ourselves. Apart from understanding, trust, and love, we are less likely to get involved in the plight of others different than ourselves. Without involvement, nothing changes, and the disparaging consequences of systemic racism remain entrenched in our culture. Surely, it breaks the heart of God to see so many churches segregated ethnically or economically from one another, and that little has changed in the many years since it was first observed that eleven o'clock on Sunday morning is the most segregated hour in the land.

Church Comes Home, The Robert Banks,Julia Banks,1994-09-01 In our modern dislocated society many are searching for a church experience that offers true Christian sharing, nurturing, and discipleship, in addition to teaching and worship. For many such people the answer is found in the home church: a small, committed group of often diverse people who meet together in homes to pray, eat, sing, study, and share their lives. The Church Comes Home is a handbook for those interested in home churches. It is both visionary and practical. It describes how home churches can be formed, how they should grow, and how networks of home churches can develop. It examines issues--for example, how to make decisions; how to determine doctrine; how to include children, singles, elders; and how to reach out to the community at large--and offers practical suggestions for their resolution.

Ducking Spears, Dancing Madly Prof. Bruce C. Birch,Lewis A. Parks,Lewis Parks,2004-05-01 Leadership among God's people is not a matter of easy answers or simple solutions. There is no foolproof list of character traits that one can acquire and develop in order to be a successful leader. Authentic leadership is a complex interaction of the leader's gifts and calling, the people's needs and response, the particular situation of the moment, and, above all, the guidance of the Holy Spirit. Birch and Parks believe if we wish to understand the intricate and messy character of leadership in the church, the obvious place to start is Scripture. The Bible portrays leaders not as heroes placed on a pedestal, but rather as flawed and fallen human beings who nonetheless work with the people around them and with the situation at hand to move toward accomplishing the will of God. Ducking Spears, Dancing Madly is a penetrating look at church leadership through the stories of Saul, David, and other central Old Testament figures. The authors demonstrate that those who have a clear and honest understanding of the triumphs and flaws of the individuals who lead God's people in Scripture will be better prepared to lead God's people today. In order to provide that understanding, they engage in a dialogue with the books of 1 and 2 Samuel, texts that portray the people of Israel in frequent social and political transition, and hence in need of effective leadership

Why I Love the Apostle Paul John Piper,2019-01-17 Besides Jesus, no one has kept me from despair, or taken me deeper into the mysteries of the gospel, than the apostle Paul. —John Piper No one has had a greater impact on the world for eternal good than the apostle Paul—except Jesus himself. For John Piper, this impact is very personal. He does not just admire and trust Paul. He loves him. Piper gives us thirty glimpses into why his heart and mind respond this way. Can a Christian-killer really endure 195 lashes from a heart of love? Can a mystic who thinks he was caught up into heaven be a model of lucid rationality? Can an ethnocentric Jew write the most beautiful call to reconciliation? Can a person who lives with the unceasing anguish of empathy be always rejoicing? Can a man's description of the horrors of human sin be exceeded by his delight in human splendor? Can a man with a backbone of steel be as tender as a nursing mother? If we know this man—if we see what Piper sees—we too will love him. Paul's testimony is a matter of life and death. Piper invites you into his relationship with Paul in the hope that you will know life, forever.

Women of Holy Week Paula Gooder,2021-12-31 In the style of her bestselling Phoebe, Paula Gooder uses her extensive biblical expertise to retell the events of the Crucifixion, Resurrection and Ascension through the eyes of nine female characters she imagines accompanying Jesus during these momentous days. Accompanied by nine colour illustrations, each story brings to life the tension, drama and shock of the events of Holy Week, banishing any over-familiarity and helping readers enter into the Passion narrative in a deeper, more meaningful way. Originally given as a series of addresses at Southward Cathedral during Holy Week 2021, these nine stories are for all who long to encounter Jesus afresh through the Easter Story.

Midnight in the Garden of Good and Evil John Berendt,1994-01-13 NATIONAL BESTSELLER • A modern classic of true crime, set in a most beguiling Southern city—now in a 30th anniversary edition with a new afterword by the author “Elegant and wicked . . . might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime.”—The New York Times Book Review Shots rang out in Savannah’s grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. In this sharply observed, suspenseful, and witty narrative, John Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married

Woman's Card Club; the turbulent young gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young people dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Brilliantly conceived and masterfully written, *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience.

The American Builder's Companion Asher Benjamin,2012-12-13 The most widely used early 19th century architectural style and source book, this work ranges from the Colonial up into Greek Revival periods. Benjamin covers the extensive development of carpentry and construction techniques. Over 375 figures.

The Deliberate Church Mark Dever,Paul Alexander,2005-09-09 Dever and Alexander propose a model of complete reliance and submission to the gospel when building a healthy church. Great resource for pastors, elders, and others interested in the vitality of their church.

I Love Jesus, But I Want to Die Sarah J. Robinson,2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Church Is a Team Sport Jim Putman,2008-01-01 To win the game, you need the whole team Pastor Jim Putman, a former wrestler and coach, helped his staff build Real Life Ministries into an army of thousands. But there was a problem. Early on too many sat on the sidelines. Not enough wanted a piece of the action. His voice was faltering from so many sermons and he teetered on the edge of burnout thanks to the mixed blessing of an enormous but needy flock. So he hit his knees. Hard. God's solution surprised him. Putman and his entire leadership team stood before the congregation and gave up. They were done carrying the whole load. There were too many spiritual babies and they needed mature believers to step up. They knew there must be some raw talent hidden in the pews. God led them to use a Bible-based strategy for ministry revitalization that can help bring your church to the next level. Whether you're a burned-out leader or someone ready to tackle an active role in your congregation, *Church Is a Team Sport* will lead you to both personal growth and renewed spiritual strength. If you're ready to get the whole team in the game, this is the playbook that will show you how to make it happen.

Planting Missional Churches Ed Stetzer,2006-05-01 Planting Missional Churches is an instruction book for planting biblically faithful and culturally relevant churches. It addresses the "how-to" and "why" issues of church planting by providing practical guidance through all the phases of a church plant while taking a missional look at existing and emerging cultures.

What Church Can Be Matthew Kruse,2020-04 Are you committed to building a strong local church in a post-Christian context, but unsure what's possible, or how to go about it? *What Church Can Be* was written for you. Pastor and church planter Matthew Kruse's deeply loved hometown of Boston is a decidedly secular city where the gospel is primarily met with disinterest or disdain. The average Bostonian - wounded by one of the worst scandals in American church history and convinced that they have no need for religion - is out on church. And yet, by God's grace, Kruse has not only helped birth a beautiful and viable church that is thriving among the locals there, but he's also helped build a family of contextualized churches who are loving and leading New Englanders to the grace of the gospel. In *What Church Can Be*, Kruse fuses theological exposition with personal memoir and a bevy of helpful blueprints into an optimistic and executable vision for leaders who are seeking to build healthy church cultures that foster gospel advance. Matthew Kruse is the founding pastor of Seven Mile Road, a gospel-centered church just north of Boston. He and his wife Grace have four sons and daughters whom you'd love. Along with a handful of locals, Kruse planted the original Seven Mile Road in 2001 and has seen it become a family of churches stretching from Maine to the Cape. His work has been featured by The Gospel Coalition, Acts 29, Advance Initiative, and SEND Network. He doesn't drink coffee, own skinny jeans, or know how Pilates work, but he does love the gospel, the church, and a pickup game here and there.

Magnificence in the Seventeenth Century Gijs Versteegen,Stijn Bussels,Walter Melion,2020-11-23 This volume explores the concept of magnificence as a social construction in seventeenth-century Europe.

Church Elders Jeramie Rinne,2014-04-30 Effective leadership is important. Nowhere is this more true than in the church. Jeramie Rinne offers readers a concise overview of the Bible's teaching on spiritual leadership, setting forth an easy-to-understand job description for elders that is focused on enabling pastors and church leaders to effectively shepherd their congregations. Giving practical guidance to new elders and helping church members better understand and support their spiritual leaders, this conversational book emphasizes purposeful ministry rather than project management. It will also bolster leaders' confidence by encouraging them to embrace their pastoral calling with grace, wisdom, and a clarity of vision.
